## **Remember Me** Danice Allen

*Secrets from a dark past threaten to destroy the promise of one man's future.*

Out on a daring rescue mission, Amanda Darlington feels duty-bound to care for an unconscious gentleman after he stumbles drunkenly into the path of her carriage. Aware of the dangers in nursing a potential scoundrel back to health, she nevertheless takes a chance on the handsome stranger—especially when he awakens with no memory.

When Jackson Montgomery comes to, he is greeted by a vision of beauty that instantly sparks the fire of passion within him. But as his memory returns, the shattering secrets hidden in his past threaten to destroy any chance he has of winning Amanda's love. Only through feigned amnesia can Jackson capture Amanda's heart, but can he do so before she learns the truth of his brazen charade and his dark past?

## From Reader Review Remember Me for online ebook

### **Lisa C. says**

I found the story slow and tedious. There was a good deal of speech that wasn't period appropriate and a lot of sex. Amanda didn't always do the typical things a woman her age would do, thus providing some humor, but that was the only thing I found really appealing.

### **Theresa L says**

#### **Loved it !!!**

Would recommend this author !!  
Have read a few of her books and enjoyed all of them .  
Looking forward to next book in this series

---

### **Anita B. Adams says**

#### **Wonderful love story**

Lots of twists and turns but a happy ending will keep you reading. Great characterization and description of the time and place too.

---

### **Michele says**

Enjoyable romance. At first i wasn't sure about the dialogue for the era but those thoughts were soon forgotten as I quickly sunk into the story. Lots of excitement and banter between characters. I liked how the second books main characters were placed in this story and I'm looking forward to the second book and Sam's story. Only perplexity for me were the dogs, dogs are generally a reflection of their owners and to me these two dogs didn't fit into the story. Overall an enjoyable read with really nice characters, I'd recommend to any romance addict.

---

### **Ashley Stringham says**

Could have done without the sex- skipped over it.

---

### **Uma says**

So glad they decided to publish the kindle version of this book. I never would have found it any other way! A well written plot made it an amazing read. I simply could not put it down! It was fast paced and

---

entertaining and the characters were loveable.

I found myself smiling whenever the banter between Amanda and Jack would begin. He would torment and tease her uncontrollably to the point where I felt sorry for her (but in a good way). Amanda's wicked and wanton thoughts only made the read more exciting! From family drama to amnesia to betrayal, Allen did not fail to deliver. She even made me like Nan and Prissy a lot! How I wish I had aunts like them :-). Oh, and how can one forget Julian! Even if I didn't know that there was a sequel to this book, while reading, I would have figured it out. There's no way Allen wasn't going to write a whole book on him!

Sam, well, I suppose it'll take time for the little brat to change. Poor thing was left to be raised by a drunk who only cared about herself. Sam's story needs to be told too. No one actually knows how much the poor thing suffered alone on the island. I'm hoping to find the answers in the sequel.

Feigned amnesia or not, this book is totally an unforgettable affair :-)

### **Marice Hill says**

I thought the main female character, Amanda, was a little too forward in places and maybe not in keeping with her staid upbringing. Overall though the story held my interest and I looked forward to reading on and seeing where the story went.

---

### **jeanette gall says**

**exciting,hard to put down.**

keeps you on the edge of your seat. I think Amanda feel in love when first saw Jack. She sure found ways to stay close to him.

---

### **Michelle Douglas says**

Romance and period drama are not really the choices I would make in a book.

I read this as I got it free of charge on my Kindle.

An easy enough read but I found it all rather predictable but if period drama/romance is your thing then I'm sure you would enjoy it

---

### **Nenette says**

Danice Allen is a modern day Jane Austen. She's got the revered renaissance chick-lit author's style with just the right amount of rogue and daring added, making it more enjoyable to read about that very prim and proper period in history.

It couldn't be helped to be noticed though, that the author's modern notions on relationships very much influenced her writing. The behavior of Amanda, the lead female character, may be too forward for the period setting, but then as I mentioned, it added a fresh air of difference to the story.

The story is not quite finished yet, as far as Sam is concerned. She was at the beginning, center, and ending of the tale, but her fate have yet to be determined. There is a sequel to the book, and I've already purchased it even before I started this review.

---

### **Shelley says**

Great historical romance. A real fun read. Had romance, amnesia, mystery, and many twists and turns. I hated to put it down to sleep or do things around the house. I would recommend to anyone who likes a light, fun, enjoyable historical romance set in England. I've read this book a few times now. It is one of my most favorite historical romance retreads. I enjoy it more each and every time I retread it. I highly recommend this book.

---

### **Laura Thomas says**

#### **Diverting**

Even with some modern words/phrases,situations that wouldn't have happened during regency period,this was enjoyable. Really liked the main/secondary characters,would recommend.

---

### **Sue says**

Loved this romance! The characters were lovable, frustrating, sweet, sneaky, despicable, shy, you know - perfect for a romance! A couple of twists, a turn or two and a good cozy read!

---

### **Book Him Danno says**

A well told historical romance that incorporates all of the elements required of a good story telling. You can not fail to like the heroine who is brilliant, kind and funny. The hero fills all of the blocks required of her unexpected love. He is a war veteran, handsome, and a man of honor. So what could possibly go wrong? For the answer you will have to read this engaging love story.

I have rated this book 4 stars.

I obtained this book from Amazon in Kindle format.

Thank you Frank for your review

## Liz melia says

### Goodread

really like this book, the twists and turns...can't beat a rocky love story, Amanda is so suppressed she t hui  
inks at 23 she's an old maid and will never marry, when she receives a letter from her late father's lawyers  
with news that shocks her to the core and makes her question everything about Her parents, she heads away  
on a rescue mission but co.especially across trouble along the way
