Told from first person point of view (Amy Bensen) UNBROKEN is the conclusion (the last and short book) of Amy and Liam's adventure.

"Sometimes having a safe place to give it away is the best way to block everything else out. I'm asking you to let me show you that I'm that safe place."
And Liam is my safe place."

"Sometimes you're the only reason I do breathe, Amy Bensen. But let's make a deal. From now on, let's breathe together."

"I'm here. I'm not going anywhere. I've got you, baby." Emotion tightens my chest. "I've got you, too," I reply, because no matter how alpha, how dominant, there's a broken part of Liam that understands and fits with the broken parts of me."

UNBROKEN will be here tomorrow! Liam Stone is back in all his demanding, alpha glory - are you ready?

READ AN EXCERPT

"Turn around," he orders, and the rough, aroused quality of his voice tells me I affect him, too. I like that even when he's in control, there's a part of him that I set free.

I face him, finding him close, but not close enough. He shrugs out of his jacket and I'm mesmerized by him, his power, his grace. Every move he makes is controlled. Every action calculated. And I realize something I think I've known all along: we are the same. Both damaged. Both shattered in some deep way. Both defending ourselves from future wounds with our self-control.

He tugs his tie off and wraps it around his hand, silently promising me that soon I'll be at his mercy. It's not the first time he's tied me up, and each encounter is different in a good way. Yet tonight feels like the first time—as if we really are starting a new chapter.

During our first encounter, he'd said, "Sometimes having a safe place to give it away is the best way to block everything else out. I'm asking you to let me show you that I'm that safe place."
And Liam is my safe place.

DEFINITELY A MUST READ!!! FIVE PLUS STARS!!!!

Let me start by saying that I received an ARC of this book in exchange for my honest review. With that being said, I only have one negative thing to say and that would be that this is the final book in The Secret Life of Amy Benson series. Other than that, this series and this book is Amazing! And, after I finished Unbroken, I found myself having a severe book hangover/withdrawals.

If you haven't read the other three books in this series, I strongly urge you to do that. And, be sure to read them in order because each book is a continuation of the last book. In Unbroken, Lisa Renee Jones has done such an incredible job wrapping up the beautiful storyline and characters that she has developed. We get to see what happens with Liam Stone and Amy Benson. And, we also get to see more of Chad and Gia's story too! As with all of Lisa's books, this one took me on a roller coaster ride and it had me on emotional overload! Once I started reading, I didn't want to put the book down until I finished the last page. If you like well written stories, suspense/mystery, and romance, then you don't want to miss out on this book or this series. It's FIVE PLUS STARS!!!! I can't wait for LRJ next book, Denial with Ella in it.

Finally the conclusion of *The Secret Life of Amy Bensen* series! I've been looking forward to this forever it seems. This series has been one heck of a hot, sexy, steamy, smartly written erotic suspense and I couldn't wait to read this final installment.

Unbroken picks up right where *Forsaken* ended. Due to the planning and plotting by Amy's brother, Chad, Amy and Liam find themselves in unknown territory—they're safe. Or as safe as Liam, Tellar, and the rest of the team deem them to be.

With their safety now not in the forefront of their minds, Liam and Amy are free to move forward with their lives. A life that includes marriage. While planning for their wedding, Amy gets a surprise visit that suddenly makes Liam and Amy feel that they may not be so safe after all...

Add in a visit by the CIA and a "shadow" agent, and Ms. Jones had me on the edge of my seat once again, wondering if Amy and Liam really were going to have their happily ever after.

The end. Wait, not really the end... but it could have been. Unfortunately, *Unbroken* just didn't capitalize upon the suspense points. The whole series was one question after another as to who was good and who was bad, and who was *both*. The plot here never rose to that level—it just fizzled out in this brief, almost-a-very-long-epilogue, book. After all the excitement and brilliant storytelling in the rest of the series, *Unbroken* felt very rushed and fell flat. I think if there were more elements of suspense and a bit more of the final story drawn out, this would have been an epic conclusion. ~ Missy, 3.5 stars

I loved and hated this book. I have been in love with this series characters since I started reading it. The suspense and secrets have kept me on edge. I have long proclaimed Liam as one of my favorite BBF (book Boyfriend). I hated it because this is the last book about the epic love that is Liam and Amy.

Once again Lisa Renee Jones, pulled me into the world of betrayals, family and true love. I am in awe of Mrs. Jones ability to consume my attention fully and without hesitation on my part.

This time we get to see if happily ever afters are possible after so much bad. Is Amy finally safe from the past she has been running from? This story is beautifully written and I am honored to have read it.

Thank you Lisa Renee Jones for once again raising my expectations and making fall deeper in love with your writing.

A BEAUTIFULLY HEART-FELT & SWOON-WORTHY CONCLUSION TO LIAM & AMY'S STORY!

In this 4th and final book in The Secret Life of Amy Bensen series, Lisa Renee Jones delivers Liam and Amy's highly-anticipated conclusion with both beauty and finesse.

With Chad's secret finally revealed and the "bad guys" behind bars, Amy and Liam can finally move on with their lives. Or can they? There are still two variables left unaccounted for—Jared and Meg. As long as they are still out there, left unchecked, Amy and Liam might never truly be free. But have no doubt... Liam Stone will do everything in his power to ensure that Amy remains safely by his side.

With their lives still in turmoil, Liam is diligent in his efforts to shower Amy with tenderness, sensitivity and love. While still dominant and very much in control, Liam's romantic side makes an appearance on more than one occasion. I swooned in delight at the many "melt-your-heart" moments that were generously scattered throughout the book... moments that helped take the edge off of couple's very precarious situation.

With uncertainty looming over them, Amy refuses to allow fear to control their lives. Drawing her strength from Liam, she pulls herself together and regains control over the situation. With renewed vigor, she chooses to live out in the open—no longer willing to cower and hide. I watched with admiration and delight, as Amy took charge of her life, once and for all.

As with all good love stories, Liam and Amy's story has not been without numerous obstacles blocking their road to happiness. But despite Amy's initial misgivings, Liam's love for Amy has never been in doubt. While reading "Unbroken," I was reminded of why I fell in love with the sexy, controlling, billionaire recluse in the first place. In fact, I think I might have fallen just a little bit more!

As for Liam and Amy's HEA? Well, let's just say that it's a lot like Liam's tattoo. It serves to remind us that when it comes to him and Amy, "some things are eternal."

A steamy happy ending for our Amy and Liam.

Unbroken just shows us how unbroken Liam and Amy are. They have been through so much and finally Liam is getting his wife.

Amy wants to be Mrs. Liam Stone more than anything and it is finally coming to pass. From her beautiful dress to getting a surprise visitor in her dressing room and her home. Can't Liam and Amy just breathe for a minute so they can get their HEA.. Where is the fun in that?

Lisa Renee Jones knows just how to keep the mystery going on and not just the mystery, the heat level and to many hot males to go around. Who to trust? Who will back stab us? Who is falling in love next? I don't know but please keep it coming Lisa.

**PLEASE READ THE FIRST 3 BOOKS IN THE SERIES BEFORE READING THIS REVIEW!!!
#SpoilerAlert!!!!**

Ok - we basically start off where we left our darlings in Forsaken

Chad made sure all the bad guys were in jail, and he had this idea of 'The Circle' - a group of twelve people world-wide, who each own their own piece of information about the cylinder. Should that all work out the way Chad planned it, it would make Amy and everybody connected to him safe.

And it looks like it's working - but there are still some loose ends ... like Jared, their former friend and hacker...

So Liam is working hard to make sure that they can live a happy and secure and free live from now on.

And with all the troubles still out there, there are also some happy moments...
Christmas is just around the corner...and some guy might propose to some girl
All very cute and romantic - in the midst of their still very unsure future.....

What will happen to Amy & Liam?
Is Jared one of the bad or the good-ish guys?
Will there be a HEA?
Will everybody survive???

Ugh :((((so sad. This was the last we'll ever hear from my darling Liam.
I was sooo in love with the first book in this series - Escaping Reality

The bar was a tiny bit too high for the next three books. They just couldn't convince me the way the first book had...but I still loved them. You just have to. You needed to know how their stories would end.

And now that it's over, I can't wait what LRJ will come up with next!!!!

UNBROKEN was such a cute final novella.

It had this whole Christmas-epilogue feeling to it.

I loved it.

"Sometimes you're the only reading I do breathe, Amy Bensen. But let's make a deal. From now on, let's breathe together.">

A bit of suspense, mystery, excitement, romance, sexiness, love, hot-chocolate, fun and lots of adorable and sexy guys. Perfect ending to an amazing series!!!! GO AND BUY THE BOOK!!!!

I was given this book as an ARC for my honest review.

UNBROKEN was UNBELIEVABLE!! Right away reading this book I could feel the emotion coming off the book. Lisa's writing was amazing and it had me hooked right away. I love all of her books but this book was so full of emotion. Amy seemed so real to me. I can feel her pain, love, and freedom. It was truly amazing. Amy and Liam's love went through such obstacles and the love in this book just flowed out and had my heart ache and my heart mend. Such a beautiful love story. Once again Lisa, you never fail my expectations!!♥?

I received an ARC for an honest review. I highly recommend Unbroken which is the fourth book in The Secret Life of Amy Benson series. I must be honest and say I cried so hard during the first paragraph that I put the book down for 24 hours! I also found myself crying again at the ending. The storyline is exciting and truly fantastic. Enjoy!!!

Up All Night Book Addict says

I went into this book hoping that I would get more fast-paced, action-packed sequence of events like the other books in the series. I did feel that the third book could have been the ending to this story. I know believe that it should have been. If you are looking for more twists and turns in this one, sadly you will be left feeling disappointed.

This story is more of just an add-on to the rest of the series. You will get a couple small pieces of information that you didn't have, but these pieces aren't really all that significant in the grand scheme of things.

In this book you are going to get the build up to the possible happily ever after with Liam and Amy. There are a few bumps in the road, but nothing heart-stopping or page-turning like in the other books. If I am being totally honest with you, this book felt more like a forced fluff piece. Definitely not a typical Lisa Renee Jones book. I was left feeling a little let down by the end.

The book itself isn't a bad book. But as far as the series goes, it really isn't necessary. I did find myself not liking Amy by the end of this one. Her character took a nose dive in this one. This, alone, broke my heart. She was such a strong character in the other three books.

I don't want to go on and on about this one. Many are saying that this book is the perfecting ending. Some may agree, some may not. This book is full of the love that Amy and Liam are able to share. It's almost like a long epilogue. It's definitely worth reading. Just don't expect all of the mysterious happenings that you had in the other books of this series.

Drue DePompei-Hoffman says

Compared to the rest of the books in this series, Unbroken was a short read, but it was also a great read. FINALLY Liam and Amy get to have their HEA and get married.

The author did a fantastic job of tying up all loose ends in the series and even creating some more suspense.

It may seem odd to some, but I particularly liked the way the author went through the marriage license process in the story- I don't think I've ever read a book that included that, everyone normally just gets married without this ever being mentioned, but it is a step that every couple takes.

If you have not read the below I would recommend reading those books(s) first
Escaping Reality (The Secret Life of Amy Bensen, #1)
Infinite Possibilities (The Secret Life of Amy Bensen, #2)
Forsaken (The Secret Life of Amy Bensen #3)

This story is packed full of suspense. It picks up right after the last book "Forsaken" left off. Amy is with Liam and he is stating they can come out of hiding. Where is Chad and is he alive? When the danger comes back who is involved in that danger. Are they friends out to betray them? Are they working together? How will Amy and Liam tell? Will Amy finally be able to put the past behind her and move on to a happy future with Liam? Or will they have to go back into hiding forever?

I felt I was able to connect with the characters and the story was a great read.

I recommend this book.

Unbroken the fourth and final novel to The Secret Life of Amy Bensen Series. Commencing with Unbroken all the mysteries are uncovered and solved. Amy and Liam have their own personal insecurities to overcome but together they shall accomplish anything. I'm going to miss the characters (Most of all Liam). Every author has their uniqueness in writing. Jones brings the characters to life. Author captures each characters personality which at times will leave the reader questioning their true intentions. Unexpected surprises will arise.

It is complete with desire, well-defined characters and a compelling storyline. A well executed conclusion to the series.

Without reservation, I wholeheartedly recommend this brilliant sensual romantic-suspenseful contemporary novel.

"MARRIAGE: Two people sworn into an eternal bond to love and protect each other, signified by the UNBROKEN circle of a ring. HUSBAND: Possessor of many male virtues used to seduce, please, and protect his wife and ensure that the bond he shares with her is unbreakable. WIFE: Possessor of feminine virtues far more powerful than the husband often realizes but should."

Spectacular ending to a really great series!!!

I received an ARC from the author for an honest review. I have read all of the Amy Benson books previously and can honestly say that as a heroine I really, really like Amy. She is tough, sexy, smart, but also fiercely loyal, loves her family and like all of us vulnerable. Her love affair with Liam Stone is truly nothing short of spectacular due to the intrigue and suspense that is involved with all the books. It continues here in this last book and threatens to hurt Amy and Liam once again. Amy and Liam's relationship has evolved so much that you can't help but love to love them!!! Of course Liam is the ultimate swoon worthy hot overprotective alpha male but he does it in such a way that it comes across as loving! Amy has a lot to contend with as this book continues where Forsaken stops and she is on an emotional roller coaster due to her brother Chad. Find out all the rest of the secrets that have remained hidden and see if Amy and Liam can have their well deserved HEA :)
