Maggie Reloaded (Maggie MacKay Magical Tracker - Book 7)

Wow I'm still shaking!! I know you shouldn't start at the end but this is my review!! What an intense ending!! This story was all about Maggie and Killian trying to find the solution to the dying Elf Queen. Not only was the Queen dying, but her subjects (including Killian) were dying, as well as, her forest kingdom. Maggie, Killian and friends have just so much time to find what objects are needed to bring the Elf Queen, her people and the Mother Tree back from a slow death. All sorts of mayhem tries to stop them at every turn. Maggie's Dad gets involved and unfortunately shouldn't have. Graham shows up to help, but gets burned doing so. Thank goodness for Father Killarney and Xiaoming for their willingness to be of service!! Jam backed with excitement, troubles, humor, nasty and strange creatures, new characters, the Dark Dimension and even an evil uncle!! Another amazing and fantastic addition to the series!! On to book 8!! ?♥?

Linda says

fun reading, lacks depth but the characters are fun. I will keep reading these books as they make me laugh

Christel Devlin says

Hilarious and one of the best in the series so far.

Elsie Bertram says

Great action romp

Another fast paced, funny and witty story with all the usual brilliant characters plus Lucifer! A dark dimension horse. Loved this but it ended on a cliff hangar arrrggghhh

Stephanie says

Ah, you can't leave it at that!

Jenette says

Great book! Terrible ending. Like what the hell?!

Ted Camer says

Great book

Another great Maggie MacKay story..... which I can't wait to continue reading. I almost wish that I was behind in the series so that there would be no delay.

Colleen says

The one and only thing I disliked about this book was that by finishing it I now have to wait for the next one to come out. I devoured the series and highly recommend reading it in order. I was lucky that when I finished the previous book I only had to wait a couple days for this one to come out. I am eager to see where the story goes moving forward. I really enjoy not being beaten over the head by the tension between Maggie and Killian as their friendship and partnership grow and change with all the other things going on around them.

Pernille Olsen says

This is the most crazy and fun fantasy series ever, and I hope Kate Danley will write lots more stories about Maggie and Killian and the M-team. I love the way the characters are written, the way the plot evolves, there is nothing strained about it, and there are always surprises. So Please Kate: keep writing these stories :-)

Debbie says

For some reason this one was just too tedious. I skipped through it and moved on to the next book.

Sara says

Maggie is tough!

I am flying through this series, and loving every minute of it! Maggie is the best. The humor in these books

is so good. I can't wait to see how Maggie gets her partner of of trouble in the next book!

Siobhan Henn says

The M Team kicking a\$\$! Loving it!

Tallulah says

Hilarious

The Maggie series of books is hilarious. Really enjoyed it. Looking forward to the next instalment already. Hope it'll be out soon.

Relina Skye says

"Maggie Reloaded" by Kate Danley is the seventh book in the "Maggie MacKay Magical Tracker" series. Maggie never wanted to be the girl that has to save the world, time and time again. But due to her role as a world walker, she finds herself in tough situations that require her to use her set of skills to come out on top. That's not to say that everything turns out for the best. For example, in this latest novel, Maggie has to save the elven race from dying. That's easier said than done. The Elven Queen is stuck in an interdimensional bubble that's preventing her from maintaining the life force of her people. But that's not going to stop Maggie from trying to save them. With the help of Killian, and the rest of the gang, Maggie is willing to ride a hellhorse through the dark dimension to get what they need to save the queen. Overall, this was another fun read and a great addition to an awesome series!
