For centuries he's denied its darkest urgings, his duty to the realm as a shadow assassin the only call to which he responds. Until her. Shilah Symonrah, an Imperial telepath on a mission to liberate her own kingdom from a tyrant, arouses every protective and lustful instinct within him.

But in a desperate bid to escape their mutual enemy, the Empire of Mevia, Shilah accidentally releases the demon inside Lachlan—awakening a deadly threat that could consume them both. For a terrifying prophecy foretold Shilah reigning as queen of darkness, a vision she did not understand until now. And if she succumbs to the searing passion between them, she will unleash forces that could destroy their very world...

OMG! just OMG! so i finished it this morning around 2am but i could only do a review right now because of all the homework i had accumulated since Sunday, when i start reading this book and i'll tell you, i didn't slept much those 2 nights (0hrs from night Sunday to Monday and only 6hrs from night Monday to today) and i feel it xD but i don't care!!! even if the homework that i now need to do and the one i had to oblige myself to do before coming on the website today well.... it was/is worth it....

So the book ! Good. Very good. Super good. ENORMOUS! I loved it!!!! The plot, the romance, the sex scenes, the angst, the dark emotions and the "light" one, and the secondary (even the not previously secondary xD) characters just good! Totally amazing and it was powerful, dark, steamy, just good! I just found it a bit weird sometime that Shilah always call him by his entire name (Lachlan Ranvenswood) even in intimate moment but as it's really into the story and her personality i just kind of dismiss the thought (it is probably my inward foreigner culture that find it weird haha)

I have to say that when i read the author's note at the end of the book, i was even more happy (didn't know it was possible haha) because, oh gods, I FELT IT!, i knew my intuition is good but i still sometime doubt myself haha, but when i read what Gabin says about the weakness of his enemy (trying not to spoil xD) i was like mmmh mate? Is she going to be the one? And usually when i got those thoughts about random new characters in a book, it's at 90% sure that i'm going to see them again in an important role xD
Kyaaaaaaaaaaaaaaaa so exited !!!

I'm so excited about the next book story also ! I like the title **Eternal Promise** better (the sound of it) if you want my opinion ^O^

Thank you so much for the book Stacy!! And don't mind the "fans" that were mean messages you or the community or just put 1 stars review without even reading the book because they think author are machines and don't have a life and the problems that often come with it . I don't think they should be called fans.

Thank you so much for writing for us Readers, Stacy Reid! Just thank you!

Eternal Damnation is a tour de force – a really powerful paranormal romance from Stacy Reid. Her hero Lachlan is really not prepared for the possibility of acquiring a mate, especially not one who is racially different. Dangerous times, bloody battles and savage sex as they come to terms with their unusual relationship. Have loved the Amagarian series and look forward to the next.

Finally!

These are my favorite books. I think I have waited like 5 years for this book. It was good everything that I

wanted.

Sissy's Romance Book Review says

Eternal Damnation is book Three in The Amagarians Series. This is the story of Shilah Symonrah and Lachlan Ravenswood. This book can be a standalone book but I will say the other books were just as good...so you might not want to miss out of them.

Shilah and Lachlan were possibly my favorite pairing in this series. Shilah of course was a strong women character that stood up for what she believed in. Lachlan was fighting a demon inside him. Both had fights of their own but they still came together through their love.

This has been such a great series! I am such a big fan of Ms. Reid and this just set firmly in my mind that she is a great writer. Hope to read more books by her soon!

Stacy Reid says

Dear Readers,

Thank you for your amazing patience. I think of all the emails and messages you've sent me and I am awed. I'm pleased to say Eternal Damnation is now available! I do hope you enjoy Shilah and Lachlan's journey to Happy Ever After as much as I love writing it.

Love,
Stacy

Hey guys, I wanted to apologize for pushing back the release of ETERNAL DAMNATION which had been slotted to release July 5th. I spent the last few weeks trying to recover from a terrible bout of pneumonia that landed me in the hospital for several days.

While Lachlan and Shilah's book is completed, I was too ill to finish the edits that will make it shine even more. I wanted to put out the best possible book, so I had to cancel the pre-order and push the release date to the latter part of July/August

I am feeling much better now. Thank you to everyone who messaged and sent all the well wishes and encouragement. Special shout out to Naima Simone, Tamara Gill, and Nicki Davidson....you guys are so awesome. Thanks for all the love and support. <3 <3

Eternal Damnation will be live soon! I will update with specifics soon.
Love,
Stacy

Stacy reached out to let me know this book is out and I already devoured 4 chapters. This book is amazing. Grips you from page one. Well worth the wait. Give it a try and fall in love with the series again

Modesty_b says

I once had an exam which was postponed time and again... I was excited at first, glad I got some more time till the third postponement after which it was hard to maintain the same objectivity and it became some obligation I had to fulfill... annoyance was my chief emotion... sigh

When you postpone the release once or twice... I can still maintain enthusiasm and look forward to it... after which I stop caring.. Now I don't even care when or if it is released :(

Still the best!

So the Amagarians are still one of my top fav all time fantasy series. We saw a little bit more of this intriguing world with the Serangites having a more prominent role in this story. Still has kick ass heroines, the Darkans, which I love, action, betrayal, profound love, and intense sex. The underlying plot of several players in a bid for power is still on point, and I can't wait to see how it all unfolds. Eagerly awaiting the next story and so happy to hear much more to come.

Highly recommend!

There are some steamy sex scenes (3/5).
Told in 3rd pov

What can I say? I saw an update that this book was live and I made the error and started reading at about midnight. I could not stop reading, it was that flipping great. This series gets better and better. This author has a way of writing dark, powerful, appealing heroes and Lachlan Ravenswood is a delightful force.

"His hair crackled around him as if alive, and he raised his head and inhaled. Then he smiled. The man before her was the darkest creature she'd ever seen— merciless, ruthless, and implacable. It struck her that

he was also beautiful and wild, but so damn terrifying her heart nearly ripped from her chest." -(The Amagarians Book 3) (Kindle Locations 1075-1077). Stacy Reid. Kindle Edition.

"All the enemy needs to break me is to hurt you." -(The Amagarians Book 3) (Kindle Locations 1532-1533). Stacy Reid. Kindle Edition.

"By the laws of the Darkage, you are forever mine, by the primal call of the beast I am eternally enslaved, and if I should will it, so are you." -(The Amagarians Book 3) (Kindle Locations 2354-2355). Stacy Reid. Kindle Edition.

"I must see to your happiness always. I will destroy worlds for you, and lay kingdoms at your feet," he said with merciless sincerity. "I need not understand the things you ask. Just know I will grant them." - (The Amagarians Book 3) (Kindle Locations 1823-1825). Stacy Reid. Kindle Edition.

Those are just like a pittance of my fave moments! The books was full of action and some really hot moments with L and his mate. Man, overall I love this book and series and I am already desperate for the next one.

Worth the wait ?

Aww this series blows my mind every time it's amazing ?. it has everything you can ever want in a PNR. This book introduces us to princess shilah and her fight to regain her kingdom as well as coming to terms with being the mate to a really scary draken, lachlan.

I'm scared to write much lol more because I don't want to ruin a single thing for anyone ?.

The storyline was gripping and had a lot of powerful scenes i loved every single second of this book I just couldn't stop my self from devouring it as fast as I possibly could ?.

Shilah and Lachlan story is beautifully told and though out. Oooh and how could I forget kala the sister of shilah she is such a lovely and sweet character I hope she gets her own story.

although I read it with kindle unlimited i will definitely be buying it to re read actually with that being said I might go re read the whole series now ?.

This book is just as good if not better than all the books that have come before In this series so if you enjoyed book one and two you will love book 3.

Or . . .

If you are reading this and have no idea about book one and two ? then omg you have no idea what you missing especially if your an avid PNR reader. Read them asap ? coz they are mind blowingly good.

Right I'm off I hope my ramblings helped although I never spoke much about the story itself lol ?. you'll just need to find out for yourself ? mwhaha ? what all the hubbub is about.

Oh and at the end we get an authors note about future books to come I loved that little bit of thoughtfulness

from the author ? while we wait for book 4.

READ THIS BOOK!!!!!!!!!! ?

4/5 stars!!!!

Oh my have I ever been so glad to be wrong!

Thank you Ms. Reid for delivering and I apologize for being a bitch, I was so wrong. I'm so so glad that you're feeling better now. I hope and pray that your health would continue to improve.

Right of the bat the story mesmerized me and I couldn't stop reading. You just have a way of telling a story that I really dig. So thank you so much!

Wonderful addition to this darkly sensual and addictive series.

I saw a twitter thread where several authors and reviewers were calling out reviewers on Goodread for 1 starring an author because the book was no released as yet. Here is the beginning of the thread'

"If you give an author a one-star because they were seriously ill and had to delay a release...that makes you a really shitty person.

Life happens to everyone. Deaths, divorces, illnesses, kids, dayjob etc etc. Sometimes the book release comes second. AS IT SHOULD."

The author was not named but then it came up again in a private group on FB that the author was Stacy Reid. This shocked me because this author is known to me and she has been ill, and hospitalized for several weeks. While she is in recovery I know she is not 100% as yet, but there are reviewers on here saying they are "fans" but upset the book is not out as yet. I will only say this once. Life happens and I am disappointed by "fans" reaction. I read the author's review where she said she will update on specifics of release. I have not seen an update. I even tried to check on Facebook and I saw nothing. My take away? There are no updates as yet, and I am glad she is focusing on her health so she can keep writing the books we love.

And that is my reason for the 5 star today. I have not read it as yet, and I will adjust my rating to reflect the story when I do.
