Deliverance Roy A. Teel Jr.

“Buried alive – the damn victims have all been buried alive.”

In the San Fernando Valley, a serial killer is going to great lengths to torture and brutalize victims, burying them alive in caskets equipped with oxygen, lights, video, and audio, so he can torment them even further. The killer’s taunting notes for the Iron Eagle lead Special Agents John Swenson and Chris Mantel on an investigation that tests them in new and very physical ways. Together with Sheriff Jim O’Brian, they race to find a killer whose nightmarish tactics are far greater than what each crime scene conveys.

INSIDE FLAP:

Gabby Fisher, a lab technician at Alton Laboratories in Panorama City, is working in research and development when she vanishes without a trace. Sheriff Jim O’Brian and Sheriff-elect Samantha Pritchard are called to the unincorporated area of Los Angeles to investigate a bloody crime scene at Gabby’s home – a crime scene without a body. The case quickly involves the FBI, and Sam and Jim are joined by John Swenson and Chris Mantel in a race against time to find Fisher ... and to stop a killer. All leads point to another Alton employee who is being treated by Doctor Karen Faber, who the Eagle saved years earlier from a brutal killer, and who may now be in danger of becoming a victim yet again.

Content Warning: While the Iron Eagle Series can be read out of order as a stand-alone book the reader should be advised that backgrounds and details of the characters may be confusing if readers choose to do so. The Iron Eagle Crime novel series contains mature subject matter, graphic violence, sexual content, language, torture and other scenes that may be disturbing to sensitive readers. This series is not intended for anyone under the age of eighteen, reader discretion is advised.

Breia says

Every time I pick up a new addition to this series, I am so thankful I found these gems!

The Iron Eagle is awesome, his friends, family and "co-workers" are just as great. These characters have definitely built over time and reading from book 1, "Rise of the Iron Eagle".

Embrace your vigilante side and enjoy the ride!

Rosemarie Evans says

Iron Eagle #1 on the chart.

Outstanding Mr. Teel, another wonderful Iron Eagle. But, I have to say you did have me scared for a short. I couldn't stop reading and the way you put each character in place let's you keep guessing who was the killer.

JoAnne Pegg says

It's A Death Sentence

Another great read and another 5 stars for this series. Book #11, as the 10 before it kept my attention and was hard to put down. All of the people who have liked the previous books of this series won't be disappointed. It contained mystery, suspense and scenes of horrible torture.
