Sprung: The Coldest Love from an ATL Thug Myia White

Life for Na'Asia Brooks changed when her mother married the first man who came along after her family suffered a devastating loss. Na'Asia was slowly recovering and preparing to start the next chapter in her life until the trouble at home reached a fever pitch and sent her on a downward spiral. The consequences of trusting the wrong person left her distant and cold until a family friend, Holiday, comes and thaws out a piece of her heart that she isn't willing to give him.

When life beckoned him back home to Atlanta, Shai Holiday took the chance. He had one agenda, which was to get money for his family, and he was determined to accomplish it. Hood fame brought women to his bedside, but he didn't believe in relationships until one too many run ins with Na'Asia gives him just a glimmer of hope and maybe restored his faith.

They both want something from each other, but the stubbornness that they possess only allows the comfort of the mattress to be their only ally. You can only bed for so long until feelings form, and there's nowhere to run when the heart beats for another being. Na'Asia and Holiday learn to connect through the coldest love.

If You're Not Reading This, What Are You Doing?

This Book Was The Most Perfect Love Story I've Ever Seen Before. The Characters Were Nothing But Amazing. And That Princess Oh Lord, How I Love Her Heart. She's Genuine & Anyone Would Be Lucky To Have Her. But I'm Definitely Excited About Part 2. Keep These Bangers Coming ♥?

Regina Farris says

Definitely a good read... I felt really bad for Asia... how could her mother do her like that... Like really this is your child... Then we have Asia's sister British... She is young so she has no choice but to stay and put up with the drama in the house... There is ok telling what Reggie is doing to her... Because we know that he is beating on the mother...

Asia end up going to her boyfriend Noah's house after she is put out of her mothers house only to get caught up in some mess because of him... Lucky for her she had her best friend Princess in her corner... Without Princess there is not telling where Asia would be right now... Then when she has a run in with her ex Noah she also comes across a man named Holiday... This meeting really changes the lives of both of them... Little did these 2 know that they would become what each one needs only for Holiday to figure out a major issue from their past that could really shake up what they just started building...

Now to wait for part 2 to see how Asia is going to act once she finds out... Not only that but what is going to happen to Reggie now that he really crossed the line... How will Asia's mother deal with all of this... What will happen with British... What is Princess holding back from her boyfriend Carlos and will it be something that could break up what they have...

Asia trusted the wrong man and that landed her in jail at the age of 18. Her mother was heartbroken when Asia's father passed away and ran into the arms of a cruel man. Noah didn't love Asia but she definitely found someone who does Holiday has fallen and can't get up until he realizes he knows the one who caused Asia family so much pain. Hurry up part 2#839

Girl you did it again can't wait for part two. Some men ain't shit if he love her like he suppose to he would have never asked her to hold drugs or anything illegal for him period. No way in hell I would be dealing with his dumb ass. Young or not Reggie ass ain't shit and her mama need her ass kicked to I can't stand a weak as woman

Myia White is Like Wine.....

Just when I thought it couldn't get any better she ends it with this explosive cluffhanger. Every book I read by Myia White just does something to me. She gets better each and every time. Her characters are well developed and you either love them or hate them. I know I love me some Holiday. I'll be waiting for part 2.

Good Read

Really good read from beginning to end and I couldn't put it down. It moved at a fast yet steady pace. Asia, was doing way too much...trusting the wrong man then, finding the right one and doing things unnecessary.

One minute she's loving Shai then the next fighting with him. They both have some issues and need to work them out. Noah, still on some bull and Eva trying to play both sides. It's something about Reggie abusive behind. It's some secrets on the horizon and I can't wait to see what happens next. Good job Myia White. #839

Love it

From reading the first chapter I didn't think I would like this book, but after the 1st chapter I started to get into the book. Asia pissed me off when she started talking to Noah, that ending got me worried, I like shai & Asia together but that secret might bring problems between them. Ready for part 2

Adrienne says

Amazing

Sprung: The Coldest Love from an ATL Thug by Myia White is a good read. Myia White does a good job. She brings the vibe and energy for this book.

Asia is a intelligent person but she's dealing with the wrong men in her life. I blame on her mom because she's the reason why Asia is acting like this. Her mom is terrible. Reggie is a bum and terrible man. I mad at her mom because her mom allows Reggie is manipulating and treating her. Noah is a bad new to Asia because he doesn't know how to protect Asia's heart. Eva is a something else. Holiday is definitely protect Asia's heart and be there for her.

I'll definitely continue to support and read more from this author . This book deserves five stars plus ??????????????

Good read:
