Party Time

Rachel Renée Russell

Party Time Rachel Renée Russell

Take two parties, add a couple of friends and one crush sprinkle with one mean girl, mix well, put fingers over eyes and cringe!

Nikki is finally adjusting to life at her new school: she has made some real friends and her major crush, Brandon, has even asked her to be his science partner. Hello! Seriously awesome development! But when Nikki overhears mean girl Mackenzie bragging about going to the Halloween dance with Brandon, she's gutted and decides to go to her little sister's party instead. Then she discovers Mackenzie was lying. Could Nikki's dream of going to the party with Brandon still come true?

Ma. Elizabeth says

awesome and hilarious!

Nicole Chan says

This book is great! It's like a book about friends, love and happiness.

Tiffany Neal says

Just as fabulous as the first one. Quick, enjoyable read, that I completely related to.

Middle school was so awful! The memories...

Lisa says

Read this before my 7 year old advance reader gets to it.

AoF says

4 stars | Blog

“Shake your groove thing, shake your groove thing, yeah, yeah,” and then you just repeat those words 1,962 times until the song is over.”

Just like the first book, *Dork Diaries: Tales from a Not-So-Popular Party Girl* was comedic, adorable and quite relatable! I was relieved to find that this book explored different aspects of Nikki's life that we hadn't seen before rather than bringing us through situations that would make it a slightly tweaked version of the first book. I adored how everything in the book led up to the dance with Nikki being put in some pretty awkward yet hilarious situations.

If you liked the first book, I recommend continuing with the *Dork Diaries* series because it does not disappoint!

Na'kaila B says

Nicki the sweet, nice, hard working, plus artistic seventh grader that no ones pay's attention to ,trying stay out of drama finds her self lost in middle school.But it's hard with her her two crazy friends Zoey and Chloe and the most popular girl in school that Nicki hate's and she hate's Nicki back , Makinze ! Rich for some rising was out to make Nicki's life miserable one way or another.However Nicki forgets about everything accept for her crush Brandon witch Nicki goes crazy over every time she's around him or speck's to him.But will Nicki find her self into drama or middle school.

The lesson that I learned from this book is that it OK to be yourself and don't let people bring you down or get to you .Because if you do then you'll give the person who's making you feel bad and get to you. Cause then you give that person the satisfaction plus your want that power and you don't.

I recommend this book to any girl who like the catty , drama, and who like a girl character and who likes the whole romance thing and if you just feel like having a good laugh about girl problems.

Isabella says

My Rating: 3/5 stars

(Before we begin this review, I would just like to clarify that I will not be reading the whole series; I will only be rereading the books I own just to get back onto track with my reading goal for this year.)

Okay, I'll admit. I liked this slightly better than the first one. Nikki was a little less annoying (although she's not quite tolerable just yet) than the first book, and I definitely had a better understanding of her character. I also really liked the plot a lot more. It was also really cute, and definitely a lot more... Solid. In the first book the plot was flying all over the place, as opposed to this book where all the events in Nikki's diary entry built up to the dance.

I still don't like the over-exaggerations in some parts, though. Nikki literally is so ungrateful in some parts and Mackenzie is too mean to be real. I really wish that Russell would stop painting her characters as such bitches so that her target audience would not get the wrong idea, that the only popular girls are the mean ones and that you should always whine and complain if things don't go your way.

Overall, this book was slightly better; although, I still didn't like it *that* much. I hope that the next book will become even better.

What's next on my reading list? THE TRUTH ABOUT FOREVER by Sarah Dessen.

Ellen says

The second of the Dork Diaries books, Rachel Renee Russell hit a whole in one again with her equally, funny, purple-covered female version of Diary of a Wimpy Kid. Nikki's tween voice rings true yet again with her worries about being popular, the craziness of her family and friends, and the troubles she has with mean girl Mackenzie (I just HATE when she sashays!) and her oh-so-adorable crush Brandon. 4/5 because,

like Dork Diaries #1, this book is truthful, happy and easy to understand, while also being funny and a correct portrayal of a 13ish year old's life. Now all they have to do is make a movie of the series, right? That's what they did with Diary of a Wimpy Kid! Why not, hey?

Nickcole says

Rating: 5

This book picks up where the first one left off, which I think is great because I feel that we get to know Nikki Maxell better with each book and they don't feel rushed. I feel that I could be reading a 14 year old's diary. So this book is about overcoming a BIG obstacle after Mackenzie decides to ruin the Halloween Dance. Nikki and her new friends come together to make the Halloween party happen, but Nikki also double books herself helping out another party. What's a girl to do with two parties to attend, a mean girl that will stop at nothing to make her life hell, a cute crush that asks her to the dance and two crazy friends that she is still getting to know? Well you'll have to find out like I did by reading the book.

I HIGHLY RECOMMEND TO YOUNG READERS AND ALL YOUNG AT HEART READERS ALIKE!

Mallory says

Nikki Maxwell's troubles are far from over! Mackenzie has invited her to her birthday party again! But this time she actually goes just so she can talk to Brandon and hopefully get him to invite her to the Halloween party! But before she can even talk to him Mackenzie bullies her into leaving the party :(The next big party coming up is the Halloween party, and Nikki, Zoey, and Chloe have agreed to be on the planning committee – which really only means that if the party fails they'll be the one's the whole school blames! One Halloween party quickly turns into three – how is Nikki supposed to be in three places at once?

I know I said the first book was pretty terrible, but I already had the second one checked out from the library, as well as a beautiful sunny day so I decided to go ahead and read it on the back deck. I didn't find it to be as annoying to read as the first, but the writing was still very ditzzy!

I loved how this book was written in 2010 and is supposed to be from the perspective of a 14 year old girl obsessed with fashion and getting the latest iPhone, and yet she also dreamed of having a DVD/VCR in her locker! I don't know anyone under 20 who even knows what a VHS is.

Stephanie Jay says

This book was a pretty good! It was a little overdramatic in some parts though. I think the title fits the book well! It says "Tales from a Not-So-Popular Party Girl," and it is about a girl named Nikki, who is unpopular, setting up a Halloween party for her school. She must make a dance for the students in her school. I think this book title suits the book well also, because "Dork Diaries" is a good name for a unpopular girl writing a diary.

If I had to be one of the characters in this book it would be Brianna, Nikki's little sister. Her sister and her make squirt guns to kill the tooth fairy, because Brianna is afraid of the tooth fairy. It sounds like Brianna is a funny little squirt too! She annoys her sister sometimes, but it's funny. She is a fun character in this book.

This book made me laugh, laugh in pity of some of the characters, and frown. I laughed at some parts of this book, like when Brianna wanted to kill the tooth fairy. I laughed in pity at some parts when she said "Mackenzie", the mean girl, "is such a jerk! I HATE HER!" That was a little too overdramatic! I also frowned when some parts of this book didn't make sense. Overall this was a pretty good book!

Keesha 11-12 says

Dork Diaries is an amazing series. I like this book because, your life might be like Nikki's when you're a teenager. For example, Nikki tries to be at 2 parties at the same time. That might be something you might do. Sometimes it's okay to just please one person instead of everybody at the same time. Another reason I like this book is because it's really funny. There's more funny parts in one chapter than in any of the other books I've read. The last reason I like this book is because it teaches life lessons. I love this book and you will too.

Siddharth Chakravarthy says

Want to Kill that Mackenzie! Hate her :P

Lauren H says

Summary.... Dork Diaries: Tales from a not-so Popular Party Girl is about a girl named Nikki. It is basically a girl's diary. It talks about her crush, her enemy, her sister, and about what's going on in her life. Her life is very crazy and interesting.

She has to deal with being three different things in one night. She has to be at a birthday party, a Halloween party dressed as trash bags with her friends, and the same Halloween party, but dressed as a princess with her date Brandon. Brandon is her crush and he asked her to the dance. She has to run back and forth getting changed.

Main Characters.... Nikki and Mackenzie are the main characters. Mackenzie is Nikki's enemy. Mackenzie is always trying to get Nikki, she made her wear a dirty rat costume. Nikki does not like Mackenzie because she is always mean to her.

Setting.... The setting of this book is in a lot of places. One place is Nikki's school. A few other places are Nikki's house and the zoo. The zoo is where she had to go to the dance at dressed in a rat costume.

Conflict.... One conflict is that she needs to be two places at once. Dressed in three different costumes. She has to go back and forth. She was supposed to hang out with her friends and her date at the dance [which is one of the places she needed to be].

Resolution.... She fixes her problem by running where she needs to go. She has to run from building to building. Nikki gets dressed in the bathrooms. She has to make up excuses, like "I have to use the bathroom. I will be back." Or "I'm going to go get more food".

Opinion.... My opinion on this book is that it is an entertaining book. It is an easy read. If you want a quick book read this book. If you have read the other Dork Diaries books you should read this one.

Recommendation.... I recommend this book because it is fun to read. If you like funny books you should read this one. I know that you will like this book. In Dork Diaries you get to read someone else's life and go through it with them.

[Shai] The Bibliophage says

Nikki's character teaches young teens to handle bullying in a more mature and civilized way. There are times that Nikki thinks that she just let Mackenzie do whatever she wants with her. But in the eyes of an adult, we could see that she's acting appropriately on handling this kind of bullying rather than taking revenge.
