Weer een superleuk Thea Sisters boek, dit keer met een nieuw karakter, wat romantiek, vervelende familieleden (een reden waarom ik het maar 4 sterren heb gerate). Leuke avonturen in Schotland. Er waren wat kleine foutjes in de tekeningen. (Zoals dat er maar 2 motors waren op 1 van de pagina's, of het feit dat Coco's tas nooit in die zijtassen zou passen, geloof me, mijn vriend en ik hebben een motor, en er past veel in, maar niet een rolkar zo vol als die van Coco was.)

A fantastic book that's great for a wide age range!

Great illustrations that add to the story, the story itself is fun and has a balance of mystery, drama, romance, education and entertainment. There's so much to look at! Different fonts, clues, illustrations, educational tidbits about Scotland...

No wonder there's so many of these books :)

A book chosen by my daughter. I liked the story because it provides information about another culture. It shows how friends can come together to help each other. It had a mystery in it and good ending.

I think the thea sisters 's adventure in this story is awesome.And my most favourite part is when they zoomed along to Isle of skye, Scotland.And I also liked the part in which they study the history of Macnamouse castle. I loved this book because it made me to get tempted to have an adventure. Really I must say its tempting.....

This is the tenth book in the Thea Stilton series. This book takes the Thea Sisters to Scotland to help out a friend and her family with the family's castle and what is supposed to happen to it now. Will the Thea Sisters be able to find their friend in time before the family meeting?

This was a very interesting book about the history of Scotland. Lots of very interesting facts about the country and the culture. Great read.
