I read these as a child and loved these. I didn't remember I read these but seeing the cover page brings back a lot of memories. Personally, I love Walt Disney version better than the original Peter Pan which I found to be too dark for children to read. This is just perfect for young children.

very nice book

From Mom: Only did one reading. His cousins turned him on to Jake and the Neverland Pirates, a show I despise, but since I was an animator I let him choose what he likes on weekends as long as we watch together. One good thing that came out of it is an interest in Peter Pan, so while waiting for the novel to come in at the library we got this one.

He enjoyed it and asked questions, but he didn't seem to care about the Darlings much as he hadn't met them before-- and Wendy had "hot dog hair".

Kid's Question after Tiger Lily is rescued: "Why is the Chief still have the Mad Face?" I just said it was because Peter was wearing his hat.

Joy says

This is a book version of Disney's *Peter Pan*.

Wendy and her brothers James and Michael travel with Peter Pan to Neverland but are soon captured by Captain Hook.

I LOVE Peter Pan and I collect all kinds of various Peter Pan books, Disney or not. I have been wanting to read this book for awhile and been looking to own it as well and by luck I found it today! It's super short and an easy fast read. The illustrations are a bit similar to today's Disney version with some slight differences. For an example, the whole family has blonde hair except for Mr. Darling (black hair) and John (orange hair).

A great children's book

Matt says

The ending of this was bittersweet.
