## **I Feel Sick #1** Jhonen Vásquez

I FEEL SICK is the first full-color comic book written and drawn by the comic artist Jhonen Vasquez and colored by Rosearik Rikki Simons.

It revolves around Devi d. from Johnny the Homicidal Maniac (JTHM), and her dealings with the same supernatural and/or psychological forces that drove Johnny to lunacy.

## From Reader Review I Feel Sick #1 for online ebook

### Elizabeth Snyder says

I love jhonen vasquez. JTHM was smart, extremely dark and violent, truthful, and funny. I was so excited to see invader zim in the shelf of the comic book store because it meant he was writing again. But as much as I love zim I wish he would come back to i feel sick and continue/finish the story.

---

### Not Important says

I'm a BIT of a sucker for Jhonen Vásquez, so I of course had to read this. I originally thought that it was just a plain companion book to Johnny The Homicidal Maniac (another of my favorites), but he really brought Devi to life in this demented and artistic book. I personally favor Tenna, because she's just so relatable! Or at least to me. But, great book, defiantly for gothic-comic fans.

---

### Laura says

I read the shit out of these types of comics in late high school/early college. This one was especially hilarious. Which probably says a lot about my sense of humor. I wish there were more than only two short issues.

---

### Julie Decker says

Devi slowly goes out of her mind in the thrall of her own artwork--a doll named Sickness. She recounts her terrible, terrible relationships (some of which were maybe a little bit homicidal?) and discusses her incredible lack of luck. Still, she'd rather be a raving artist than a retail worker again. Art is dark, character is charming and compelling, writing is atrocious in the best way possible.

---

### Eve Kay says

This is my first glimpse at Vasquez who then turned out to be one of my fav comic book artists. AND I Feel Sick is still quite possibly my favourite comic.

YOU gotta read it, just because:

This book is a whole lot of cute crammed into a tiny space.

Beautifully drawn, colorful and dark.

Hilariously funny, inventive and siiiick.

Topped up with a relatable fem protagonist who rocks.

---

### **Elizabeth says**

As far as I'm concerned, much as I like Jhonen Vasquez's other stuff, this is the only thing that he's done that compares to Johnny. It focuses on Devi, Johnny's love interest, whose paintings seem to get inhabited by the same creativity-sucking, tentacle-inducing evil force that attacked Johnny. It's short, and I suppose derivative, but the humour is spot-on and amongst the funniest he's done. Also the artwork is great. Definetely recommend.

---

### **Jien says**

It's been a long time since I read *JTHM* and Squee, but I remember the story well. The art style in this is wonderful and helps the dialogue to evoke a sense of purpose in the almost random movements of the plot. My one complaint is the red text in the introduction, the contrast with the background is nonexistent and it is extremely difficult to read. This comic highlights some of the small insanities in life in its bizarre anecdotes. Very good read, though quite short.

### **Mountainroot says**

Αν και λατρε?ω τον Vasquez και την δουλει? του εδ? με απογο?τευσε λ?γο.

Ευχ?ριστω αλλ? μ?χρι εκε?...κρ?μα

---

### **Amanda Martin says**

Love it!

---

### **Swankivy says**

Yes, this is just "A Book about a Girl," in which Devi, a minor character in *JTHM*, recounts her bizarre failed relationships and slowly goes insane, in the clutches of an empty-eyed painting she's named Sickness. "I HUNGER FOR ASSMEATS, BITCH!"

---

### **Tasha says**

This perpetuation of the story with the change in perspective is amazing. Who doesn't want to read about a bad-ass female lead who's struggling with what many people can understand. That ever present drain that work or school takes out of you leaving little to nothing left in our reserves for our own enjoyment and creativity to flourish. This was a battle we all dream of fighting and winning.

---

### **Collin Huster says**

Jhonen Vasquez has quickly become one of my absolute favorite authors. I can relate to having multiple inputs on creative ideas and being fed up with it and Vasquez captures that idea easily in I Feel Sick #1

---

### **Tabitha says**

I bought 'I Feel Sick' 1 and 2 on sight, based solely on the fact that it was written by an author that I had (so far) loved.

In this first volume I got the feeling that perhaps Vasquez was trying to fit his humor into a more 'grown-up' mold. I didn't feel like it worked out so well. It was just some extra near-realism that just made the satire more dark than necessary. Instead of biting black humor it was just kind of depressing and dreary.

---

### **Sam Valladolid says**

4.5/5

**Leer cualquier cosa que Jhonen publique significa para mi un oasis de interminable felicidad.**

---

### **MagikinZ Precise says**

This is quite possibly my favourite angle from Vasquez's world. I enjoyed the more personal and perhaps, meaningful approach to his protagonist. While Jhonen may not have set out with this intention, I believe fans take liking to this series particularly because of its down to earth and real tone - making it interesting in his genre of work. Devi is a refreshing character; a relatable female among the swathes of generics and unrealists. The artwork excels as always in creepiness, the doll character is an awesome creation. The colouring is gorgeous.
