Chris Jenson says

An excellent text book on the world's religions. Each chapter is nicely organized into sections on the teachings of the religion, its history, and the religion as a way of life. I am only giving 3 stars because I take the rating descriptions on this website seriously. Four stars would be "I really liked it" and five stars "I loved it." I just liked this text. No text of this sort could get more than 3 stars from me. It is a great text.

Chris Schaben says

Great textbook for any student who wants to learn about World Religions.

I don't think I can rate this because I liked it but also disliked it in equal amounts. It simply strengthened my discussions posts in class.
