# Girl Cop

*Sandy Osborne*

## **Girl Cop** Sandy Osborne

From the moment she takes her first step inside the Police station in her brand new Dr Marten boots, PC Sally Gentle's roller coaster ride in this male dominated environment begins.

Girl Cop follows Sally's tentative start in an eye opening career which offers her some extraordinary experiences ranging from fascinating, hilarious and emotive to the downright incredible.

Will the spark between Sally and her tutor constable Alex ever be ignited?

Will summary justice be served on the station bully?

Will Sally complete the Bennett's Lane Challenge to become 'an honorary bloke'?

A percentage from the sale of this book will be donated to the Police Dependants' Trust.

## From Reader Review Girl Cop for online ebook

### Yvonne Payne says

Without the recommendation from a friend I'd not have "found" this book but I'm so pleased that I did - I read most of it on an overnight flight and I realise my bursts of laughter must have annoyed the man next to me! I thought it was like Bridget Jones in uniform but with a serious insight to the everyday work of a police officer. I've already got the sequel on my Christmas list and it's not published yet.

---

### Heather Slocombe says

good read

---

### Mile says

if you're looking for a fast paced action packed thriller you won't like this one. but none the less it is a well written and enjoyable read .

it was interesting to get a glimpse into british police procedure. i particularly liked all the 90's culture references

---

### Alison says

A very entertaining read with a great insight into surviving in a male dominated environment.

The heroine, Sally Gentle arrives at her new station as a rookie 'rookie'. Confident of her training, but stumbling at first in the everyday reality, Sally claws her way up the pecking order and gains respect. But it's a slow old road and she's never sure she's going to make it. Soft-hearted and compassionate, Sally is damned if she's going to let it show. She gathers her grit and gets on with things, dealing with mickey-taking, the station bully and gruff colleagues. And there's the emotional rough road in respect of the devastating Alex...

I smiled a lot and laughed out loud in some places, but apart from enjoying a good read, I was left with a sense of how tough being a police officer could be.
