From Reader Review A Secret Worth Keeping: Deleted Scene for online ebook

Tonia says

Confused....

I really didn't get it...maybe there's another part or this isn't a complete novel...the title did say "Deleted Scene"...I doubt I will spend the time to find out...

Tasha Hamilton says

Okay snippet

From what I read, it seems to be good. Will definitely look into getting the full version of the books.

Shondra King says

Glass up!
