Sinful Rewards 5: A Billionaires and Bikers Novella Cynthia Sax

Nicolas Rainer, Chicago's most sought-after billionaire bachelor, has finally decided what he wants, and that's Bee Carter in his arms, forever. He shows up unannounced on her doorstep and kisses her until her toes curl and her body burns.

Nicolas wasn't the sexy man Bee expected to see this morning. Hawke Masters, her tattooed former marine, is riding his customized chopper toward the condo building, anticipating an equally mind-meltingly erotic encounter.

Both men want her with a thrilling intensity. Neither her billionaire nor her biker wishes to share her affections. Is today the day Bee is forced to choose?

A collection of 12 novellas; erotica surprisingly well written, with romance, a plot and interesting characters. Good job :)

Ahhh the agony of the tease! Makes me feel like an oversexed hormonal teenager when it comes to reading about Hawke. Each story has me totally and irrevocably falling in love with this man. Please give me more!

I was SO very excited for Sinful Rewards 5! What the heck am I saying! I excited for all Sinful Rewards! I will have to admit that this past 30 days have seemed to drag on! I was desperate to read more of this book, to see how her relationship with Hawke and Nicolas was going (even though I am firmly #TeamHawke); I wanted to hear more from Bee's Stalker and from Lona.

But 3 little words completely changed everything! 3 little words completely devastated Bee and changed her life! and now my life has been split into 2 parts, Before Sinful Rewards 5 and after (#BookNerdProblems ;-)

)
So you are left with a list of questions and not many answers, but the main question is always...what will be do now!!!

I give Sinful Rewards 5 a well-deserved 10 out of 10! And now I go back to counting off the days till SR6 is released.

* Before you read this review I suggest that you have read Sinful Rewards 1-4 as some information from previous installments may be mentioned

These books are going to be the death of me. If you haven't started this series you must. That way you can understand my turmoil and addiction lol

I was VERY uncomfortable going into this installment. Growing ever so closer to Hawke, I was starting to have resentment towards Bee's Billionaire, Nicholas. I was starting to think he was a real Jack ass and doesn't deserve Bee. Then he gave her something that she thought was better than affection...his time. To me though, that was nothing. In time I will see if He is truly the a\$\$hole I think he is or if I am a fool for believing in Hawke.

Either way I am not sure I want to find out...

Bee really comes out of her shell a I like her new confidence. She is starting to stick up for herself and, with the help of "Friendly", she is discovering her deepest desires while performing for her rewards *wink*

I was expecting a big moment to leave us hanging but the ending was calm...almost to calm...and I can't help but be nervous as to why. Book number 6 here I come!

5 *WINK* Read

I really enjoyed this book (number 5) SO much!!! Highly recommend to anyone looking for a sexy hot read, but don't begin with this book, you have to start with book 1. Now we get to kind of see how even though Bee thinks she should be with Nicolas, somehow her heart can't shake off Hawke. I'm still wondering who in the world Friendly is (I keep thinking its Hawke. But we'll see.) Really enjoyed this book, it was a relief to read after the cliff hanger from book 4. I loved it, can't wait for book 6!!

Catherine Crook says

Cynthia Sax is a word ninja. I have said this before, and I am sure I will say it again. The build-up within this serial is so intense. Bee, the leading lady - I feel for. Sheesh. Both men offer so much, and yet both leave her thinking

"What is it about me that makes men comatose?"

I giggled a LOT with this line. You learn so much more about everyone. The new characters intrigue me, and the old characters make me smile. I love the growing relationship with Hawke.

"You like that I'm a pervert."

"Don't fly too close to the sun."

She still worries about her billionaire.

"Thank you, Bee." There's a pause. "For worrying about me." Nicolas adds softly.

Verdict after #5:

1) I am still a #TeamHawkeTransfer

This book finds Bee in the middle of the lunch from hell. She is doing Lona a big favor but putting the future she envisions at risk. Everyone is in for a surprise when Bee flips the switch and ends up saving the day. When she gets back from the lunch, the one and only Hawke is there waiting for her.

I love seeing the connections between them continue to grow. He is proving how much she means to him by trusting what she knows, fashion. He is also there to calm her through one of her fears. Of course, the steam factor in this one is upped and she is given yet another reward for being a good girl.

While Nicholas isn't as prevalent in this episode of the series, he is still constantly at the forefront of Bee's thoughts. And I felt his hurt when he had to make the tough decision. The plot line is getting more and more complex as secrets are uncovered. I can't wait to see where the crew goes from here.

Sinfully delightful

Sinful Rewards 5 is another hot instalment of the delicious Sinful Reward series.

In this instalment we get to see how Bee feels about Hawke. She craves him! In turn making us love Hawke for Bee, but for team Nicolas fans it also shows us a deeper side of Nicolas too. Hawke might be her here and now, but who will be her forever man? #teamNicolashere

Monique says

Oh Bee, what have you done! Get your tissues ready; this is heartbreaking! Cynthia Sax at her very best; you will read, and re-read this one. It hurts. And I cannot wait for Sinful Rewards 6...

If you have not started reading the Sinful Rewards series you are truly missing out. I am so in love with this series. Cynthia Sax has done an amazing job.

My heart breaks for Belinda. She bares some inward scares and fears from the past that haunt her in the present. I think this has messed up her priorities to a certain degree. Do to this has set her eyes on a man with money, someone that can afford the lifestyle she so desires.

I so love both Hawke and Nicolas. Hawke has this amazing strength that Belinda can rely on. He is very attentive and she gets the attentions she needs. He truly cares for her. Nicolas on the other hand he a lot of emotional scares. Nicolas has this wall built up and the only person that has been able to see little bit of who Nicolas truly is that would be Belinda.

This series has a secret admire that has Belinda do naughty things and if she does these things she is award with expensive gifts. Belinda feels like Nicolas is this admirer. I am not so sure about that. Anyway Belinda loves that naughty things she gets to do. It brings out the side of her that she so secretly hides.

I so hated what happen to Belinda in this book. I actually cried for her. It goes to show words can really hurt

someone. Just glad Hawke was there to comfort her.

I so loved the hot steamy scenes in this book. Cynthia truly did not disappoint. I am so looking forward to book 6 to see what happens next.

Cocktails and Books says

The excerpt below starts with "You're killing me, Belinda", but it's Cynthia Sax who's killing me.

In this episode, Bee focuses on her relationship with Nicholas. But it's Hawke who's on her mind. Bee continues to fight herself on who she wants to be with, but (at least to me) it looks like she's already made the choice. This is where the author is killing me. I enjoy both men and I could see why Bee would be attracted to them. But every time she's with Hawke I just know he's the one. He lets her be herself. Asks her opinion. And is always there for her.

I normally don't like episodic novellas, but this is an addictive series and I anxiously wait the next episode.

BookJunkieeee says

Cynthia Sax has yet to disappoint with the Sinful Rewards series .

Kim Ginsberg says

OMFG I so need the rest of this series!!!! This is HOT HOT HOT. I literally read them back to back, all 8 of them!!!! I can't wait until I get the last 4!!! Follow Bee as she tries to make a better life for herself. She lives with her best friend, a rich candy princess, lusts after a quiet billionaire, and spies on a hot, naked Marine. You need to go out and buy EVERY book in this series and read them back to back like I did!!!! RUN, don't walk and go get your hot, tatted up, biker, and billionaire triangle out there!!!!

3 stars.

I don't know what I can say about this installment of Billionaires and Bikers without giving away what's happened so far. I will say that if you haven't read the other novellas in the series, you won't really understand the finer details what's going on, but you really don't have to. Basically, Bee is torn between two (sort of) lovers—first is a crazy hot former marine, Hawke Masters, that Bee can't seem to keep her hands—and other body parts—off of, and there's billionaire Nicolas Rainer, who's all about controlling his empire.

Personally, I don't see how there's a choice. Nicholas may be a billionaire, but I don't feel like he's shown

any action in convincing Bee they're MTB. Hawke, on the other hand, is all about showing her how their bodies were made for each other. In this installment, things get even hotter, but Bee still can't choose between the two men. Even with the back and forth, I am pretty sure this was my favorite of the series because Bee showed some growth and couldn't keep her mind off of Hawke.

If you love serial romances, you're going to want to go ahead and order all of these. If you don't, maybe wait to read them at once.
