Dennis Elten says

A short story written by the wonderful Samantha Hayes. When a man comes home and finds his daughter and wife missing the reader is drawn into an intriguing story that will leave the reader breathless. Samantha Hayes knows how to make interesting characters that capture the readers attention. No way out is a rollercoaster ride of emotions right until the final page.

Kelley says

I'm not usually a fan of short stories. But this one was wicked and awesome.

Elaine says

I have been a fan of Samantha Hayes for quite a while now. She is an author I turn to if I want dark, tense drama with a savage twist in its tail and she has certainly delivered that with this short story. I do love the way she is prepared to take a risk in her plot lines and this one is no exception. I can almost imagine her saying to herself "Dare I make my characters do" and answering "Well, YES I do!" You see, there is quite often an element of "over the top-ness" to her work and that is most definitely the case here. It is a story that can be read within an hour easily, is pacy and extremely dark with characters that shock you by the page with their thoughts. It is the mark of a good short story when you can say that it left you wanting more, and this one definitely did!

Lady Delacour says

Now that is how you
write a short story!
Listened with TTS
Not exactly Clean.
Foul Language.

Jo Reason says

This is a short story so well written with only 62 pages that you will finish it quickly and want more, there are few characters, but it is a gripping and with a wonderful twist at the end. I loved it. Normally I am not a fan of short stories as I like something to get my teeth into, but this was great. I couldn't fault it all, a couple of gruesome moments to add to the suspense, not sure I could do what the father did and to add to it he has a cracking secret, so much going on in such a short book. Great if you like Samantha Hayes' books and have a few minutes to spare.

shirley jill carroll says

I like books by Samantha Haynes but not this one. Worked out the plot from the very beginning. Quite sad really and not very entertaining . Wouldn't recommend .

Doreen says

brilliant!

Shannon says

My sister said "you want to read something to elicit emotion? Here, read this." oh boy...

Joann says

What a cracking good short story this was by Samatha Hayes. It is well written with only 62 pages but the author has a lot in those pages. I got my teeth into the story right off the bat and it kept me enthralled till the end. This short novel packed a punch! Liked it.

AdiTurbo says

An amazing single, so suspenseful and unforgettable that you'll finish it in an hour but keep thinking about it many more after that. Even though I kind of guessed the ending, I still think it is a fantastic read, so expertly written.

Sharon says

4.5 stars

I've never read a short story like this. This is the meat of my kind of book and it cuts to the chase with no fillers. The subjects are tough. The scenes are suspenseful and gory at times.

So, if your spouse and child were kidnapped and you were the only one who could save them, how far would you go?

Sharon Williams says

Only a short story but loved how quickly it moved and what an evil set of parents.

Lisa says

Moving and shocking short story - a wife and daughter are kidnapped and the husband cannot have the police involved as he has his own crimes to protect.

Although it's short but not sweet it manages to pack a punch - recommended but it is dark and nasty.

Julie (73) says

A lot of book here for a short story. Interesting read although I did work out the twist halfway through.

Amanda Walters says

Moving, twisted, shocking and dark, a little too dark for me. It's hard to review a story like that and as a mother, it's hard to have any sort of empathy for another mother so far removed from how I believe a mother should act. Well written though.
