Dearest Stepbrother: Double Trouble #1 Olivia Hawthorne

Since the first day she could remember, Kelly had been picked on by identical twins, Alex and Asher. They followed her through every school year, tormenting her as much as they could until they were re-zoned for different high schools. Kelly was ecstatic that she would no longer see them at school and looked forward to a happy last four years.

During the summer, Kelly's mom tells her that she is dating a new man and they're taking a family vacation. As it turned out, the man her mother was dating was the father of the evil twins.

When their parents married her mother, the twins picked on her more, constantly teasing their new stepsister.

Three days after her eighteenth birthday, and on Homecoming night, an event happens that changes everything between them and Kelly learns that there's more to the twins than meets the eye.

A Great Read!

I enjoyed reading Dearest Stepbrother: Double Trouble (Book One of Four), all about Kelly the step-sister and her two twin step-brothers Asher & Axel. They have known each other since kindergarten and gave been tormenting & bullying her since then, and straight into high school. However the summer right before high school started her mother met Eric a doctor. Him and his two boys & Kelly & her mom were going to Florida for a month on vacation. When they pulled up Eric got out and introduced himself, then the boys got out and Kelly nearly passed out when Asher & Axel stepped out. The author wrote a very interesting story that has spanned all four books in this series. So if you like taboo relationships, that are hot & steamy then look no further. This first book will make you cum a lot! I can't wait to start reading book two. Hope you enjoy reading book one!

After reading "A Baby for my Twin Stepbrothers" Series, I was eager to read more from Olivia Hawthorne. I love Olivia's writing style. Her stories pull you in and make you want more. She has a way of making the stepbrothers lovable even when they are being jerks. You end up falling in love right along with the main

character.

Now although this book was not quite as good as "A Baby for my Twin Stepbrothers" In my opinion it was still a great read.

I am looking forward to reading the rest of the series to find out the ending of their story.
