## Love. Allure.

*Jai Bree'nae*

### **Love. Allure.** Jai Bree'nae

Adrian, Drake, Dru, and Drennen Pierce have been on their own for the past fifteen years of their lives ever since their mother died. Adrian has done a great job at providing for his brothers and steering them in the right direction. There's just one thing that he regrets, showing Drake and Dru how to make it in the streets. Drake took what his brother taught him and flipped that knowledge into millions of dollars. The fate of the entire family rests on his shoulders as he attempts to walk away from the game before their good fortune runs out. At the same time, a chance encounter with the most beautiful woman he's ever met, inside and out, makes him question what he has at home. Will she be able to take the number one spot...and stay there? Dru is the smoothest businessman by day and Drake's right hand by night. He has no desire for anything real with any woman until his hand is forced and what is good to him turns out to also be what is good for him. Drennen is the baby boy, or so his brothers think. He is an accounting graduate in the making, but his love of money has nothing to do with the white collar world. He stays the course for the love of his life, but will his love for her and his loyalty to his brothers be enough? Join these brothers on their journey as they go through a myriad of changes in both LOVE. and the emotional roller coasters that they find themselves on with the women in their lives. And the ALLURE. of breaking the law that may have them doing more years in the streets than they wanted.

## From Reader Review Love. Allure. for online ebook

### MZURAQT says

I am my brother's keeper is the motto that the Pierce brothers live by faithfully. Empowered with both book & street knowledge nothing can bring them down. When they decided that they are leaving the game for good they set plans into motion but things don't go quite as planned. Take a ride with these four brothers as the battle Love and the streets at the same time.

This first time author has definitely brought something to the table. This book draws up in from the first page and take you a ride full of drama and pain. I fell in love with these characters and the storyline. Besides a few errors this is the book to read.

---

### S. Latrina says

#### Loved

I loved this story by Jai as well. I read 3am which lead me to the author. I'm still not a fan of the girls in her stories claiming to be grown women but acting like children. Even letting the men talk to them as if they were children. I almost stopped reading when Drake had his fit telling Nori to go to bed, like she was a five year old. But the overall story and love that each character has with the significant and not so significant others are some what realistic. It's worth the read.

### Shaunphoo says

#### This book was EVERYTHING!

I love this book it took you through so many emotions, from Drake and Nori breaking up to Paola and baby Longan passing...also I love Madison she was always by Dru side no matter what he was going through....Those Pierce brother's got to love them! I hope there will be a part 2

---

### Sherryl says

#### Emotional Roller Coaster

So love wins! Loved this book! It was long and no cliff hanger--which I thought was great. The characters in this book are intricately interwoven, but the author is still able to display each character in their own light. You see them all at their worst and at their best. One of the best books I have read all year! Can't wait until your next book Ms. Jai Bree'Nae

---

### **Kat says**

This story started off good but then it pissed me off when Drake left Nori to go back to Leila. How can you say someone is the love of your life but leave her to be with someone you don't love just because she's pregnant with your child. Later on you find out Nori was pregnant as well but mad because she didn't tell you. Would that have changed anything?!? Then the way they got back together again was way to easy. I also didn't like the Adrien, Tess and Carmen situation.

---

### **Jenna Harps says**

#### **Pierce Men**

Those Pierce men and the women who love them. The book was great from start to finish. What you want do do for love I tried everything is a song that comes to mind. This family has been to hell and back and still standing strong.

---

### **Fatima says**

#### **Loved It!**

This book deserves 10 stars, it really was that goooooood. All the characters had their own personalities and were lovable. Nori and Drake were my favorite characters and Tess was my least favorite. Emotions was at an all time when reading this story and I couldn't put my kindle down. Getting ready to start Volume 2. This is a must read!

---

### **Shakeria Sharie says**

Great read. I love it from beginning to end.

---

### **Johnni Sherri says**

#### **Excellent Romance**

Such an emotional and romantic journey of a story. I love all the characters. Can't wait to read more on Adrian and Carmen.

---

### **Anissa Austin says**

Very good read! I laughed, cried and cursed while reading this book. I couldn't put it down. It started off slow but once it picked up it stayed at a good speed. Highly recommend!

---

## **Tiffany says**

I had mixed feelings toward the beginning of this book, I was leaning towards I'm not going to like this. Mannnnn was I ever wrong!!! I loved this book. Like everything about this book was amazing. It was different, exciting, loving, and heartbreaking.

My emotions were on high alert in this book. I'm legit in the gym on the elliptical and I'm at the part where the Pierce women are straight up shading Nori at the mall. My heart was hurting for Nori and I'm in the gym crying. The lady next to me was giving me the side eye honey. Lol. But at the moment, I was Nori and I was feeling how she was feeling. You know what that means this Author can write!!!

I was #TeamNori from jump. She was perfect for Drake, so I was rooting for her as soon as she stepped on the scene. My cousin wasn't feeling Nori because she was very emotional, and although I hate to admit it her crying was starting to aggravate me towards the end of the book.

## **Cassandra Reed says**

### **Love Allure**

I first want to say that even tho your a new author that I LOVE YOUR BOOKS I started with 3AM but I'm now reading Love Allure and I love how you put this book together I can feel the love that Adrian, Drake, Dru and Drennen have for the women in they lives now I will say that I HATE Tess I want Adrian to really be happy with the love of his life Camren and I don't feel like that's with Tess ignorant ass lol I love Nori but she needs to man up that crying be having me hot I hope that Drake can be happy anuff to get over the lost of his baby mama And Logan I was so hurt when they died I cried real tears...Maddie as I call her needs love and I hope she gets that and Brylee rubs me wrong when she around Tess bald headed ass lol I can't wait to start reading part 2 keep up the good work boo your books is BOMB

---

## **Deedee Henson says**

It started off boring but after 20% it takes off. Loved Them Pierce Boys. This book gave me life

---

## **LoLa Bandz says**

### **Bomb**

I have never heard of this author but this bool was the truth.... I loved Drake and Nori, hell all the brothers esp dru and madison.... This was not a let down at all... I felt bad for laila and i hated Tess, i wanted Carmen to have her man lol I was happy to get a true love story and a great length book, Keep going and font stop ill support u this one was a true winner...#lolabandz

## Elle1986 says

3.something... I guess 3.75- Can I do that? (Insert shoulder shrug)

Well... that was a roller coaster ride. This book had a little bit of every type of drama which was good for me.

Now I know that there must be a part 2 eventually because it wasn't wrapped up with everyone's storyline being completed. Still left unanswered questions esp when it came to Carman and Adrian. Actually if I can be quite honest... it actually felt like the book just stopped. Like the author was like OKAY enough pages ending here. I mean with over 400 pages I assumed this thing would be completed.... guess not.

I did like the book up until the ending.. which really wasn't an ending it was like a stop. Will I be pissed if we have zero answers to these questions.. ah yeah that was hours of my life I shall not get back.

I guess at some point during this review I am supposed to tell you about the book... Welp can't really do that because it would be like spoilers all over... so if you need a little bit of drama, crime, rough ass men who you side eye like wtf a few times, loving, sweet, heartbreak with some hood action... this book is for ya.

Also... I will say.. I was never rooting for Lai...never so it didn't bother me that bad when she got curved... now everything wasn't cool but what can ya do.

signing off.. "When the hell is book 2 coming out.. if ever?"
