Lost Boy

Wendy Spinale

Lost Boy Wendy Spinale

Before Captain Hook annihilated England, before the Lost City was built underground, before Gwen stole his heart, Pete was a just boy living among the shadows. Determined to get himself and his sister out the rundown orphanage, Pete finds a solution in the seedy underbelly of London, a deadly place of scamps and thieves where survival is determined by cunning skill and bareknuckle bravery. But then one night, everything changes . . .

In this dark reimagining of the original Lost Boy, Wendy Spinale weaves a stunning story of courage and heartbreak, loss and redemption as one boy is forced to face his past... and his future.

Christy says

Beautiful and heartbreaking. A whole new side to Pete and Bella.

Eden Steffey says

Good

I liked this. It could have included a few more details and been a little longer, but it was still good.

Azbaqiyah says

It's sad! It's just so sad!

Allie York says

Neverland meets steampunk

I really can't wait to dive into ever after reading the ground work. Everyone from Peter to Captain Hook makes an appearance in the steampunk, post apocalypse, world formerly known as London

Eva says

love!

I really enjoyed this book. I loved seeing all the relationships between the characters develop. Had I read this book before Everland it would have increased the star rating I gave it. With seeing the background of the characters in this book it prepares you for Everland. Great read!

Hazel says

This is a story about Pete and his sister; they lose their parents in an accident which leaves his sister Gabrielle in a wheelchair. They stay in a orphanage home and Pete has a secret job he keeps from everyone every night which dubs him the nick name "Lost Boy".

In this very short read Pete is dealt with a lot of loss. I understand that the book is a novella and things need to somewhat be rushed in order to set us up for the next actual book so I won't fault the progress of the loss

in this read.

When London gets blow up to bits by creatures no one's ever seen before leaving the city littered with dead bodies and lost children, Pete takes it on himself with the help of a few friends to gather the children up and build a secret underground city.

I'm not exactly sure how they pulled this off tbh but I'm not gonna question it either.

Pete seemed like a very conflicted soul and I can honestly see why. He was left to care for his sister all on his own at a young age and after losing everyone he loved I would be a little out of whack as well. But I admire that despite that he still wanted to care for others and that he did everything he could within his power to do so.

I'm excited to dive into the first book of this series to see where Pete's adventures lands him next!

Candra Hodge says

Peter pan retold

A new take on how Peter pan became the rescuer of lost kids. It definitely makes me want to read the next book.

Angela says

Really great into to an already awesome story. nice to have the background on Pete and the kids.

Gretchen says

Amazing Book. Gave Lots Of Detail On Pete's Past Life.

Merel says

This was so sad!! But I'm very happy that this little background story exist

Lindy Santellan says

Informative

This put many pieces together for me in understanding relationships and rolls in this series. It would have helped to read it before I read the rest of the series.

zapkode says

{My thoughts} – I will admit I read this prequel after I read the first book. This prequel helped me to better understand Pete and the storyline. It introduced all the main characters in a more effective manner.

In this prequel you learn what happened to Pete and his family. It also helps you to better understand all the main characters and the reason for their personalities.

I enjoyed reading it and think that anyone else that is interested in Peter Pan remakes will enjoy it as well. I do however recommend reading it before reading the first book. It will help you better understand the first book on so many levels.

Tosha says

This was a cute read.

Chiel S. says

Lucky to have read this before Pete, Bella and the lost boys have been robbed off their innocence. Gabs is such a GEM!

Xandra (Literary Legionnaire) says

SO MANY FEELS AFTER READING THIS.
