WHAT DO ALL THE NUMBERS MEAN???

I absolutely love this book. The illustrations are fun and great to look at, and involve the FNaF animatronics we've grown to love being used in unique and silly poses. (I especially love how much Foxy, my favorite animatronic, gets used in this book) The activities are genuinely creative and fun to do, and the sense of humor is Scott Cawthon at his best. You can be sure that this book is also filled with secrets, and just because this book is fun, that doesn't mean it can't be scary at times. I definitely recommend this for any FNaF fan out there who loves the lore, as well as doodling in books.

This was clearly a kids' book, but fun nonetheless. It's an activity book with various story/fanfic-prompts, drawing ideas, quizzes, etc. The artwork is pretty rad too.
