Persuading the Preacher George H. McVey

Reverend Callum Bing never considered marriage while his sister lived with him. His life was full: caring for his congregation and taking care of Millie. But now that Millie's married, he wonders if he could court a woman and have a family of his own. When a very unique messenger from God tells him that God has chosen a wife for him, Callum is shocked by God's choice.

Celeste Devine has no desire to be Creede's most well known soiled dove, but fifteen years ago all other choices were taken from her. These choices led her to Creede and the Nugget Saloon. When her guardian angel appears following Millie's wedding and tells her that a groom will meet her at Hannah Wheeler's the next day, she jumps on the chance at a new life and love. However, when her groom shows up she wonders if God really cares for her or hates her.

Can Creede's best-loved preacher and its most well known saloon girl really be a match made in heaven? Will Celeste and Callum find love or are they destined for a loveless marriage of convenience? Will Archie make them both pay for defying him? Finally, can two angels and a calico queen ever be able to see a love match by Persuading the Preacher?

The preacher

Wonderful and redeeming. God's grace does make us whole. This was a wonderful selection. I loved every emotion and every truth that was spoken. I loved how it was a slow walk to love.

Mary Townsend says

Always trust your heart

As always, George has given the reader wonderfully believable characters in unusual circumstances. The people in this series become a part of the family and you can look forward to seeing what's happening in their lives. I would happily recommend this book to anyone who wants an interesting story and a HEA.

Persuading the Preacher

This is the story of Preacher Bing and Celeste who is a soiled dove held by Archie. George McVey has a wonderful way of spinning a story. Well done George. 5?????

Cindy Boylan says

He who finds a wife finds what is good and has favor from the Lord.

This story really hit home for me. Most of us have a less than stellar past and feel that we'll never be good enough. This story reminds us that no matter your past, His love and healing are for you. Even someone that had been a saloon girl can be a blessing with God in the midst.

Debbie says

Absolutely one of the best in the series.

A struggle of right and might. Celeste is a woman like no other. Even with all her trials and heartache she is kind and caring. Callum is alone now after he weds his sister Millie to Edwin McRae. He sees someone from the past that can't be there since he has been dead 10 yrs. The message he gives is very shocking. Read this and enjoy it as much as I did.

Reviewed at Historically Romantic

I loved everything about Persuading the Preacher. It's a charming romance in itself, yet it also reminds us to see the person in front of us, not that person's past. Callum's confusion and indecision at first was so well played. It's easy to preach something, yet a little more personal when you're face to face with a life changing decision. I wasn't bothered by Callum's stand, it actually made him a more realistic character. I'm so glad that Celeste was to be Callum's wife, her spirit and uniqueness were often shown in previous encounters with her. I had an idea in my mind of what had happened to her, and it was very close to what we learn in Persuading the Preacher.

There are a lot of things happening in this story. We run into many old friends, see some townsfolk as they truly are, learn a bit more about both Callum and Celeste... and a very satisfying twist makes this story near perfect for me. If you enjoy Western Historical Romance then I believe you'd love this story and the entire series. This is one I'll read again, and that's the best compliment I can give an author.

I read this title through my Kindle Unlimited subscription.

Sweet !!!! Loved it!

Callum/pastor Bing and Celeste/saloon "worker" at the nugget saloon.

I immensely enjoyed reading Callum's story that he has to practice what he preaches. I am so happy that Celeste was finally able to love and be loved and to hear her story sad as it was in the beginning. This story has a very complete and satisfying HEA!

Another good book

This book shows that God gives 2nd chances to those who needs and asks for them. The Reverend learned the past needs to stay there when people change from doing wrong to letting God's forgiveness cleanse them. A very good book!

Outstanding!

Callum finally gets his story, and even though he fights it, Celeste is the woman made for him. Together they are stronger than apart.

Lives purest intent

Mr. MoNey has written a truly inspiring and heartwarming love story. A lesson is skillfully interjected with action of Greece's corruption. Thankfully, good ground triumphs and love wins out.
