Trail of the Mountain Man

William W. Johnstone

Trail of the Mountain Man William W. Johnstone
You Can Teach An Old Dog New Tricks
...With A Six-Gun!

When gold is discovered near the little town of No-Name, Colorado, the citizens are overjoyed at their good fortune. . .until trouble gallops down Maine Street on a horse straight out of Hell. For gold's closest companions are greed and murder, and every two-bit gunslick from the Atlantic to the Rockies is beating a path to the gold strike--which is practically on the doorstep of Smoke Jensen. They're looking to get rich quick. . .and never mind how it's done.

But this legendary mountain man never learned how to back away from a good fight--and this one promises to be a whopper.

Outnumbered a hundred to one, he recruits an army of his own: twenty aging but still lethal legends of the frontier of the frontier in the violent sunset of their grizzled lives.

One thing you can count on: There's going to be a lot of blood spilled before anyone walks away with the gold.

Rob Smith says

This third in the series is much like the second with the obvious intent to make it different. Almost as if Johnstone wanted to rewrite the second in the series.

It's still a real good book. You get to really know the various other characters involved. Most are fleshed out. It was quite a task. I almost wonder if Johnstone went too far with his descriptions. Not sure if he needed to flesh them out as much. But that is a light complaint compared to the overwrought Reacher novel I finished before this.

This is also a fun story with all kinds of things happening, lots of side stories and a satisfying conclusion. Johnstone does give a view of the bad guy and the like to understand their positions. It's a satisfying reading pleasure.

Shirl says

Over the past four months I have been reading the Mountain Man series by William W. Johnstone. They are a throwback to the old west and come complete with rugged turrain, outlaws, Indians, and heroes. I enjoyed these books for the simple reason that I feel transported back to a simpler time when right was right, wrong was wrong, and there wasn't nearly so much gray. The reader gets to learn alot about what it was like for the men and women who broke open the territory but especially we get to cheer on an old fashioned hero or two. You will enjoy this trip back to the mid 1800's and you'll willingly cheer for the good guys who are interesting and funny characters, and hate the villains. Enjoy!

David Minger says

Great old time western!

Timothy Boyd says

Very good western series. The story of Smoke Jensen, trained by the last of the mountain men as a boy. If you like men's adventure and westerns then you will enjoy the series. Recommended

Casey says

Always something amazing!

Johnstone never just writes about one thing. These books are more than what is on the surface. I loved the old gunfighters!

Calvin Daniels says

Few books are truly 5s, but as a western this is close for its genre.

Now to find him 1 & 2 of this series. Could be a favourite western series soon.

Jolene says

My dad is obsessed with this series. The main character, Smoke Jensen, is a gun-slinging good guy fighting his way through the Wild West. I don't really care for this series, however, it does have some fun moments. The vernacular of the mountain man is enough to keep me smirking from page to page but, honestly, if I never read another Smoke Jensen it would not break my heart.

Kevin Key says

Another great book about Smoke Jensen.

Cody says

I love it. it just amazing how fast he is. and mist famous in the west, but what about the east?

P.S. Winn says

The town of No Name Colorado has just found they are in trouble when gold is discovered. The author tells a great story of greed, hardships, and more in the old west. I enjoy this author and encourage all to check out his many books.

Daniel says

The book made me go out and buy the beginning of the mountain man, where preacher comes into play. I loved this book, its so heart touching and shows if a group works together, they can accomplish what they set out to do. Also the rejoining of old gunfighters gave a sense of honor and history.

Jim says

Very good book

David says

A real page turner that keeps you guessing what "Smoke Jensen" is going to do next preserving a small town, rural farm, lifestyle against overwhelming odds. The setting is a Colorado "No Name" town turned "Boom Town" with a crooked Sheriff and Judge, in the pocket of a selfish and ruthless rancher, during a Gold Rush.

Theresa says

Better than I expected.

Joshua Derden says

Good book
