Lady in Waiting

Kathryn Caskie

Lady in Waiting Kathryn Caskie

Good heavens-I've gotten myself into a scrape! Mere weeks ago, I was simply Jenny Penny, a lady's maid, a lord's illegitimate daughter, and a lover of fine frocks. But my credit at the shops of Bath has been cut off, and I am forced to sell my homemade facial cream at night, without my employers' knowledge. Who knew it would become the sensation of the ton? That society ladies would apply it to a most *intimate* part of their body? Or that rumor would spread that "tingle cream" was created by a highborn woman named Lady Eros?

If that were not enough, my mistresses-the matchmaking Featherton sisters-have made me their new project. By passing me off as Lady Genevieve, they mean to see me wed to Callum Campbell, Lord Argyll. I cannot fault their taste. His sable-dark eyes and his devastatingly wicked smile thrill me.

Now I am Lady Genevieve by day and Lady Eros by night. And I blush to think of what will happen when Callum and society discover that, in truth, I am neither.

Lady in Waiting Details

Amy! says

Engaging quick read. Not bad for a romance novel.

Adele Dubois says

The first Regency era romance I ever read and I loved it! I picked it up from a bookstore shelf and then bought it because I was fascinated by the story premise and book jacket summary. Though I had never read a Regency historical, I decided to try the book. I thoroughly enjoyed it and have bought another of Caskie's books since.

Barbi says

I give this three stars because of Jenny. She is a fascinating character. Definitely not your typical Regency trashy romance novel heroine.

Pamela says

Rated 3.5

Michelle says

This was a silly, poorly-written book. The main character was vain and shallow, and never redeemed herself. In fact, none of the characters developed or evolved in the book, and all of them bugged me as much in the end as in the beginning.

Sec2000 says

blah

Mary Rose says

Nunca aprenderé la lección de leer una saga RA de forma salteada.

Ha sido una lectura ligera. Ni mucho más ni mucho menos.

Me agrado mucho la protagonista, Jenny Penny, a pesar de que en ocasiones me daba un poco de manía sea porque tardaba tanto en decir la verdad o su obsesión por los vestidos y los accesorios de ropa. Me encantó Callum y las queridas cómplices de armar el ardid de emparejar a Jenny Penny con él: las hermanas Featherton y Meredith (aunque le doy más el merito a las hermanas).

No puedo decir que fue una lectura ligera pero logré engancharme con la historia y me ha sorprendido con un par de cosas. Fue interesante que la historia girase desde la perspectiva de una doncella y no una joven que forma parte de la aristocracia. Tal vez lo único que me ha chirriado un poco del libro fue el desenlace. Eso y que me hubiera gustado leer también que se enfocase en Callum y que no girase alrededor de Jenny.

Dama de honor fue un libro que me entretuvo pero que no lo puedo considerar como una lectura memorable. Aún así, seguiré continuando en leer más libros de la autora (~~o por lo menos lograr llegar a leer el primer libro o el último que componen esta tetralogía~~)

Jennifer says

cute story- a bit different then the average historical romance.

Patty says

Just when you think you know how things will progress, the heroine surprises you.

Alicia says

I was disappointed with the book. After reading the synopsis on the back I was expecting this book to be so captivating and intriguing but it was very lacking. Agreeing with what I read in other reviews, Jenny was VERY shallow and self-centered. It was all about her and how good she looked in whatever outfit or accessory she was wearing. It aggravated me to no end and I got sick of reading about it/her. It very much took away from the book. Lord Argyll on the other hand, I very much enjoyed. I liked his frankness, personality, his humor, and I very much liked his Scottish accent. The Featherton sisters and Meredith were also delightful with their good sense of humor and mischeviousness. The ideas behind the book were good and could have made for a great and very exciting book unfortunately, it just was not executed properly and so the book suffered from that.

S Miller says

Used - Good - binding worn

Jen says

The writing in this book is somewhat awkward. Makes me think that this is one of the author's first. I have read some of her newer stuff and it is much better.

Fangirl Musings says

Pages Survived: 24

Ironic, really. I had bought this book several, several years ago and attempted to read the novel. This is ironic because then, like now, I never did finish the novel. In fact, I didn't like it for the same reasons I do not like it now.

One, I found the heroine Jenny to be annoying and shallow. I found the hero to be completely void of any relate-ability. Were it not for my irritation with the characters, mainly the heroine, I would be of the opinion this book had a very potentially interesting plot. As it is, I gave up on it rather quickly.
