Teamwork 101: What Every Leader Needs to Know (101 (Thomas Nelson)) John C. Maxwell

Talent wins games, but teamwork wins championships.

"Teamwork is always at the heart of great achievement," says *New York Times* best-selling author John C. Maxwell. "The question isn't whether teams add value. The question is whether we will acknowledge that fact and work to become better team players." This concise, power-packed game plan can help you create an environment that results in victory and fulfillment for the whole team. Learn to:

- Build a team that lasts
- Create positive energy on the team
- Harness a team's creativity
- Identify weak players who negatively impact a team
- Judge if the team can accomplish the dream

Everyone wants to be part of a winning team.

Now is your chance to build one!

Trevor Winsor says

Maxwell is brilliant. This book will be a constant one I come back to as a leader and a teammate. Very good!

Ady Pez says

Simple book, repeats the same concept of teamwork in a few life stories... I rushed through the book boring if you understand teamwork already

Mohamad Dahrouj says

?? ?????? ?????? ???? ?? ???? ????????? ?????? ??? ??????? ?????? ?????? ???.

Adam Hinckley says

Nice quick read. Teamwork is at the heart of great achievement. Great leaders should focus on finding leaders, developing the leaders, and empowering them to lead. I grabbed a couple of ideas to help me improve.

Ryan says

Depending on what you want to get out of a book, this is a fantastic read for a quick refresher on solid principals that build teamwork. It allows the reader to refocus on putting OUR in front of MY. I highly suggest this book to be a shelf reader in any leaders workspace. Having issues with teamwork, open to the table of contents and look for your prescription. I purchased three of the other 101 books and look forward to all of them!

Stephen says

READ OCT 2017

Nice primer on teamwork and team leadership.

Josef Horký says

Zase jsem si p?ipomn?l, pro? tento typ knih nemám moc rád. Sbírka obecných mouder ("Tým dokáže víc než jedinec" dostanete asi 148x v r?zných obm?nách, k tomu se p?idá n?jaké to "každý ?et?z je tak slabý jako jeho nejslabší ?lánek" apod.) a klišé oble?ená do pseudomoudrosti. Alespo?, že to uteklo rychle.

Ferdian Lie says

Great!!

Great for anyone who is starting up a small business or organization. The best team building knowledge ive ever read

Jonathan Seger says

Good book with some helpful pointers that I want to implement on my team at work. However, there's nothing extraordinary about this book. I'll probably review my notes often, but won't reread the book again.

Roy Peek says

Excellent book on Teamwork, describes the ideal concept for coaching, managing or leading a team.

If you are in any postiiion to lead, this is a must read, quick but so informative.

Ryan Dejonghe says

The title of this book is correct, not that there are 101 ideas about teamwork, but rather this is an introductory class into teamwork. Maxwell says as much in his introduction—this is a gathering of ideas from his other books and is not meant for in-depth discussion. What remains is “there’s no I in teamwork” type of conversation. It’s okay, but doesn’t offer a lot of traction.

The main takeaways I received from this book are: stay humble, do things together, build trust, communicate, and empower others. Aside from the small amount of related stories, there’s not much more to this book.

The largest point of contention I have with this book is the treatment of unproductive team members. My personal philosophy is that everyone has something to contribute or that they are passionate about. Sometimes we may not have an option to get rid of unproductive team members, as Maxwell clearly advocates. I understand his point of drag and the power of negative energy, but it seems that more modern business books deal with this in a more effective manner than compared with offing the member from your team.

Overall, this is a quick read and can refocus you on the value of teamwork. It's not groundbreaking, nor as inspiring as some of its other business counterparts. Maxwell is a great author, but this book seemed more like a cheap way to grab shelf space.

Andrew Carretto says

Very small book that takes no time to read but has very valuable information written by a Teamwork and Leadership Mastermind. He takes several of his books and combines them into this easy go to guide that will be a good book to have on my desk. Great Takeaways like any other John Maxwell book!

Stephen says

A basic introduction to teamwork. It's true we can do more together than we can alone. I loved the aircraft carrier analogy and the chapter on team building. Read it Feb 2016 and re-read it Jan 2017.

Mrs. Brim says

Quick overview of basic principles. Some helpful lists and concepts that help to better visualize and articulate what one may discover intuitively through experience. I didn't care much for the motivational anecdotes, but that's just a trademark of the genre.

John says

Another 'shortie' but another 'goodie' - GO TEAM!
