Really good book! It was very suspenseful, it kept me guessing, and I really enjoyed it. I also liked that Nancy has to act like a reporter when two trucks crash into each other, and she is the only near the scene. I think she would be a great reporter! That would be a good premise for a series(in my opinion). So overall great book, and it deserves 4 stars.

This book is amazing I recommend it to all mystery lovers! And there is some romance in the story when Ned gets in it . There may be some spoilers in this comment. --- so Nancy Drew starts at an undercover detective trying to keep Hal safe my favorite part in the book is ... So hard to choose. I think it's when Bill Steghorn puts the gun at her or when Ned and Nancy drive the. Semitruck it's a great book u need to read it!!!! :) See ya!
