**Anger Mode** Stefan Tegenfalk , David Evans (Translator)

Two cars collide head to head on a country road with little traffic. The collision is violent. Ten year old Cecilia is catapulted through the windscreen and killed. Five years later, criminal detective Walter Grohn gets a perplexing case on his desk - one dead taxi driver and his killer who has no idea why he committed the crime. The first murder is followed by others, all equally as brutal and inexplicable. Together with his talented assistant, Jonna de Brugge, he untangles threads that lead back to the very core of the Swedish justice/judicial system.

### Anger Mode Details

Date : Published August 1st 2011 by Massolit (first published December 19th 2009)

## From Reader Review Anger Mode for online ebook

### Monika says

För några år sedan läste alla de här böckerna om Walter Gröhn. Alla utom jag. Till och med sambon. Och alla älskade de dem. Jag blev ju otroligt nyfiken och köpte de tre första delarna, men de har stått där olästa i hyllan. Nu har jag äntligen läst första delen. Läs mer på <http://bokslut.blogspot.se/2015/01/vr...>

### Tommie Haag says

Ett gott första intryck av Tegenfalk, men lämnar mycket att önska. Plattityder serveras ständigt, det pseudointellektuella styckena i kursiv stil där man "sätts in i sinnet" hos mördaren hade kunnat slippas, och överförklarandet likaså.

Det märks att författarstilen är olika beroende på vilken karaktär det skrivs om. Styckena med Gröhn var de mest underhållande, och gör att betyget blir högre än vad det annars hade varit.

### Plum-crazy says

This got off to a great start with an opening chapter that brought a lump to my throat. So did the rest of the book live up to expectations? Well, yes, pretty much. The plot line of people being infected with "anger" was an intriguing if not, in all honesty, a very credible one - neither was the way the culprit manages to get away with doing the dirty deed for that matter! Yet despite that apparent hindrance, Tegenfalk manages to work things into plausible enough scenarios that things didn't seem far-fetched while reading them - if that makes sense!

It helped that the characters were believable & I really liked Walter Grohn & Jonna de Brugge, both of whom I look forward to reading about again. The tone & format of the story was reminiscent of other Scandinavian crime I've read which for me could only be a good thing. I did however struggle with keeping track of all the different departments in the Swedish legal system & the acronyms but it wasn't anything that detracted from my enjoyment of the story, which I found nice & twisty with the odd touch of black humour that amused me.

Now as to the ending...I knew this was the first in a trilogy & judging by the title of book 2 "*Project Nirvana*" I had already suspected some link between the content of the two. However, I would have liked a more complete conclusion & worry that if this "anger" theme continues over the whole trilogy then it might stretch credibility too far & risk spoiling itself. Still I won't know till I've read them.... & read them I will ;o)

### Miss007 says

This book was totally amazing great, I don't really feel a good connection to read "several crime" related books but this book was both good and sometimes funny.

I also sometimes talked to the story because I had a explanation or a thought/opinion before it was solved.

Well this book is highly recommended..

---

### **Leopold Birkholm says**

Nja, lite väl långsam för min smak. Det är en bra thriller, inte tu tal om det. Det innehåller det klassiska kryddan av kritik mot byråkrati och kompiskorruption inom rättssystemet här i Sverige. För jurister finns det en viss knorr att fundera över. Det är starka karaktärer i boken med nyans och bakgrund.

---

### **Gretel says**

A really disjointed book that left a xenophobic taste in my mouth. I really didn't like the use of 'towelhead' and other slurs against muslims. I think I am sick of reading the same cliché time and time again; young and hardworking female police officer and an aloof old inspector who solves every case he has because he is a prodigy.

---

### **Malin - Nilmas Bokhylla says**

What I like about this book is that it's a little bit different from the rest of the books in the same category. I also like Walter and Jonna and their friendship and I hope I'll see more in the next book!

What I disliked was the dialogues and sometimes the language. There were also a lot of people and details to remember in the first part of the book, which made the story uninteresting.

If the language would have been better, I would have given this book 3/5 but now it's 2/5 and I really hope that the next book is better than this.

---

### **Lili says**

The core plot of this book is extremely good and I enjoyed the unusual and at times exciting story, but the writing lacks style and closer editing. It jumps around a little too much, breaking the flow of the reader and I felt some dialogues were a little too long. It's a shame because this could have been a cracking book. The author has a sequel out which I hope flows a little better, I will look forward to reading and comparing.

---

### **Laura Walin says**

Nappasin tämän lukulistalle jonkun naistenlehden suosituksista, kehuivat vuoden esikoidekkariksi. En kyllä ymmärrä miksi. Juoni oli täysin kökkö ja epäuskottava ja henkilöt kierrätetty paremmista esikuvista. Tätä tuki uskomattoman huonosti kirjoitettu dialogi, joka vei viimeisenkin lukunautinnon. Tämä oli huono kirja, jopa dekkarien sarjassa.

---

## **Gunnar Bloom says**

It's obvious that the author don't know what he's writing about, in addition to the worst plot ever. Sorry. Don't even bother picking this piece up

---

## **Helen says**

Good if (I hope) rather unbelievable story. A dangerous drug is in the wrong hands: a father grieving for his dead daughter has become obsessed with revenge. (We are more or less told this at the start, so not a spoiler!) A few familiar themes, including the idea of some of Sweden's special branch having unfortunate attitudes (hence words like "towelhead", which only appear in the thoughts of the corrupt special branch policeman who is so convinced that everything is an Islamist conspiracy that he completely misses the real motive). This is all a bit disjointed and there are a few cliches - the older policeman who is generally in trouble with his superiors and has a health problem, the younger woman who is a high-flier - but there are some funny moments too. This is supposed to be the first in a trilogy, and there are enough loose ends left at the end of this story to lead into the next.

---

## **Magnus says**

Great, steady, just what I expected when it comes to Swedish police books. Will read the second book in the series for sure. Read it in Swedish so I don't have a clue if it would translate well or not.

---

## **Tui says**

Odotin enemmän mutta tämä oli ihan viihdyttävä kuunneltava lenkkeilyn lomassa.

---

## **Thomas Nielsen says**

Under gennemsnittet. Historien er ellers godt tænkt. Politiet er ganske givet en stor omgang bureaukrati, men selv bogen drukner også i bureaukrati. Alt for meget fokus bliver flyttet over på sidehistorier omkring de forskellige personer i bogen. Jeg vil dog give bogen en ekstra stjerne for de humoristiske episoder omkring bogens homoseksuelle.

---

## **Sofia says**

Ruotsalaiset ne osaa tämänkin lajin. Mielenkiintoinen ja oikein luettava dekkari. Miinuksena ehkä hiukan liian monta seurattavaa henkilöahmoa, jotka ainakin sivuhenkilöiden osalta jäivät hiukan vaillinaisiksi. Kyseessä on kuitenkin selkeästi sarjan aloitus. Varmaanikin tämän kirjan sivuhenkilöt seilkailevat myös tulevissa kirjoissa. Enpä ihmettelisi jos päähenkilöiden välillä olisi myös sukulaisuussuhde orastavan ystävyysydän lisäksi.
