Big Nate: Game On! Lincoln Peirce

Big Nate is big news! And the best news is that *Big Nate: Game On!* is in full color! *Big Nate* books have sold more than 4.5 million copies and been on the *New York Times* best-seller list for more than a year. To sixth-grader Nate Wright, life is one big game. So when he suits up for any sport, he does it with an unmistakable swagger. From fine-tuning his trash-talking skills on the basketball court to his cocky 'tude in the soccer goal, Nate can be a bigger challenge to his teammates than their opponents. Enjoy Nate and his friends' mostly hapless sports encounters through not-always-highlight-reel moments in the all-color *Big Nate: Game On*. Includes poster.

Nathan Jaskiewicz says

I thought his book was very funny. It is a good book for people who like comedy and comics. i would recommend this book to anyone.

Corey Butler says

This book is not something I would typically read but I needed to read another graphic novel so I picked this one. It does have some funny parts, but, no, just no I don't recommend this to anyone older than 8.

Preston M. says

lol this was a very very funny book. Nate is a Red Sox fan which is great!!! This was a very much needed quick read.

Annie Risher says

I like this book because I am on a soccer team. Also I think Nate is funny.

Kelly DeLeon says

This is a short quirky comic book that would be perfect to kill time. The even though the art style is plain it is charming at the same time. The book is about Nate playing three sports, basketball, baseball, and soccer. Although what makes Nate's sports life different from anybody else is how he takes the sport on. He has ways to make the ordinary sports games into something more funny or fun. There are many other books about Nate and I would want to continue to read them. Even if there isn't much of a plot or drive to the story it is very entertaining. I would recommend this to friends and family if they would want to kill some time on a cheeky book like this.

Kearden says

It was a good short read book you could read in a day if you really wanted to. it is a combination of many short stories. they are all very interesting book it can get repetitive and very annoying at times but if you push thought it you have read three or four short stories.

The Big Nate series is definitely one of my favorite series, along side Diary of a Wimpy kid, and the Middle School series. All these are very similar series, I recommend them all! Just so you know, the Big Nate books don't have chapters, there are different stories every 5 pages. This book is about Nate, and his friends playing sports. In my opinion, I thought it was ok. There were a couple of stories from other Big Nate books in it.

BIG NATE – Game On

I recently read another Big Nate book called Game On. It was pretty much just as good as the other ones in the series. It was funny as usual. The thing that was different about this one is that it was like three books in one. It was about sports and was divided into three parts: basketball, baseball, and soccer. I thought it was funny because the author had the main character do hilarious things while he was playing the sports. This book was also different because it wasn't mostly set at school. Instead it was about playing sports. I could relate to this book because I love playing sports too. I would recommend it to people who like the Big Nate series, people who like sports, and people who like to laugh.

Funny

It is was so funny my son told me some of it and it was hilarious! So buy it because it is so funny

Walkernittolo says

Read it

Ashtonr says

It was good short, but good. I liked it because it was different sports not just one. The thing though is, how come he has like 2 summer vacations in one book but is always in the same grade?

♥Pear♥ says

I just love ? Big Nate books ? so I thought this was no exception. This book ? kept me laughing ? for a while.

J says

it's so creative, all the tactics nate finds himself in.
all that imagination is awesome

Jatin says

It's a really good book to read

JafetM says

It was a good book because I love graphic novels and it has a lot of sense of humor.
