From Reader Review 12 Shades of Surrender: Bound for online ebook

Carole-Ann says

The other 6 stories in the "12 Shades of Surrender" books:

Seven Day Loan by Tiffany Reisz

Taste of Pleasure by Lisa Renee Jones

Taking Her Boss by Alegra Verde

A Paris Affair by Adelaide Cole

For Your Pleasure Elisa Adams

Chance of a Lifetime by Portia da Costa

Of course, *Seven Day Loan* is the only 5 star story, but the others were OK too. (Not *A Paris Affair* though: contains cheating which may upset people)

Seven Day Loan By Tiffany Reisz -

Dee says

Some stories were better than others but I don't think it was worth buying for the one or two stories that were great. I was really looking for a new Tiffany Reisz story so when I got it- I realized I already read the story submitted to this book. A bit of a disappointment.

Alyson says

Spoilers

1) Seven-Day Loan by Tiffany Reisz. 5/5

I loved this story. It was beautiful. Plus there was a lot of humor, which I like so yeah, it really was an awesome short story.

And even though I get why Eleanor didn't stay with Daniel, boy, I wanted her to. I still do.

Update: After reading "The Siren" by Tiffany Reisz, I don't want Eleanor/Nora to be with Daniel. No, no, only with Soren ;D

2) Taste of Pleasure by Lisa Renee Jones. 4/5

3) Taking Her Boss by Alegra Verde. 2/5

I didn't like it. I didn't like the writing and couldn't care less for the characters. I liked Alex, but of course he wasn't the main character.

What really annoyed me was that in the beginning he wants to be the sub and then at the end he clearly is the

Dom. Throughout the whole short story I got the feeling that he was the Dom or at least something close to a Dom, since I think it was poorly executed...

Rebecca says

loving the short stories. i can finish a quick story then get on with my day and pick the book up as and when. rather than not being able to put the book down as i want to get to the end of the story :)and leaving house jobs to the last minute. Loved them all worth a read

Natasha says

Didn't realise the book is actually a number of short stories, I have already read the TR one as it is seven day loan :-)

But am being pleasantly surprised by the second writer....keep you posted, at current the tension and limited filth is causing much anticipation, I hope it delivers! It delivered and I enjoyed although in places it felt like the story had been chopped and parts left out or skipped by 6 months which was a little odd.

Wasn't a fan of Taking her Boss, she doesn't fancy him but then she ends up agreeing....

A Paris Affair - meh, not for me

For Your Pleasure - Hot, and a fantasy I'm sure a fair few of us have, a long lost admirer strikes and it's delicious!

Chance of a Lift Time - Half way through and I'm immersed in it, only wish it was going to be a full story!

Brandi Porter says

I have to say that I am very disappointed in this book. I knew it was going to be short stories, I guess, I was just expecting more than they gave me. Out of 12 stories I really only enjoyed 3 of them. And I still wanted more out of those 3.

The Envelope Incident by Emelia Elmwood. It was good to see a women open up to her dirtiest fantasies I loved it and they were dirty.

Night moves by Eden Bradley. It was very short but I still liked it. It was funny how they met and ended up really into each other. It just proves how crazy fate works.

Going down by Saskia Walker. It was an immediate attraction for them I love that. But the only thing was I just wondered what happens after her 6 month stay?

But there is one that I don't believe belonged in the book at all: Paris Affair by Adelaide Cole. It was about 2 married people having an affair and the guy, Oscar, has done it several other times. Then the end Valerie just goes on with her life and children, but the entire time Valerie is with Oscar she is complaining about her

children. I really only read some of it I just couldn't get through all of it. I don't like affair stories whatsoever.

The other 8 stories were just okay. I either enjoyed it but wanted a lot more, I didn't like how the story ended, or the story just bored me. Take your pick!

Onnica (I Love Romantic Fiction blog) says

Enjoyed Tiffany Reisz and Lisa Renee Jones's stories the best.

Beautiful_Jade says

I'm not quite sure how they managed to make eroticism so boring, but these authors did.

Ruth Johnson says

If you want an almost entire book on sex, filth, dreadful behaviour, this is the book for you. There is substance to all stories but it is based entirely on sex.

Christine says

Nora and Daniels story was the best for me. As it says in the title Nora is loaned out for seven days to Daniel. Very short reads. All enjoyable though.

Jacqueline says

There's really no point reviewing this book, I obviously found it delectable. After all, I'm a little bit of a perv. Loved Seven Day Loan the best.

Tina says

PLEasantly surprised, not a big fan of short stories.I discovered a few new new authors to check out - Anne Calhoun. I loved "Under his Hand",Emelia Elmwood & Alison Tyler.

You can always expect a good read with Eden Bradley, "Night Moves" was very hot. I really needed more details with Lisa Renne Jones's "Taste of Pleasure". And of course the main reason for getting this book was Tiffany Reisz.

Anybody not liking this anthology, do not quit until you read the last story "Seven Day Loan" which is my favourite and this was my third reading.

Dawn says

Several of the stories, I did not enjoy and I got the book for Tiffany Reisz. I guess it is my fault that it didn't check to see that her story was "seven day loan" which she has already released separately.

Jamal says

Well, this is the first time I read eroticism. The forbidden pleasure, I guess it has always been this way that people love what is forbidden and have a sort of hunger to get it. This is where cheating on your spouse is glorified and seen as sexy and all while the rest is boring, horrid and has no sense in it at all and nothing is done to recreate the pleasure and amusement in it. The question is: is this Art? What are the standards, criteria and limits of art? ... However, I gave two stars to the vocabulary in the book.
