Originally pubbed as Waiting To Score, this is a boy pov but definitely a book that has a lot of romance for the girls too. I love Zack.

Donna Marie says

So far the mother in this book is annoying as shit!!

Priya Kanaparti says

This was a pretty sweet and short story! This was an all male POV and I'd recommend it to 12 and above only because of something that happens to the girl in the story...

Victoria says

Is a great book to read

Melissa says

Short, sweet story written from a male point of view. Zachary is a 16-year-old hockey player who is new in town. His father died before he was born, and Zachary's mom seems to be trying to make Zachary into his father.

Zach's relationship with his best friend Haley is unique as is his interest in Jane. His hockey rival, Mac, provides the "mean girl" conflict in the story.

Sexual situations and underage drinking make this story more appropriate for older teens.
