### Nicole says

Read with C. Sugar is my favourite. She is so bossy!

---

### Courtney Umlauf says

A cute series for kids reading early chapter books. The silly humor is sure to please.

I do love the chicken squad. They each have their own personality and talents. Love to watch them in action and see the farmyard from their point of view. Looking forward to the next adventure of these sassy little birds.

### Becky says

The chicken squad is on the case when a little bird shows up on their doorstep needing help. Detective Sugar is not sure if she can trust the "weird blue chicken," but she decides the squad will help out. Lots of silliness ensues (my favorite is trying to leave the coop without being followed), and "oh brother," will they ever solve the case?

### Carol Royce Owen says

What a funny, silly story that I can see first through third grade students loving. The Chicken Squad is back and poised to help a weird blue chicken (blue jay), but they don't trust him and he doesn't trust them. The bird's problem is that someone has taken over his birdhouse. While investigating the chickens return to their coop to find that there has been another crime - someone is stealing grumpy squirrel's nuts. Can the two crimes be related? In a style of an Abbott and Costello routine, Dirt, Sugar and Poppy work to solve the crime, but J.J. Tully, master detective, has his doubts, knowing the chicks are nothing but trouble themselves. "They know trouble all right...and not the easy kind of trouble, either, like 'Oops, I have a paper clip stuck in my nostril.' the hard kind of trouble. The ransom-note, accidental-fire, wing-in-a-sling, my brother-is-stuck-in-the-garden-hose kind of trouble."

102 pages. This is a humorous story about a bluebird who comes to the chicks for help. Someone has kidnapped his birdhouse. The chicks enjoy a funny dialogue and solve the mystery involving a squirrel. Very funny and highly recommended to Grades 3-5.

My girls and I listened to the audio version of this story. Maybe I needed to have listened/read the first book to really appreciate this book, but I found it kind of a strange story and not all that entertaining. The Chicken Squad is an odd group of birds who try to solve crimes in their area. In this book, they are attempting to help a blue bird who has a tendency to confuse feet with inches.

### **Laila (BigReadingLife) says**

My son really likes this series - they're cute and perfect for when your child is ready for chapter books. These little chicks are not very bright!

---

### **Jadyn says**

I don't know if you'll count this book but I read this book to my little sister before going to bed, The theme of this story is teamwork. The chickens fight at first and get mad but in the end they learn to work together cause working against eachother doesn't work, and as my little sister says "neither does arguing"

### **Stacey says**

Fun and wacky like the first in the series. My students think they're quite humorous. A recommended read for EAL as the text is minimal (though some more challenging vocabulary for early EAL students) yet the content is not childish. Recommended for students in grades 1-3.

### **Miles says**

My favorite part of the book was when grumpy squirrel was flying through the air and trying to get to the tree branch of a neighboring tree, and he missed. And he went screaming, "ahhhhhhhh." And then Sugar, "ahhhhhh." And then Dirt, "ahhhhhhh." And then Sweetie, "ahhhhhhhhhhhhhhhhhhhhh."

### **Anthony says**

The Chicken Squad is back, this time they're using their skills of crime solving, to help find a missing birdhouse, and discover whose behind the theft of Grumpy Squirrel's acorns. In the process of crime busting, they help teach the difference between feet, and inches, and the importance of fruit in one's diet.

### **Matthew says**

I loved that the weird blue chicken was a blue jay. This series really captures the comic absurdity that its characters represent. It's consistently funny and the madcap mysteries are great fun for readers of any age.

### **Patrick says**

Cute follow up to the first book. Great early chapter book...
