Sylvia Day Crossfire Novels 1-4 Sylvia Day

There's nothing more romantic than Valentine's Day...except Sylvia Day.

Now in one deluxe set, the first four novels in the Crossfire series.

The #1 *New York Times* bestselling author. The #1 worldwide phenomenon.

Bared to You

He was beautiful and brilliant, jagged and white-hot. I was drawn to him as I'd never been to anything or anyone in my life. I craved his touch like a drug, even knowing it would weaken me. I was flawed and damaged, and he opened those cracks in me so easily...

Gideon knew. He had demons of his own. And we would become the mirrors that reflected each other's most private wounds... and desires.

The bonds of his love transformed me, even as I prayed that the torment of our pasts didn't tear us apart...

Reflected in You

Gideon Cross. As beautiful and flawless on the outside as he was damaged and tormented on the inside. He was a bright, scorching flame that singed me with the darkest of pleasures. I couldn't stay away. I didn't want to. He was my addiction... my every desire... mine.

My past was as violent as his, and I was just as broken. We'd never work. It was too hard, too painful... except when it was perfect. Those moments when the driving hunger and desperate love were the most exquisite insanity.

We were bound by our need. And our passion would take us beyond our limits to the sweetest, sharpest edge of obsession...

Entwined with You

From the moment I first met Gideon Cross, I recognized something in him that I needed. Something I couldn't resist. I also saw the dangerous and damaged soul inside—so much like my own. I was drawn to it. I needed him as surely as I needed my heart to beat.

No one knows how much he risked for me. How much I'd been threatened, or just how dark and desperate the shadow of our pasts would become.

Entwined by our secrets, we tried to defy the odds. We made our own rules and surrendered completely to the exquisite power of possession...

Captivated by You

Gideon calls me his angel, but he's the miracle in my life. My gorgeous, wounded warrior, so determined to slay my demons while refusing to face his own.

The vows we'd exchanged should have bound us tighter than blood and flesh. Instead they opened old wounds, exposed pain and insecurities, and lured bitter enemies out of the shadows. I felt him slipping from my grasp, my greatest fears becoming my reality, my love tested in ways I wasn't sure I was strong enough to bear.

At the brightest time in our lives, the darkness of his past encroached and threatened everything we'd worked so hard for. We faced a terrible choice: the familiar safety of the lives we'd had before each other or the fight for a future that suddenly seemed an impossible and hopeless dream...

Similar to 50 Shades but much better written and plot! It is hard not to fall in love with Gideon Cross and Eva. Love her passion for him but still demands equality!

I absolutely loved this series. Sylvia Day did an amazing job of pulling you in and making you fall in love with it. There is so much depth to this novel and it is incredibly well thought out. I was so sad when this was over, I never wanted it to end! Highly recommend.

awesome book

Dianne says

The first book in the series was intriguing, the second was ok, but with Book 3 and 4 it was straight downhill. It's a shame the series continued because it became almost contemptible. Never have I been so relieved to finish a book as I was with Captured by You (Book 4) - and never has a book been skimmed with such speed! I was also surprised to be finished, because I was expecting something to happen and it never did. It just ended with another pointless, childish argument that arose from very little out of the blue, and aided with separation, ended with a kiss-and-make-up. There was no new story in this book, just another few days in the life...

This book as with those previous simply kept traipsing back and forth over the same ground and it became very boring. The main characters had some tough breaks growing up, but being extremely wealthy were/are able to utilise the most expensive means of therapy to help them. There are many many people who have to handle what they went through and more, but haven't the comfort of their billions to cushion their past and present. So there is certainly an element of spoiltness and selfishness that colours their actions, and by Book 4, made the characters pretty unbearable.

The dialogue between the main characters was also nauseating in it's contest of "who loves who more". Really - who cares? I will not be reading Book 5.

Love the author. I have read this couple of times. Kinda like the Fifty Shades of Grey books only have its differences. Definitely a good read for those that enjoyed Fifty Shades of Grey.

Lori Lindau says

I enjoyed these books so much, I went back months later (I was missing Gideon) and listened to the whole series (1-5) on Audible.

From the moment Ava and Gideon meet it is white, scorching HOT! Ava can't help but be insecure (her man is a god!) and their 'accuse/explain/forgive/make up sessions' are 'O' so awesome!

Just thinking about them is giving me the urgh to download the books again! Mmmphm!

Great love story and more

If you can get beyond the extremely intense sex scenes, the story itself is what pulls you in. Can two people with so much baggage find love and put all of their pasts behind them to keep it?

I'd Stop the World and Melt With You - Crossfire

Bared to You (Crossfire, Book 1) (Kindle Edition)

Eva and Gideon's saga begins and so far the tumultuous two have led us on a rollercoaster ride that I am sure will only get crazier. Eva is beautiful brainy but hides away dark pain from from a terrible trauma. All these things make up the woman she is and the choices she makes for her life. On what she hopes is a path to recovery she tries to avoid triggers and pattern behaviors detrimental to her finding peace. She is persevering a new job a new city a new Eva! What she didn't bank on was meeting one Gideon Cross... Tall Dark and oh so Handsome. Gideon would check off anyone's boxes except the one where he doesn't seem to want a relationship. Big no no in Eva land. But Cross is determined to have her and she is helpless to deny him. Once they subcome they both quickly realize that the undeniable chemistry they feel will not be quenched so easily and Cross wants to make Eva his! Relationships are hard even in the best of circumstances, but with Eva's baggage it was never going to be a walk in the park. As they try and make things work it comes to light that Cross knows a little something about what Eva when through and is hiding scars of his own. The bonds that tie will they hold?

Reflected in You (Crossfire, Book 2) (Kindle Edition)

Eva and Gideon are back and they are leading us on a ride that will have you on the edge on your seat. When we last left the intrepid duo Eva had just learned of Gideon's ex-fiancé and Cary had basically self destructed in their home in the home of an crazy ménage a quatre. Gideon assures Eva that Corinne is old hat and nothing to worry about and Eva tries to curb her jealous tendencies. These two still have a lot of baggage between them, mainly Gideon's inability to open up to Eva. The secrets of his past are driving a wedge between the two and it's starting to take a heavy toll. When a old flame from Eva's past pops back up, the resentment she has been harbouring spills over and she uses Brett to show Gideon what she feels at the hands of his ex. Still he persists in keeping secrets and when Cary is hurt he withdraws even further into self when Eva needs him the most. But when a ghost from the past literally comes back to haunt them it is made clearer why the distance. But secrets still break bonds and love doesn't always mean a HEA

Entwined with You (Crossfire, Book 3) (Kindle Edition)

Eva and Gideon are back and the duo are trying to reconcile after what was a necessary but still painful separation. We rejoin the two after finding that Gideon would really do anything to keep his Eva safe from any threat. While taking care of Nathan was necessary as he was blackmailing and threatening Eva, now they have to deal with the fallout. Gideon has already tried to midigate the risk of the police by getting rid of motive and solidifying alibis but they still need to be cautious. Also Eva wasn't in on the plan from the get go so she was genuinely hurt by Gideon's actions and while she understands the pain she felt is still real. Finding their way back to each other without being obvious is like walking a tight rope but the couple are determined even with outside influences trying to interfere. When Brett believes he has a shot now that Eva is 'single' he tries to make his move and the ever present Corinne is acting even crazier than usual in her desire to have Gideon back. Add to that a reporter whom Gideon once spurned, Gideon's jealous and vengeful stepbrother Christopher, and Corinne's estranged husband and the hits just keep on coming. Also if there relationship wasn't enough drama to deal with add to that Cary's triangle drama, Eva's parents who's unrequited love comes to a head, and her father discovering about her past - and needless to say everyone's got a lot on their plates. But at its core their love is the most important and has the ability to conquer. Finally secrets are out in the open and trust is hard fought and well earned. The world keeps spinning around them but it really does stop for these two at times.

Captivated By You (Crossfire, Book 4) (Kindle Edition)

Eva and Gideon story continues and like all good HEAs after the uptick comes the great upheaval. We rejoin the pair after as the dust finally seems to settle after the steps Gideon took to permanently silence the threat of Nathan. It seemed that the two would, while still dealing with challenging past and wayward exes, would get to ride off into the sunset and enjoy some of the perks of married life. Life however has other plans for the Crosses. Gideon has been trying his hardest to shield Eva from all the gots that seem to just keep coming and while he thinks this is the right play, Eva is not having it. She feels like him keeping her in the dark and taking on all the burden is not only wrong it's insulting and patronizing - she is a grown woman and is

supposed to be his partner. Then when certain parties discover more about Gideon's past due to Eva's crusade to right the injustice of it, it causes Gideon to have to rethink how he processes his trauma and how to move forward. All these things threaten the carefully crafted walls Gideon has built over years of self preservation but now he has a partner and that means sharing the load. He can either take down the walls brick by brick or Eva will be left stranded outside trying fruitless to scale it.

The Literacy Advocate says

I DON'T THINK I'LL EVER GET ENOUGH GIDEON AND EVA! WHERE IS THE SIXTH STAR?; FIVE ARE NOT ENOUGH!

I've written a good number of reviews for Amazon as well as for publishers and authors directly, and I can honestly say that no other romance series has impressed or affected me as deeply as Sylvia Day's CROSSFIRE SERIES. With thousands of reviews already written for the four books and sets currently available in the series, I will address a few points here which are outside the usual synopsis/review format.

Firstly, the characters in this series--all of them--are, in my opinion, the most rounded, dimensional, reliable characters in romance. Miss Day's character development skills are simply the best in the business. Secondary characters are as complex and dynamic as the main characters in many other series, and Gideon and Eva are so real that I actually imagine them moving, breathing, and looking at each other with the intensity of all they feel for each other as their images pop so easily into my mind, thanks to the strength of the characterization and writing.

It is tremendously rewarding for me to spend time with the Crossfire characters. After reading each book, I've also listened to all of the audiobooks, and the narrator is superb. She differentiates the characters expertly with her voicing, and even manages to express Gideon's passion and intensity. The fourth book in the series, CAPTIVATED BY YOU, provides Gideon's point of view for the first time in the series. This was an ENORMOUS pleasure for me and will be appreciated by any true Gideon Cross fan. Although Gideon's narrator does not have the deepest, most masculine tone of voice, he has the intensity which embodies Gideon, and he conveys all of the singular focus which Gideon has for Eva, making the reader believe that Eva truly is the reason that Gideon draws breath, and able to understand how he could take some of the actions he has on behalf of Eva in his desire to protect and care for her (no spoilers here!).

I must admit to being somewhat surprised and disappointed by a number of reviews which criticize and even insult the story, characters, and writing of the later volumes in this series. It is my hope that new readers will be open-minded about the direction in which Gideon and Eva have gone. Yes, the situations which befall them are sometimes extreme; this is a story about two passionate people who collide into each other with all the force and pathos of their personalities, and their relationship itself is highly sexual, emotional, and extreme. Gideon's never been able to tell the reader how he feels prior to book four...so when you hear his anguish, his fears, his vulnerability for the first time, is it fair to call him weak or pathetic? I say no; Gideon

is written as a fully dimensional character, and the responsible reader will accept the notion that any man who could admit to having the profound need and emotion which Gideon has for Eva will also be intensely vulnerable to the thought of losing her. Getting inside Gideon's head was one of the most vicarious literary thrills I've ever had! Please, please, Miss Day, give us more of Gideon's POV in the next book!

Finally, I am utterly confounded by those who complain that the author "said this would be a trilogy," and have problems with additional books. I say PLEASE keep giving us Crossfire stories! Do we not want to spend as much time as possible with the significant people in our lives, those we've come to love? Why not hope for the same time with our most compelling literary characters? I IMPLORE Miss Day to keep writing this series. Gideon and Eva are such "big" characters, living big lives; I believe that they have a lot more to share with us. The cast of secondary characters is so strong that many of their stories also warrant telling. I doubt that there could EVER be enough of Gideon and Eva to satisfy me. When it comes to the passion, the pain, the romance, the struggle, and the mad love between Gideon and Eva, we can never get too much of a good thing. I run a large virtual reading group of women who love erotic fiction, and the group grows monthly. The Crossfire series is our number one rave read; in fact, it's been Gideon and Eva who've gained our group quite a few of its members!). You keep writing them (pretty please?), Miss Day, and we'll keep reading them. Promise!

Kim says

A well written angsty book

This series was recommended to me by several people and this is a review of books 1-4 of this series. I will be honest and say this is not my usual trope; I'm more of an angst free book lover. The amount of angst in this series is unbelievable. I had a hard time with that but at the same time I admired the writing ability of the author. This story focuses on the relationships of people who have been sexually assaulted at a young age and the long-lasting effects to them and their support system. I learned a lot from this book and I was glad to see the healing that was done by these characters throughout the series. This book is also very sexually explicit but don't worry it's all consensual between adults.
