Chloe

Sarah Brianne

Chloe Sarah Brianne

Chloe's scarred face makes her the school's freak.
Her reflection is a constant reminder of how she got them.
The man who scarred her haunts not only her dreams, but also her reality.
Some nightmares don't go away in the daylight.

Two men stand up to save her from the nightmares.
Both are men of the mafia, waiting behind a door she doesn't want to open.
Amo the soldier and Lucca the underboss.
The Beast and the Boogiemán.

Who will she choose?

The question is still remaining...

And that book didn't clear the air at all...

I have two days that i finished reading it and I'm still so damn confused....

And that cliffy??? OMG!!! I need the next story....

The thing is that after i fell in love with Nero and after i had such a great time with Vincent, i was waiting like crazy this book...

I couldn't wait to unravel all Chloe's secrets and i was so eager for her to end up with someone...

<1>Lucca or Amo??? Amo or Lucca???

The boogeyman or the beast???

And damn, I have to be honest with you.... I wanted her to choose Lucca so desperately...

Sorry, Amo!!! You're such a cutie, but Lucca is... Lucca, for God's sake!!!!

But unfortunately, i didn't get any of my answers...

I took mostly a repeat from the previous two books and that left me unsatisfied!!!

I needed action and the story to continue and instead of that i reread things that had happened on the past...

No, i don't care if they were given from different POV's... I already knew all those facts...

For me, they could be less things from the past and more from the presence....

I could see the situation as it was before with less words to be honest...

And when the good part get started around 80% of the book... **Bang!!!** That damn cliffy!!!

Sarah, are you tryin' to killing me???

And Lucca was almost non existent in this book and if you could see me, you would see smokes getting out of my ears!!! Arrrrrrrrrrrrrrrr....

Now for the plot, i can't tell you much, since nothing new came to light and i can not reveal those little new informations that we got...

The thing is that we need some answers in many levels, so the only thing that i can do is to wait for the next book....

As for the characters???

Chloe: I used to love that girl before and i still loved her in this book...

One nasty moment scarred her forever inside and out and i felt so sorry about that...

She was a scared little girl whom noone console her and that was so bad...

The only light in her darkness was Elle and her friendship...

Can't wait to see how she will deal with her problems and touching issues and if she will let her heart open and to whom...

"Does the sight of her just sicken you?"

She remembered how she had used to look just a short time ago. She used to think of herself as pretty.

How does the sight of her look to you now?

Now all she could see was the ugliness that had touched her."

Lucca: He is dangerous, dark and mysterious and he is the boogeyman himself...

And damn, i fuckin' love this guy!!!!

He didn't have a big part in this book, but the few chapters of his POV said too much, especially the way he was feeling toward Chloe...

That girl drown him like a magnet and even if he wanted it, he couldn't stay away from her...

Chloe had a pull toward him also, but she was terrified of him...

Will Lucca be the one that Chloe will chose???

"There was always a moment one faced in life when a choice had to be made, and this was his.

Her tortured soul called to his dark one, whispering for him to save her. His heart was now slow, steady, finding its purpose—Chloe Masters ...

Taking one last look at the scar on her face, he couldn't wait for the day he could run his fingers across it. Beautiful."

Amo: In the previous two books, Amo was more in the background, but here we finally got to know him better...

He was forced to watch out Chloe in the beginning, but this strange girl manage to stole his heart...

He was so sweet and so protective toward her... He could be the perfect match for Chloe, but damn, there is also Lucca and i 'm not changing my opinion, even though that in some point, i got confused...

Will this kind giant be the one who will earn Chloe's heart???

"Never had a girl brought up such strong feelings in him, whether they were good or bad. Whatever they were now, he wasn't going to figure it out.

That girl needed to find one of two things: a nice momma's boy or God. The last thing she needed was a made man."

Elle: I have talk about Elle in the first book, but here there was also some chapters from her POV and for once again, Elle showed us the greatness of her soul and how wonderful friend she is...

"The sand in Elle's hourglass had now drained halfway down, and it was as if Chloe's hourglass was broken on a constant loop, the sand pouring down, only for it not to fill the bottom. That was why Elle was been protecting her—because just like her hourglass, she was broken. There was no way Chloe would be able survive without her. She will break for good with no hope of return. But Elle could at least postpone the inevitable or, by some miracle, help put her back together enough to survive this place.

I just hope I have enough time to fix her and not enough time to break me."

I have nothing more to say about this story....
Only that i freakin' need the next book **ASAP!!!!**

Especially after this ending...

"You thought she had a choice? No. The Boogiemán had decided her fate the moment he had looked upon her scarred face."

Mary says

My opinion! I want to see Lucca with Chloe and Amo with Vincent's sister! Now that would be perfect in my Made Men world! Just sayin'! Lucca and Chloe will heal each other of their demons, where as Vincent's sister will settle player Amo's ass down!

Melanirose says

This may be unpopular, but TEAM AMO! I said it, and I'm standing by it.

Lucca!!!

Sammy says

::: BEFORE READING :::

'Amo and Lucca were two diferent people battling for one broken girl. Amo changed around Chloe, becoming a better man. Lucca, however wasn't going to change, showing her exactly the man he was' - Vincent

TEAM LUCCA - It's better to fall in love with someone for who they are than to fall in love with someone who shows you what you want to see. *shade*

::: AFTER READING :::

Thoughts on the book first, and then I'll get into why I am really disappointed with the author.

The prologue "book"

I liked that we got both Amo and Lucca's perspective. I have always been on Team Lucca (and I will always be) but this book made me sympathetic towards Amo. His feelings are first platonic but then they manifest into something more which is just sweet and honourable, just like Amo. My heart was seriously breaking for him since I knew Lucca was the only guy for Chloe, but man oh man Amo is sweet!

I found that Chloe was very guarded, even from the reader. We're still not a hundred percent sure with whats going on in her heart or even if she's in the right state of mind to want a connection with one of these guys.

Now onto one of my top book boyfriends ever! Lucca baby!

'Taking one last look at the scar on her face, he couldn't wait for the day he could run his fingers across it. Beautiful.

Seriously Sarah Brienne knows how to portray the tone of a character through her writing because every single passage of Lucca's was cold, calculating but sexy and steamy all at once. And although I did find my heart tugging for Amo, Lucca just lit it on fire with the ending!

**'The dark voice made her gasp for air.
"Hey, darlin'."**

Disappointed

I read a lot of reviews when the book first came out. But I pushed all those thoughts out the window and thought it's fine, I'm going to read this with an open mind for Lucca.

I'm disappointed. And I'm even more disappointed with the fact that Sarah Brienne does not seem to understand why most of the fans of this series gave this book such low ratings. It is not a book. This is more like a novella. There is hardly any new material, it's just a repeat of Nero and Vincent but from a different perspective. This is more like a prologue for the main book. It should have been Made Men book 2.5.

To add more salt to the wound? WE WAITED OVER A YEAR FOR THIS BOOK. The publishing date was postponed probably more than twice. I was so damn excited. But to be given this is a serious slap in the face. I seriously hope book 4 makes up for this because this was a huge disappointment.

Alpha Possessive Heroes says

I'm excited but..

WHY? WHYYYYY!!!! does it have to be a love triangle story and correct me if I'm wrong- but I heard it's going to be a cliffhanger ending?!

Sigh.. this really sucks man! I hate, and I mean **HATE** Love triangle books! I don't want to feel sorry for the other man! Then we all know whoever man that doesn't get the heroine will eventually get his own book.. and then I'll remember how he loved the first one and couldn't help but compare the one he feels with his new love interest.

Am I making sense? No? OKAY.

I just don't get why make this so complicated. TBH it didn't even cross my mind that Amo was in the fuckin' picture. O__O

Anyway, I'm thinking too much here! haha!

Chloe better choose her man ASAP and I hope the story is not all about it and drag too much about her deciding who she wants!!

sigh..

Since this one is a love triangle. **gags!** I'm team LUCCA! Amo is more like a protective big brotherish in my opinion.

So yeah... To Ms. Brianne, it better be Lucca...

TEAM LUCCA ALL THE MOTHERFUCKING WAY

Archer Hale's girl says

TEAM LUCCA!!!!!! omg can't wait for their book! please don't make this into a big love triangle!!

Raj says

If you have read Neo or Vincent in the series than save yourself the time wasted from reading this rehash of events.

RELEASE DAY

What in the actual fuck is going on? Everyone is frantic. Everyone is disappointed. The book is not what we all waited for? How can that be? I am crushed and a lot scared to read it. Get it? Hold off? I CANNOT decide.

THOUGHTS LEADING UP TO 04/30/2016

Fingers crossed this triangle is not dragged out. Pick one Chloe. Don't be greedy.

Look at that GORGEOUS cover and the blurb was finally shared. I think it might actually be happening. Book #3 will be mine. And soon.

Um... I need this book like last year.

FIRST THOUGHTS

Chloe means Lucca. I'm not even entertaining the other guy (okay his name is Amo). Secrets better be shared with me!!!

kukii says

TEAM LUCCA!!!

I will be so heartbroken if she ends up with Amo. She needs a MAN to torture and murder her tormentors. And that man better be Lucca .

February 9th 2016 :

Who else thinks that their anticipation for Chloe's story will lead to disappointment ?

Who else is getting irritated by the fact that the book is still not released ?

ANYBODY ?!?!?!

April 23rd 2016 :

Okay , Chloe is hot . All is forgiven

May 3rd 2016:

Lol ! I'm not even angry . I just don't care anymore . But why did the author take so long to write the book if she was copying scenes from Nero . Why is it two books in the first place ?!? Whatever.

#teamlucca #sorrynotsorry

I love this series, so because I love it so much I've made an informed decision. After reading a review written by a friend I trust, I realized reading this book would be putting myself through another year of agony. So I skimmed the last 2 chapters. Yes I did. No I'm not sorry.

Chloe, by Sarah Brianne: 1 “Judge the Book, Not the Reviewer” Star.

I JUST READ THE E-BOOK EQUIVALENT OF A PADDED BRA!

Chloe (Made Men 03), by Sarah Brianne, is stuffed full of recycled scenes from *Nero*, with a few outtakes thrown in for extra bulk. And yet... Somehow... Being duped into wasting \$3.99 on padded prose isn't half as irritating as some of these reviews. Why, you ask? Well, from what I gather, there are two reasons for being dissatisfied with this book:

Either, you're ignorant.

"In order to understand Chloe and her feelings you must go back and re-hash things. If you don't want to understand her or feel how she became who she is then don't read this book!" ~ (view spoiler)

Or, you're narrow minded.

"It's one of these times that I simply cannot understand people and why they are so mean to authors. Every author has a plan in his/her mind and we should keep OUR mind open and follow them in their journey. don't judge it by how YOU would like to write it." ~ (view spoiler)

YOU KNOW WHAT "I SIMPLY CANNOT UNDERSTAND"?

How I've functioned all these years without someone telling me the standards by which I should judge something?

I've read *War & Peace**, for Christ sake, you'd think I could grasp the literary subtleties of *Chloe*! As it turns out, I DON'T KNOW JACK SHIT! Because, when unschooled me read a whole book full of sentences like this:

"She had been so concerned with the pain in her face at the hospital she didn't even noticed her arms shared their own markings." ~ Chloe

I thought:

"Screw 'judge it by how [I] would like to write it!' Just give me a pen so I can EDIT it! Because I can't understand the author's syntax, much less 'Chloe and her feelings.' "

AND SPEAKING OF DAILY LOGS...

Close minded me found dozens of deep, meaningful conversations about "chicken patties vs. pizza", and "behind vs. beside", and "tick vs. tock"; a tad redundant. And multiple variations of, "*Chloe hung her head to the ground*", and "*wringing her hands, she began to dig her nails into her palms*", and "*blinking away the tears in her eyes that rained down her cheeks, making her scars glisten red*"; a bit trite!

But, not anymore! Because NOW...

And if I didn't learn anything new after 300 pages of:

And 40 pages of:

And 3 pages of:

And 1 page of:

THEN, WHO AM I TO JUDGE?

Maybe boring readers to death is this author's "*plan*"? Maybe I should shut up and gently "*journey*" with her "*into that good night*"*.

I mean, no one dissed Hemmingway* for writing a 132-page snooze-fest about an old guy deep-sea fishing! Well, except for the 24,472 ONE STAR reviewers on Goodreads. When Fitzgerald* droned on for 180 pages about foolish, whiny rich people, only 78,498 Goodreads reviewers ONE STARRED that!

The fact that some reviewers feel the need to scold people for having an opinion that differs from their own says absolutely nothing about the quality of *Chloe*, or the character of the author and her fans.

OR, DOES IT?

As "*the author*" of this review, I assure you that I do, indeed, have "*a plan in [my] mind*"; and, while I hope you'll "*follow [me] in [my] journey*", I trust that you're SMART enough and PROGRESSIVE enough to make up your OWN MIND!

SO, I'LL LEAVE THE "*JUDGING*" TO "*YOU*"!

I...just...didn't...think...this...book...will...be... like ...this

unorganized...

there's no structure...

no form whatsoever...

The story is like the bride of Frankenstein, patched up from bits of shattered pieces of the story in book 1, it was like watching some kid's attempt into making his first scrapbook from the already used and battered pieces.

I got nothing from it, no satisfaction, no answers, I couldn't even bring myself to care about *Chloe*

it was a nice reminiscence of the characters I have loved in book 1 - *Nero, Elle, Amo...even Vincent* the thrown in glimpses of *Lucca* (who was actually totally alienated from me in this book) now, made me regret my earlier decisions...

My high expectations were not met. At all.

I...just...didn't...think...this...book...will...be... like ...this

yeah, my sentiments right now...

yeah...
