It Begins & End With Your Instant Pot

Do you want to make great recipes for yourself and family using the Instant Pot?

Do you own an instant pot, plan to buy one but don't have a clue of how to use it?

This book "550 INSTANT POT Recipes Cookbook" contains over 550 recipes that can be made using the instant pot and other electric pressure cookers.

The recipes are quick and easy to make. Healthy, delicious and mostly ONE POT. Meaning you do not need a sauce pan, the grill, or any other conventional cooker/equipment to complete most of them. This saves you the time used for washing. As you'll have just your instant pot electric pressure cooker and at most one bowl to wash after cooking. Isn't that amazing? Your kitchen is kept clean from spills, smells and all the mess from conventional cookers. Adding more numbers to the minutes saved in the end.

This is the ONE Cookbook you need for your Instant pot pressure cooker with lots of interesting easy to cook meals for healthy living. It's a must have for every mum and every kitchen as there is definitely something in it for everyone.

Some interesting recipes in this book, but a disappointment. There are no pictures of any of the recipes. Ingredients are spelled wrong (e.g. flour was spelled flower) on one of the first recipes. And there were many blank pages randomly throughout the book. Very disappointed with my purchase.

I really can't rate this as a cookbook as I found myself doubting the quality of the contents. Right from the start, you see that this book is in serious need of proofreading and editing. The language is odd and to me it feels like it was written by someone whose first language is not English, or this is a poor translation from another language.

The numerous language mistakes can mostly be figured out, like the misuse of brake instead of break, but occasionally there are words that you wonder if it is a typo or not. For example, the recipe for Alphabet Soup calls for ½ cup alphabet paste. I'm assuming this is a typo for pasta. But in the recipe for Chicken Enchilada Soup, you need 2 cans and 15 ounces of black beans. Why wouldn't it just say 3 cans? (I think each can is about 15 ounces?) The other ingredients are listed as 1 can/14.5 ounces, so I think this is an error. But most recipes just say use 1 can and don't give an amount in ounces so I am left wondering if can sizes are different elsewhere and I really do need 2 cans of undetermined size plus 15 ounces. Too much thinking and I haven't even started cooking yet! (Although I'm pretty sure it is 2 cans of 15 ounces each.)

There is a lack of consistency in style also. Some recipes are presented in the traditional format listing the ingredients with amount needed first - 1 cup white rice, while others are listed backwards - canned tomatoes (128 ounces) or salt (use 1 teaspoon). Most recipes use a blend of both of those formats.

If you can get past the editing and grammar mistakes as well as the style issues, then perhaps this cookbook has some fine recipes. I never made it that far, choosing instead to utilize other Instant Pot cookbooks that are professionally proofread and edited. There are tons of recipes and cookbooks available; I prefer those that are clear-cut and precise.
