Synopsis from cover

When Shannay's marriage to billionaire Marcello Martinez ended, she returned home carrying with her a precious secret....

Now, four years later, Marcello has tracked his wife down and discovered she has kept knowledge of his child from him

Marcello will make Shannay pay for her deception--by returning her to their marital home...and their marriage bed

StMargarets says

Secret baby/second chance story between a Spanish billionaire and his pharmacist wife who escaped to Perth (Australia) after she was convinced hubby was cheating with a socialite OW. Heroine then found out she was pregnant and decided to hide from the hero. There have been no divorce papers drawn up and her daughter is now in kindergarten.

The heroine is found out when a friend of the H's sees her with her daughter. Hero finally hunts her down with demands for a paternity test and a forced trip back to Spain so his grandfather can meet the child before he dies.

Most of the story is from the heroine's POV and the hero says very little. He hangs around with his daughter. Tells the heroine he never cheated. Pours out wine. Buys her clothes. Announces their social calendar. Picks her up out of her own bed and puts her in his - every night. It's all kind of mechanical and yet it's an oddly soothing contrast to the heroine's dramatic thinking.

For the third act of the story, the little girl is (view spoiler)

There were hardly any showers or clothes descriptions and the OW was barely credible - so not a typical Helen Bianchin. I liked that the hero compromised at the end and that the heroine kept her job. You never know with these Spanish Billionaire types who didn't bother to find you the first time you left.

Beckey says

Interesting quick read

Shanny left her husband 4 years prior after discovering that he was unfaithful to her (or was he...)

For the last 4 years she has raised their child without his knowledge of the little girl...

What happens when he discovers about the child?

Roub says

this was too cliched 4 me. u no a storyline can be cliched but well done. this one was boring, it was like reading smthg i've read too many times ! add 2 dat, marcello's insane idea of revenge, getting shannay back !? is dat revenge !? lol. it wud have made more sense 4 him 2 snatch the child if he wanted revenge. he also let her go n did not pursue her in the 4 years.

Brie says

wow, ithought that this book was fabulous!!! lol the plot seemed very well thought out and for once the conflict of the their past was very plausible. as much as i love the harlequin presents series (and i do, i definitely do), the conflict of most of the books is a little hard to relate to or even imagine as possible, sometimes its just ridiculous. but this was definitely not. its easy to understand her leaving him if his entire family and his former lover are constantly tormenting her and attempting to dismiss and diminish her, and force her to believe he was cheating on her. the characters chemistry was a powerful thing and the sex was hot lol and im very happy she wasnt a woman who simply gave into the man, no matter how sexy and tempting he may be ;) she actually resisted, for as long as she could and even after she gave in the first time, she continue to fight her passions. the ending was excellent, both the way they reconciled and the way she left off in their growing family. i have greatly enjoyed reading this and do recommend it :)

Megan says

This was boring sorry!

I wasn't bothered if he took the child and shut her out or what ever.

Tania says

Again - nothing special. I think the main issue I had with this book is that the story never really has time to flesh out it's potential. I enjoyed the father meeting his young daughter for the first time and the developing relationship but never felt like I knew enough about the reasons that made the heroine leave in the first place to really get into the story.

purchased in box of books from the end of the lifeline bookfest

Amanda Sheila says

Marcello is an annoying son of a gun.

Personally, that's what I think. There are so many gaps in this book, like why in the world Shannay didn't file for divorce as soon as she left Madrid and only to wait until Marcello finds her? Or why Marcello's aunt is a bitch but not being blamed for her running? How about Estella too?

That's why I can't force myself to like this book. I think it's enjoyable but not my favorite. I wish there's more angst than this.

Overall good storyline.

Lu Bielefeld *read.laugh.love* says

marriage in trouble + separated + heroine in love + hero coveted by another woman + ex lover bitch + describes parties and clothes of the rich in detail.

Story full of holes that left a lot unanswered.

RomLibrary says

Starts with her and her daughter at a fair. His sister in law sees them and determines the little girl is his daughter. He comes to get them. When Shannay's marriage to billionaire Marcello Martinez ended, she returned home carrying with her a precious secret....Now, four years later, Marcello has tracked his wife down and discovered she has kept knowledge of his child from him! Marcello will make Shannay pay for her deception--by returning her to their marital home...and their marriage bed

Jenny says

If you like a super fierce heroine who won't give in to the hero and resist him till the end you will ADORE this book! I found the heroine very cold but I know readers who like fierce heroines will adore her and this book!

Dalimar says

Es Un libro muy interesante,el comienzo es sencillo y me gusto mucho el hecho que el personaje infantil interactúa con los personajes principales.Opino esto,porque en varios libros leo que si los protagonistas tienen algún hijo,nada mas pelan y discuten entre ellos (en la trama) y no hay comunicacion ,ni mas interacción entre el hijo y los personajes,siempre están con las niñeras .Bueno es la mayoría de los casos,no la regla especifica.Pero Nicky(la niña de la novela) es todo un encanto.Me encanta la manera en que se desenvuelven los personajes . Lo que me resulta extraño es el titulo "En la cama de su marido",creanme que

hasta aproximadamente la pagina #60 la chica no llega a la cama de su marido, extraño para una harlequin que he leído algunas que ya en el tercer cuarto párrafo los personajes consuman su unión. Sin adelantar mucho, por si lo quieren leer les comento que la escena del secuestro de la niña fue de lo mas acertada, no muy larga pero si es un giro inesperado en la trama y es una recurso que el autor utilizo para el movimiento final de los personajes en la trama. Claro siempre hay un villano, pero en este caso las brujas no son tan determinantes en el retorno de los protagonistas, aunque según Shannay , Marcos le fue infiel, aunque eso se descarta bien al desenlace de la trama. Para mi gusto no es la mejor, tampoco me dejara un gran recuerdo, pero sin dudas pase un rato agradable mientras la leí. Que al final para eso leemos para distraernos.

Dina C Gonzalez says

Good story

One of my favorite authors. Never disappoint. Enjoyed story from start to finish. Highly recommend! This will be one to keep in your library.

Megzy says

2.5 stars

I picked up this book after reading on a thread that it had the most evil other woman. Well, I guess those readers haven't read many of the books I have. The OW is a bitch but she doesn't even come close to many others. In reality, there are not as much interaction between the three and the reader can easily see Marcello is hardly even tolerating the other woman. Also, the aunt that was suppose to be so bad really wasn't. I didn't warm up to Shannay much. I found her cold and very demanding. She had no living family and hardly had a friend(view spoiler)

Angy says

i really liked the fact that the hero didn't get involved with another woman during the time of separation with heroine.

i mean in most of the harlequin books, the hero gets involves with other women when they r not with the heroine, n says that " I'm not a monk."

and meanwhile they expect the heroine to be faithful to them,

that's the height of hypocrisy , which was not there in this book, thats why i'm giving 1 extra star, to this book..

other wise it was a 4 star book for me..
