From Reader Review Kiyomi for online ebook

Pam says

As you gaze at your reflection
In the mirror above your shoulder
Remember- beauty only shines
In the eyes of the beholder.

Nikandra says

hey, my dad read to me this beautiful book....
i want it... but i dont know where i can buy it...
evere body can help me...?

Chelsea says

Love this book. Such wonderful artwork And a sweet message!

Arwen says

A book about vanity. Kiyomi thinks she is the most beautiful creature ever and that all should be in awe of her beauty, until one day she meets Sumi another creature who thinks that same of himself. A good lesson in this little story. As with all the books illustrated by Robin James, Kiyomi's illustrations are beautiful and just plain lovely.

Dee says

This was my very first Serendipity book, and I read it so much that it almost fell apart. It remains one of my favourites for its gorgeous artwork and positive story about beauty being in the eye of the beholder.

Kate says

I loved these books, the animals with their giant eyes. I remember this one because the animal was a deer, and I loved her name: Kiyomi. I wanted to name one of my children Kiyomi (I was in third grade, ok?).

Sandie says

I am a huge fan of Stephen Cosgrove and have been since I got my first Serendipity book when I was a little girl.

This book is no different, love the descriptions that Cosgrove always gives, and the words, he has such pretty words for everything!! Every story has a moral which I love!

Even without the story the pictures alone would be worth looking at these books for, absolutely adorable pictures!!
