Lancaster Brides

Wanda E. Brunstetter

Lancaster Brides Wanda E. Brunstetter

Travel the Pennsylvania back roads and buggy trails with four young women in the Amish community - women struggling to discover their own place in the world while finding true love in the process. In *A Merry Heart*, the man of Miriam Stolfus's dreams has decided to marry another woman. Miriam's bitterness threatens to cloud her future until two special men enter her life - and she is forced to make a monumental decision. After a freak accident paralyzes her legs, Rebecca Stolfus is *Looking for a Miracle*. Confined to a wheelchair, she longs to be loved for who she is - but she's forced to watch from the sidelines as the man who has stolen her heart is obviously infatuated with her best friend. When interior design student Laura Meade comes to Lancaster Valley, she falls in love with Eli Yoder, one of the Plain People. Will Laura be able to choose between a Plain and Fancy life? Rachel Beachy wants something she can't have - her sister's boyfriend. Yet in *The Hope Chest* she finds her floundering dreams for love rekindled in a most unexpected way. Will she be the next of the Lancaster Brides?

Lesli says

I should have wrote this review sooner, all the details of these four books mashed together. I think I liked the first one a lot, wasn't as excited about the second one, but maybe that is backwards. I quite enjoyed the third, while losing interest in the Amish way of life. Maybe children who don't make noise in public isn't worth not being about to question my parents' and in laws' authority as an adult. I'm grateful to be apart of a religion that believes in being in the world but not of the world. Although I'm not knocking anyone else's. By the fourth book, I grew past Brunstetter's novels. Yes it took 10 of her novels for me to decided I had had enjoyed enough of her predictable romance novels. Also these books were less congruent. Almost a generation past between each book, but yet in the first book, a reporter takes a picture with a digital camera.

Dawn says

easy read. I loved all 4 books and love Wanda brunstetter!!!!. I learned that God is always with us through bitterness, lose and much more.

Kathryn Steffen says

Rebecca's story is the best in the collection :)

Heather says

Four great stories, that span 4 generations of one family. A definite must read.

Lalonia Gatewood says

I love this book. All the books I have read by Wanda shows the reader how to walk by faith, to trust in the Lord. Just remember while reading her Amish stories, not all account of their life is accurate. Have a blessed day!

Rani Kaye says

I really enjoyed reading each of the stories in this book. My only criticism would be that once the writer has decided that it is time for the story to end, she just puts in one quick Come-to-Jesus moment, wraps up the loose ends in a few paragraphs, and then it's over.

I will be reading more books by this author, though, because they are very enjoyable.

Joyce says

I really enjoy reading about the Amish life. This was really 4 books in one, and I really liked how each story intertwined the characters from other stories, so that you were able to hear about "their" life too!

Bree says

<http://breesabookworm.blogspot.com/>

I loved all these books (maybe not the third so much) and got a lot out of them. I enjoyed learning more about the Amish culture as well. Some of the things made me mad, or annoyed. And some of the things made me cry. But mostly I couldn't put the books down, and was really glad that I read them! I also enjoy how they are all intertwined and when you read through the books you get updates about previous characters throughout. This author is not afraid of writing about tragedy. But she always shows how God works things out for the good in the end.

Kris says

This is one of the books from our church library.

I recently took over as the head librarian and have challenged myself to read a variety of books that we have in our collection so that I am able to make recommendations to our members. This is one of the most recent books I have read.

It is actually 4 books in 1. Each one is tied to the previous story but usually involves the next generation of characters. I enjoyed reading the stories but found them a bit predictable and somewhat repetitive. I also found that the plot kind of dragged along and went around in circles a lot of the time.

That being said, they are nice stories with likable characters and happy endings so they make for relaxing bed time or holiday reading.

Rachel says

I love Amish fiction because of how community-oriented they are; these novels are great.

Deana says

I loved this book. I read it on a vacation. My mom bought it for me!

Gypsylcm says

Found the "Hope Chest" story to be quite sad in parts

Kymerly says

Enjoying this book. almost done. I've learned alot about the Amish and alot about my self...

I really enjoyed this book. I learned a lot about the Amish culture and was encouraged in my own walk with Christ.

Janice says

I read this on the kindle

I got this as a 4-1 book series & each book is about a possible want to be bride

This does go over a generation in that some of the people in one book it their children in the 3rd & 4th book

I enjoyed the book & i had read this omnibus version in book format some years ago

Sparrow12 says

Excellent I love Wanda's books
