The Hero Next Door Irene Hannon

He thought the big city was tough...

Then former Chicago cop Justin Clay met his neighbor's rebellious teenaged nephew. Just like Justin, the boy had come to Nantucket to put his difficult past behind him. But while love-shy tea shop owner Heather Anderson is doing wonders for Justin's outlook, she's having trouble reaching the teen. Suddenly the man who didn't think he had anything to offer is helping a fractured family, and three fractured hearts, come together. And a world-weary cop is turning into the hero—and husband material—next door.

Kristen says

This is the first book that I have read by this Author. Will definitely look for more of her books.

Tammy Cable says

I loved it! Laughed a lot.

Jackie says

Good book, I like these kinds of books. It helps me to unwind.

Kitty Fearing says

It's a fun read and we need those sometimes.

Anna Marie says

I had a rough week. So rough, that I actually reached for this *wanting* sunshine and puffy clouds and luvv. And I expected to be disgusted with it (because, well. Luv Inspired doesn't usually score high, let's face it). But to my surprise, this one's a keeper.

Not because I like the characters - I think I'd hate them in real life. No-nonsense (megalomaniac) cop and hoity-toity tearoom owner are typically NOT my style. They weren't endearing people. And not because of the plot: cop dealing with guilt, tearoom owner with a dad grudge. And not because of the writing - it didn't suck me in, and as with all Luv, Inspired you don't feel romance tingles to your heart, let alone to your toes.

It was the simple fact that the author asked, 'What needs to happen in order for you to forgive'? That one question MADE the book. Most chrischun writers are all about God's love and mercy and us being forgiving, but it never asks the questions that actually facilitate that. It just irrationally expects you to put yourself in hurtful places over and over with no sense of preservation. That drives me crazy.

But every once in a while, an author manages to get it right. Forget the subplots of his brother and her nephew. Nevermind the fact that this uber-Gawdly hero who carries a Bible even to the BEACH has no qualms with falling for a non-believer. Nevermind that the Nantucket PD wouldn't allow his trauma anywhere NEAR their force, friend or not. And nevermind the hardened con wouldn't say "how can you keep loving me?" ((<< general lack of realism in christian novels.)) Nevermind ALL of that - she asked the question.

And that made ALL the difference.

Sami A. Abrams says

Loving this series. A bit different from a beloved romantic suspense, but the internal struggles are real. There is tension in the story, but it isn't there for long. For me it's a nice change compared to what I normally read.

Dianne Sidebottom says

this edition came from the ebook library. Trying to read as much Irene's books as I can. Heather and JC's story in Lighthouse Lane series. Enjoyed the story. Duty and responsibility call do they take it on. Throw them back when being difficult. Secondary character Edith is meddlesome but out of love.

Kaylynn says

An easy relaxing read. A feel good book.

Barbara says

This was an enjoyable, feel-good book that was quick to read. The storyline was very simple, but kept my interest.

Hildegart says

I've been enjoying the books by Irene Hannon that I've read so far. This is the second book in the Lighthouse series. I like the setting on the island.

Paula says

2ND READ: JC moved to Nantucket for a few months to clear his head. After working an undercover stint that ended very badly, he accepts a job on Nantucket to help him recover and get back to his roots as a beat cop. Heather own the tea room next door to the small cottage JC is renting. After a few run in with one another and an angry teenage nephew, JC and Heather can't fight their attraction. Throw in family discord and you have a reason for God to enter the book.

1ST READ: Not as good as the 1st book in the series, but still a good, heart-warming story.

Merle says

The Lighthouse Lane matchmaker strikes again! This time, the local teahouse owner finds love with a cop on leave from a big city, bad situation. Heather has no trust in men and Justin is in despair over his family and his job.

Edith has arranged for JC to stay nearby and he and Heather can't help but run into each other. Add in one troubled teenager, another troubled sibling and an estranged dad and there are a lot of ties that need to be reinforced. It happens, though.

Shaica Kamille says

Very entertaining and full of life lessons. Wholesome romance novel. Well-written. Realistic scenarios. Gives great insight about typical situations that everyone goes through somehow.

Lisa Carter says

Irene Hannon is masterful at presenting the inner struggles of the hero and heroine and how they overcome all obstacles to a happily-ever-after.
