Promise Me Forever

Debbie Macomber

Promise Me Forever Debbie Macomber

Physical therapist Joy Neilsen doesn't take no for an answer when it comes to her patients. She's tough yet compassionate, doing whatever it takes to get them back on their feet . . . and she's met her match in Sloan Whittaker. Bitter, angry, resentful, Sloan is ready to give up. But Joy doesn't let anybody quit, especially not a man as talented as this brilliant tycoon—a man who, somewhere along the way, has won her heart.

After weeks trying to push Joy away, Sloan realizes he's a fool. She's determined to piece him back together, and now he knows why: Deep down, she's as broken as he is. Joy is prepared to give him everything, and now Sloan wants to give her something in return. He can be the one to show Joy that she's perfect inside and out—if she's willing to let go of her own painful memories and make happy ones with him.

Karen says

A nice, clean love story which was predictable but which I thoroughly enjoyed. The book is called a Debbie Macomber Classic, but I can see why and it didn't matter one bit that it was written in 1995.

COURTNEY CONNOLLY says

Love Love Love

This book was so great. I was so emotional !!!! I laughed, cried and cried some more, happy, mad, sad. It brought out every emotion and that my friends is a good book.

Lynda says

Strong willed Joy forced Sloan to move from self-isolation and self-doubt through encouragement and aggressive tactics. The lesson learned from this book was how powerful Sloan became when he was released from the restraints he put onto himself and he realized the possibilities ahead.

sygui says

Enthralling...

The author really knows how to bring out the good emotions,tears,laughter..- very good romantic story....so well written.....the threads were well woven..to make a beautiful tapestry of a love story

Denise says

Page turner

This book has you hooked starting on page 1. I couldn't put it down and the characters came to life. Great message about not giving up. First of many I will read from Ms. Macomber.

Judi says

Predictable but enjoyable

I enjoy light romance for summer reading and Debbie Macomber stories are ones that I can enjoy. This book

pulled me in as I have worked in rehab for 40 years and understand the pull and gratitude that patients can have. Now retired, this brought back fond memories of lives I have touched and how there are very special therapists that can break through even the toughest patients.

Maria says

A tough physical therapist who takes on the hardest cases, Joy finds Sloan a difficult case indeed. Badly hurt in a car accident, he knows he will never be able to play tennis, ski, play baseball, or do anything he had done for fun for years. He refuses to move from his wheel chair. Joy slowly but surely weans him away from his self-pity and his wheelchair even as she sparks his fury with her methods. They duke it out very entertainingly, as they fall in love even though Joy recognizes that she will never fit into Sloan's posh lifestyle. I thoroughly enjoyed the retreat and advance of their skirmishing.

Ashley Lovett anderson says

Loved this read

Jackie Blatt says

Debbie Macomber Classics Promise Me Forever

The Author has been a favorite of mine for many years. I've never had any qualms reading her books. Clean and lovingly crafted stories that all can enjoy. This book was a wonderful experience and I can totally recommend it.

Diane says

A Debbie Macomber Classic

A classic is a story or music that has been around for several years and continued to be enjoyed by those who enjoyed it the first time and by those who rediscover the next edition. Thank you for releasing this story again.

Kathy says

This is a book about a man who had an accident and was in a wheel chair. It is also about the physical therapist who helps him to walk again. The interplay of how much pain is involved in this transition is paramount to the story. How does she convince him to try harder? How does she get him back to his previous life? Why does she leave his employment? It is a book of pain and love enjoy it.

Leticia Youngblood says

A good classic man meets woman

I liked the story, sort of a Cinderella meets the Beast. They fight furiously, then he wants to marry her, she says no because she doesn't feel like she'll fit into his life. Also sort of reminds me of the movie Sabrina. He finally convinces her that she's the one. Sigh. Fabulous!

Jan Mcleod says

This is a well-written story about a wealthy man named Sloan who had been in an accident and is now in a wheelchair. His past good life and attitude are totally changed. He's run off all his friends and people who have tried to help him because he does not want to see pity in their eyes.

Joy is his new therapist, a gutsy, stubborn woman determined to see Sloan walk again in spite of his anger and bitterness. What he does not know about Joy for a time is that she, too, had endured the disabling trauma and pain of an accident. That seems to be a turning point for Sloan.

Amy says

This was not my favorite Debbie Macomber book, but I did enjoy it. I love this author's series books. Usually when I get to the end of one I want more. This one seemed like it was rushed and over too soon.

Paul Schreiber says

Not as good as her more recent books

I really like Debbie Macomber, and I did enjoy this book. However, it had none of the depth that her more recent books have. It is a classic and I do like to see how my favorite authors started out, so if you like that, I would recommend this one.
