The Time Travelers: Volume Two Caroline B. Cooney

Annie Lockwood is testing Time. She asks to travel back a hundred years to 1899, when her beloved Strat is in Cairo. But in what feels like a cruel joke, Annie is transported to ancient Egypt instead, thousands of years before Strat was born.

Powerless, Annie and Strat both look to Time. Can its force, which brought them together once, help them find each other again?

Sati Marie Frost says

4 stars for both books.

Chelly says

Strat is slightly annoying...that's really all I have to say

Carly says

While I had to force myself to actually pick up the book and read it, once I started I could not stop until I was done. What a delightful read, even if the ending was a disappointment. Yet, it was satisfying and I highly enjoyed what Caroline wrote. The characters were engaging and easy to empathize with, even the antagonists. Thanks for this series!

Deena says

I looked for the last book in this series for YEARS. I was so excited to finally get a hold on it, but decided to re-read the first three books first.

I must say I was rather disappointed by the ambiguous ending, but at least it wasn't a sad ending, and the book as a whole was well written. It was nice to get a glimpse into ancient Egypt as well.

Mary Zavitz says

Just like the first time.

Loved the Time Travel quartet in high school and still love reading them again. Wish she'd added more to this series. Would love a better ending to the final chapter in For All Time. Oh well.

Tina says

Read the first volume - had to read the second! Annie is still trying to connect with Strat. The setting is Egypt, which was very interesting. Met some new characters that really helped make the story.

Flyingdove says

Well I just started reading it and I'm only on pg.149 of Prisoner of time but it is good. I can't believe that Devoney's in 1998 instead of 1898. And that Tod has fallen for her. Not saying that she's not pretty because the way I picture her she's beautiful but still he's just so well heartless pretty much.
