Pirate Mom Deborah Underwood , Stephen Gilpin (illustrator)

Yo ho ho! Pete loves pirates, but his mom thinks they are rude and messy. Then Pete and his mom go to see the Amazing Marco, and Marco hypnotizes Pete's mom into thinking *she's* a pirate! Now Pete's mom won't behave. She chases the neighbors. She steals underwear off other people's clotheslines. She's even flying the Jolly Roger over the house. Pete has to find the Amazing Marco. He wants his real mom back!

Deanna says

Two thumbs up for The Fabulous Harold! We love this book.

Samantha Penrose says

ARRRGGH! This was a super cute book!
The description given in the book details above pretty much says it all.....

Tam says

My boys (ages 4 & 8) might have liked this book more if they were into pirates. As a parent, I thought it was interesting that the people who came to the PTA meeting were all dad's and the nurse at the hospital was also a man.

This book was read and tossed aside by my 7 year old a few months ago. I actually agree with it's "Step 3" level assignment. There are a few chapters but no Table of Contents. There are plenty of colorful, fun illustrations and the paragraphs are kept at about a 2 sentence length and one per page so beginner readers won't get lost or overwhelmed. My son thought it was okay and wanted to read it again. I recommend this book for the average 2nd grade reader.

Funny and weird.

Sarah says

The kids liked this book

Andrea says

My kids thought this book was so funny. It has simple sentence structure without sounding too stilted.

Anthony Dedrick Jr. says

Entertaining and funny

My daughter really enjoyed it as a bedtime story. She enjoyed the humor. I liked that it was broken into chapters.

Sherry says

A very amusing tale involving a hypnotist, a boy, and his poor, unsuspecting mom. When mom thinks she's a pirate, all sorts of crazy things can happen, and it's up to her son to make things right - before it's too late!

Great read aloud to ages 4-6, and a good learn-to-read title.

Samantha says

Uh-oh! Pete's mom has turned into a pirate! What will we do?

Terrah says

Another clever book great for Cora practicing her reading and fun for the rest of the family too.

Angie says

My Review: This was such a fun and silly book to read with Munchkin. We both had some laughs watching the mom act like a pirate. Munchkin loved that she used a wooden spoon for a sword. It is a good level 3 book for those readers who have gained a lot of confidence and who have a little bit longer of an attention span. The illustrations in this one also added to the quirky and funny story, it will definitely keep young readers interest.

Nicola Mansfield says

Having never heard of author or illustrator I had no high expectations of this easy reader beginning chapter book. I was therefore pleasantly surprised to find a fun, imaginative story with a message for both the child and the parent. The art is also humorous and of the cartoon show quality. When Pete wishes his mom would play pirates with him he gets way more than he expected after she is hypnotized into believing she is one. Pete comes out realizing he'd better be careful what he wishes for and thankful for the mum he does have, not the one he wishes for. Parents themselves can take note to remember that of course you must play with your children but remember to be their parent, not their friend. If the messages don't hit you, it's still a funny story seeing mom getting into pirate escapades that she is going to have a lot of explaining to do for tomorrow!

Miss Sarah says

An upper level easy reader about a boy who loves pirates but his mom never wants to play at being one so when a magician offers to make her one the boy readily accepts. Is a pirate mom better than a regular mom? Cute.
