A Beautiful Rock Lilliana Anderson

After the video of his public outburst catapulted him to superstardom, Marcus now has everything he ever wanted. Or so he thought. Be careful what you wish for, his mother always told him...

After spending two years touring the globe, he's growing tired, and that endless line of women has become a sea of blurry and meaningless faces. When he returns home and receives a visit from Naomi, his previous object of affection, he finally starts to look at himself and what he's become. He doesn't like it.

Something has to change...

On the surface, Lisa is a pretty simple girl. She goes to work, spends time with her friends, and adores her dog, Perry. She loves the quiet life and isn't interested in the bright lights of Marcus's world. So when he takes an interest in her, she makes it very clear that she doesn't want what he's offering. You see, Lisa has secrets, and being seen with Marcus will be the key to her undoing.

Being a man used to getting what he wants, Marcus won't be taking no for an answer. For the first time, he has met someone who he feels a definite connection with, and he won't be taking no for an answer - even if it means inadvertently ruining everything Lisa has worked so hard to conceal...

Will Marcus and Lisa find a way to deal with her secrets and be together? Or will she push him away, ensuring Marcus is destined to always have his affections unreturned?

A good addition to the series, I was glad to see the follow-up since it was so emotional in the last story. This one had it all and for those of us following the series I am sure we can agree, it was a great read and for those of you out of the loop come on catch up you won't regret the ride.. Thanks Ms Anderson looking forward to reading more

Holy Wow this is an amazing book! As with all of Lilliana's books this one has some steamy romance, but it is full of so much more. This book has some twists that you don't see coming until they happen. Lisa is a spit fire and just the woman to put the gorgeous rock star Marcus on his head wondering what to do next. It has some characters from the past book but this is all Marcus's tale. We'll learn why he did what he did to Theo and Naomi. There are secrets being kept, but you'll have to guess who is keeping them.

The Book Fairy Reviews says

OMG If you haven't read this series you don't know what you are missing! This is a true romance story where heart aches leads to two people finding what they never thought they would have. After having there heart ache open for public scrutiny. Marcus is the ultimate Bad Boy Rock God who has a flock of women around the globe waiting for him to look their way. But after a while he realizes that, is this really what he wants? Loneliness is not what he signed up for and that is exactly what he got. Fame and nothing else. Lisa has been in the spot light for most of her life and after being hurt and then lashing out, the public retaliated and made her hide away changing her name to be anonymous. But when you soul find the other half nothing can or will be as magical as having them combine as one. Beautiful is exactly the perfect name for this series. Lilliana has created a series that just captivates you with every word and chapter. Beautiful honest characters that grab you and hold you attention. They suffer and you suffer right along with them. I don't think there is one book in this series that has not taken hold of my heart and kept begging for more. But Beautiful Rock has made me fall not only for the New Book Boyfriend that Marcus has become. But I fell for Lisa, a strong woman that knows her heart and shows that she can be strong without a man. A woman that despite her problems with the media and her family and ultimately the men in her life can rise above and be independent, even though it pains her to do so. In short she created a woman I can admire who against all odds gets her HEA. A Beautiful love story... They Rocked my world!

******* Received an ARC of this book in exchange for an honest review ***** 4.5 amazingly good stars.**

I love that the title of the series is called Beautiful. Each and every one of these books have a beautiful storyline attached to it. They may not start out so beautiful and pleasant but it sure ends that way. Marcus and Lisa's story started as a good friendship that blossomed into something more.

We met the infamous spoiled brat, Marcus Bailey, in a Beautiful Melody and the way he acted in that book I wasn't sure I wanted to hear his story. However, I was curious to see who was capable of turning his world upside down and inside out. That someone was Lisa Russell. She was the first chick to not throw herself at him, nor did she even want to be in his presence but that didn't stop Marcus from chasing her down. Lisa was a force to be reckoned with and was a perfect match for Marcus. She didn't fall for his stupid lines or tricks to get into the panties. She made him put in work to get her time, and goodies. She was a witty little character and I loved her inner monologue. Being in her head was unlike the others leading ladies in the beautiful series. Lisa had somewhat of a sense of humor, especially when she talked about her ex-boyfriend. I am a huge fan of alternating POVs in a book but in this case, I could have read the entire book in just Lisa's POV.

The reason I took away half a star is because of what happens towards the end of the book. (view spoiler) Regardless, the ending was sweet and I am anxious to read more about Naomi and Theo.

The Beautiful Rock(A Beautiful Series Novel)

Marcus was a sad and lonely Rock Star until he met Lisa that turned his life around they had their fair share of despotism but when it comes to each other they were soul mate. I love love story but this is a classic. I'm glad they got rid of his manager. He was a loser. Thank You for this book. Ruby Miller

A Beautiful Rock is a great read!! It's the fourth book in the Beautiful series. It can be read as a stand alone or in order. I have gathered from the story that Marcus played a part in A Beautiful Melody (Beautiful #3). I have not read any of the other books in the series. I was not lost when reading it.

I loved Marcus and Lisa. I loved how Marcus and Lisa meet, that was one of the best meetings I have read.

When reading we know that Lisa is keeping stuff from her past secret from everyone. Marcus' past is not hidden and easily found by goggling his name. Lisa is hesitant to start anything with Marcus because she doesn't want to be in the limelight. The past finally catches up with them. I won't tell you what happens, you'll have to read it to find out but you won't be disappointed.

It has no cliffhanger. It is a great read.

It was rushed, which was good because Marcus didn't deserve a book and in this book he was the same, he basically stalked her and was forceful and, I absolutely dislike that, Lisa was a wonderful character I wish she could have gotten with a different character like maybe someone from Matari. I hope a beautiful star isn't about Jonathan, I was really hoping for a beautiful reunion coming up but I guess we have to wait on that..

OK so we met Marcus in a beautiful melody.. I loved him but he turned out to be a A\$\$.. I do understand why.. He had his heart broken by 2 of the people he loved most.. So what does he do...? He lashes out and takes off..

2 Yrs later.. Here is Marcu.. Living his dream..(or so he thinks).. He has a interview he is supposed to do.. when he lands his eyes of this beautiful woman who looks totally out of place..

Lisa is a very beautiful young woman who is just trying to live the simple life.. See she has some very dark secrets she is trying to hide. Lisa's BFF and journalist Sanrda is supposed to be the one who interviews Marcus but she does not want to because see she slept with him.. she is embarrassed.. nervous.. what if he remembers her.. or what if he doesnt.. So she talks Lisa into doing it for her..

Lisa shows at the Interview looking for this Marcus guy.. She goes to these guys asking where she can find him.. (little does she know she is talking to him) hehe..

What happens when you are used to getting what you want.. haveing women fall all over you... then the one woman you actually want tells you NO.. Well you will have to read this book.. I sooooo could go on for days and just tell you everything but I wont.. you need to read this.. Marcus totally redeemed himself in this book and I totally fell for him..

Absolutely Beautiful!

****I beta read this for Lilliana Anderson****

I love the Beautiful Series by Lilliana Anderson!! Each of the books have a HEA! Each a story in their own. This is the story of Marcus, Theos brother from A Beautiful Melody where Marcus caused such a major scene at the last concert he performed with Matiari because Naomi chose Theo over him.

Marcus has been on the road now on tour with his new Indie band,for two years. He wished to be famous and well-known...so his wish has come true. The video that went viral of his last concert singing "Weighted" aiming it toward Naomi since she chose her love to Theo over him. Marcus thought he loved Naomi but all in all it was a challenge since he knew Theo loved her. His life was always a challenge to Theo. What Theo did he did it and did it better. What Theo wanted he wanted and he got it! Marcus returns back home after being gone and has an unwanted visit with Naomi. She says things to him to make him think twice about his life and he doesnt like what he sees in himself. He has a different women on his arm in every picutre taken of him and he just has to snap his fingers and he has whatever women he wants for the night.He used to have friends, he used to have family and he thought he was in love, once. All he has now is leeches and a staff that are paid to keep him happy. He doesnt even love himself. Hes sick of seeing his face everywhere he goes and sick of the groupies following him around. Hell hes even sick of his own voice. But all of this is about to change for him and he doesnt even see it coming. Marcus wants normalcy.

Lisa Russell is an independent little spitfire. She is happy with her day to day job and her dog Perry.(named after Perry Mason for his abilities of snooping) She doesn't want to be noticed and has one friend,Sandra, that she still doesn't tell all her secrets too. Sandra asks her to do her favor to interview Marcus for her since she was one of his many one weekend stands. Lisa agrees too so Sandra doesn't have to face him again. As Lisa puts it to Sandra.. "Not taking away from your sexual prowess or anything, but if he's a famous musician it's probably more likely that all of the women he sleeps with are just one big blurry face with a pussy." Lisa does the interview not knowing who Marcus is.

Marcus finds Lisa to be attractive. She doesn't know who he is or anything about him. Or does she? He wants to be Lisa's friend and she doesn't want this. Lisa has a past she's running from and wants to keep anyone and everyone at a distance. Being friend with Marcus could possibly bring back her past. And Marcus is going to be her friend no matter what he has to do. He has found someone he wants to keep in his life. Someone that doesn't want anything from him.

What is Lisa running from? Will Marcus ever be a friend to her? Will Lisa stop running and confide in Marcus? Do they have a chance at love?

I gave this 5 stars. I loved the story and it's so very well written!! Who doesn't love Rockstars? I do. They're hot! And Marcus is Hot!

J.M. Adele says

Rock star, Marcus, is no longer enjoying his success. He's tired of the endless parade of women willing to jump into his bed and all the people wanting to kiss his feet.

He meets Lisa when she interviews him as a favour for her journalist friend, Sandra. Lisa isn't falling at his feet or into his bed. She doesn't even want to be his friend, which makes him want to be her friend even more. Marcus finds where she lives and insinuates himself into her dog's good graces and her life.

Lisa and Marcus start to fall for each other, but Lisa doesn't want to be anywhere near the limelight that being a rock star's girlfriend might attract. Lisa has a past that she wants kept hidden. When that past comes out, an interesting turn of events ensues.

Lilliana is a fabulous writer. Her characters come to life from the page and weave their way into your heart. She does a fantastic job of redeeming a previously obnoxious Marcus. Lisa's character is sassy and independent, yet vulnerable.

I read this book in a few hours it was that awesome. If you haven't read any of the Beautiful Series, you are missing out. Start with A Beautiful Struggle, it's currently free.

Cheers

Loved it

I really loved and enjoyed reading this one, even more than the one before. Couldn't put it down, that's how good it was. Loved the story of Lisa and Marcus, loved their romance. Just to see how she made him a better man and finally made him see what real love is :-)) really such a great read. Fun, hot and emotional. Worth the read.

Lilliana Anderson what you do to me!! I am absolutely blessed to beta read for Lilliana so I had the pleasure of seeing A Beautiful Rock before the rest of the world, and I've got to say Lilliana really did have her work cut out for her.

After finishing A Beautiful Melody I've got to say that I wanted to punch Marcus in his sanctimonious face, he behaved like a spoilt brat, I get it for one he wasn't used to being told no, and two his pride was hurt, but that's not love, no matter which way you want to try and spin it.

Marcus starts off in A Beautiful Rock very much the same way he was in ABM, a man whore, leading a very shallow and empty albeit rich and famous existence. It seems that this life may no longer hold the same appeal it once did. Enter Lisa, determined, strong, leading a very simple life, on the surface atleast, both Marcus and Lisa have secrets, have moments in their past that have had a major impact on their lives today.

For me, Marcus was near unredeemable, but that's the beauty of Lilliana's writing, she has an uncanny ability to rewrite her characters past transgressions, to change your opinion on someone from disgust to awe. Lilliana you never cease to amaze me, you weave your tales in such a way that from the first page to the last line I can't put them down.
