## **The Littlest Witness Jane M. Choate TO PROTECT A CHILD**

When Delta Force soldier Caleb Judd's brother and sister-in-law are murdered, the killers turn their attention on his orphaned nephew. Caleb's new mission: protect little Tommy—who hasn't said a word since witnessing his parents' deaths—and figure out who's targeting his family. He needs help, and security expert Shelley Rabb is perfect for the job. But Caleb's used to calling the shots, not taking orders...even when they come from a beautiful former Secret Service agent. Shelley knows firsthand what can happen when business becomes personal, so she vows not to get too close to Caleb and his nephew. She will risk her life to make sure they're safe, but will that mean risking her heart, too?

## From Reader Review The Littlest Witness for online ebook

### Harlequin Books says

received 4 stars @ RT Book Reviews

---

### Terry says

Short story with little background on characters. Religious ethics and prayers which I liked. Good story plot, but not "deep".

---

### Robin Moha says

i loved it.

---

### Debbie West says

EXCITING FROM FRONT TO BACK

---

### Wanda says

This is a romance/adventure story about a Delta soldier who must protect his nephew after his parents were murdered. He hires a special body guard to help him and together they set out to find the murderers. Of course they fall in love. It is a good light read. Jane keeps the action going and the suspense as well.

---

### Jennifer says

The Littlest Witness was pretty good. There was alot of action at first but halfway through things got quiet for a while but picked up in the end. The ending is good but seems to go on and on.

When Caleb Judd's brother and his wife are killed in front of their 7 year old, Caleb knows that he has to find answers but first he needs help. He calls his Delta buddy who sends his sister/business partner at S&J and former Secret Service agent Shelley Rabb.

Shelley Rabb takes control from the beginning which doesn't sit well with Caleb who's used to being in control but for his nephews sake he gives in for now.

Someone seems to know every move they make no matter what they do and the more they dig the more people end up dead. As Shelley and Caleb start drawing closer to one another and pieces start following into place their attacker gets closer. Will they figure out who has it in for them in time?

---

## **Harlequin Books says**

"Choate's latest is full of palpable emotions and dangerous twists. The characters demonstrate that life is rarely smooth and easy, but is instead full of numerous turns — just like the book" (RT Book Reviews, 4 stars).

---

## **Kav says**

I fell for Caleb fast and hard. Reeling from grief, he can barely keep a step ahead of the assassins pursuing his nephew. This hero is all hard edges, gruff and growly, used to giving orders, making plans. The tug of war between Caleb and Shelley, the protective detail a Delta buddy has set him up with, is really fun to read. There's this charged give and take between the two that crackles with an undercurrent of awareness that kept my romance loving heart doing happy somersaults. But the chase is on and some really great choreographed action scenes had me wincing. An intense, page-turning read.

---

## **Kristin says**

I've never read a book from the Love Inspired line before and I won't be reading one again. This book had too much prayer and religion crap in it, major turnoff from an otherwise semi-mediocre story.
