*Enjoy this fan-favorite by New York Times bestselling author RaeAnne Thayne, originally published as Intimate Surrender in 2010*

After an unbelievable makeover gave her the confidence to strut her stuff at a charity ball, Kate Crosby went from harmless flirt to bedroom vixen. But she wasn't about to let a single night of ohsosultry passion with archenemy Peter Logan become anything more. Of course, she didn't count on seeing their liplock featured in the local paper! Finally able to track the mysterious beauty down to a remote cabin, Peter learns the truth about her identity—and that she is going to have his baby. Unable to stop thinking about Kate since the moment she walked into his life and now snowed in together at her family's cabin, Peter needs to convince her that their onenight stand should become a forlife stand, before the plows reach the isolated mountain hideaway and Kate leaves for good.

#### SNOWBOUND IN SWEETWATER RANCH

Sweet romance, it is basically a Cinderella story. Katie a self-described geek is noticed by the son of her family's arch enemy. She lies about who she is to spend some time with him and then disappears. When they meet again, she is three months pregnant, in the middle of a snowstorm; and he is angry and feeling very deceived. Interesting story, well written.

---

### Kathy says

I liked it, like all her books I've read. The Crosby's and the Logans are rivals and enemies. When Kate Crosby comes out of her ugly-duckling shell for a charity auction, Peter Logan is floored by her. He doesn't recognize her, and she just wants one night as Cinderella so she tells him her middle name, then disappears in the morning. Predictable ending, but getting there was a good story.

---

### Jacqueline says

3-1/2 stars. I liked it. It was entertaining and well written. Well plotted with pretty good motivations and all. I am interested enough that I'm going to look up the stories of the other siblings.

Edited to add that I looked up the other siblings stories and they are all written by different authors. Hmmm, sometimes that works but sometimes the other authors are not people whose work I like. I guess I'll pick and choose.

---

### Susan says

Good book. This is an enemies to lovers/Cinderella story. Katie has always been the quiet, bookish one in the family, and very intelligent. She runs the research and development section of the family company. Thanks to a witch of a mother and a neglectful father, her teen years were pretty miserable, leading her to feel like an ugly duckling. After years of being overweight, she has turned her life around. A friend gave Katie a makeover just in time for a local charity ball, and she had never felt more beautiful. She didn't expect to draw the attention of hot bachelor Peter Logan, her family's archenemy, and her teenage crush. Katie avoids telling him her real name to spend time with him, and the attraction they feel leads to kisses and more. The next

morning Katie sneaks off, not realizing that one of their kisses had been caught by a photographer.

Three months later Katie gets a couple of shocks. First, the photographer has finally identified the people in the photograph. Katie dreads what will happen when her family discovers she's been consorting with the enemy. Second, Katie discovers that she is pregnant with Peter's baby. This is the icing on the cake of disasters in her opinion. Needing time away from the firestorm that is sure to erupt, Katie flees to the family ranch for some peace and quiet to decide what to do. The last thing she expects is to have a very angry Peter show up on her doorstep.

Peter has been looking for the mysterious beauty ever since that night. He is horrified and angry to discover that she is a member of the hated Crosby family. Convinced that she seduced him to steal company secrets, he flies to Sweetwater to confront her. But the woman he finds there is very different than what he expected to find.

Their reunion is passionate, but not in a positive way. Peter is angry and spouts off with a lot of unsubstantiated accusations and slurs against Katie's character. She is stunned and equally angry about being accused of something so unlike her. She wants nothing more than to get him to leave her alone, but the weather doesn't cooperate. A spring blizzard strands them together.

I liked Katie a lot. She is super intelligent, but also a bit socially awkward. Though her makeover had given her a boost of confidence the night of the ball, it doesn't roll over into her everyday life. I ached for her and her belief in her undesirability. Though shocked at her unexpected pregnancy, she is determined to give the baby a better childhood than she had.

I liked Peter, too, once I got past his ranting and raving. As his past and insecurities are revealed, I understood his anger over what he believed had happened. In spite of knowing that he is loved by the parents who adopted him, he still feels that he has to earn his place. His fears over his family's reaction cause him to lash out at Katie.

I enjoyed the development of their relationship. Forced into close proximity by the blizzard, Katie and Peter have to call a truce to their battles. With the questions of motivation put on the back burner, Peter quickly realizes that the Katie he thought he knew is far different than the one who is with him now. I loved seeing him get to know the real Katie and discover that he likes her. I loved that he saw her for the beautiful and talented woman that she was. Over the next few days, as they work together, a deeper bond is formed. There are some fun and sweet scenes of them together, and also some places where their fears and tempers get the better of them.

As Peter and Katie discover that their feelings for each other have begun to grow and change they will have to find a way to overcome their fears before they can make a life together. A crisis with Katie's pregnancy shows just how much Peter has come to care for her and he starts to push for a future together. An unexpected appearance by Katie's mom shows Katie the truth of his feelings and enables her to believe in her own desirability. I loved how Peter called out her mom on her attitude toward Katie and the impact his words had on Katie. I liked the epilogue and how it showed the changes to the relationships between the families.

## Harlequin Books says

Miniseries: Logan's Legacy

---

## Delacey says

I liked this story and was engrossed through the whole story. I liked how the characters were so well developed. The plot was pretty good as well. Note that this story has an edition with a different name. I was interested in what the other books bring the Logan's Legacy story bring to the table, but there seems to be a lot of very similar plot lines just written by other authors, with each book providing a piece of information in regards to issues with Children's Connection. Overall, a good book.

## Carol Nemecek says

### Wonderful story

A short romance, or was it a long one..the families are feuding but their love and the baby are growing. A good read.

---

## Mum says

Snowbound in Wyoming, an interesting spin on Romeo and Juliet. It was an enjoyable light read. It's far better than anything else I've read in this series of Logan's Legacy, using different authors for each tale.

---

## Diana says

### Crosby versus Logan

Katie has always considered herself the ugly duckling of the Crosby family so when Peter Logan asked her to dance at the charity ball she couldn't believe it. One thing lead to another and she ended up in bed with him. Logan's have always been sworn enemies of the Crosby's. When Peter and Katie end up stuck in a blizzard at Sweetwater Ranch everything turns out for the better. A lovely romance story by a good author of romance. Try it you may like it.

---

### **Tracy Sylvester says**

Peter Logan is the head of a rival company, to Katie Crosby's company. Katie had been in love with Peter since she was younger when he came to her rescue at a dance. So when she came across him at a benefit gala for children, they hit it off again. However, that one night changed both of their lives. Beautifully written romance with great characters.

### **Jean says**

#### **Delightful!**

The story of Peter and Kate is very heartwarming. The way the couple initially started out years before was a sweet story of a caring young man. I enjoyed the story of how they were able to find each other and their happily ever after.

---

### **Mrs. Garen L. Herd says**

#### **Good read**

The heroine was, in her eyes, an ugly duckling. And then she loses weight and has a makeover. And one night at a charity event, he's there. He's intrigued and very interested. Then she's gone and three months later, she has a major surprise. He finds her. Highly recommend
