Good read

I thought this was a good series. (Spoiler alert!) Although the final conflict seemed to end abruptly, I felt that it was more realistic than the way most books like these end. The emperor overplayed his hand and it cost him dearly. I look forward to seeing if Mr. Culberson takes this series any further and what direction he goes if he chooses to.

M.L. says

Sadly, this book is not as good as the previous installments. The author hadn't seem to come to an ending that is satisfying.

Good third book

I loved the conclusion to this story. It was nice to get a little info about what happened after everything concluded. I was surprised about the Kotkel and would love to have more information about them.

Chris Townsend says

Excellent

A really good read if you need a bit of pure escapism or even if you don't. Please write some more.

Volpot says

3 stars. OK, but the entire plot and story were obvious and the resolution somewhat anticlimactic

Raja Velloo says

The story lost its momentum. I didnt enjoy it at all.
