### James Mooney says

#### Again

Story good. Calling a chapter a book is not pleasant. Author is good, publisher is not so good. Can you imagine all the as to y little bound books on a shelf

### Julia Handley says

Oohhhhhh things are heating up in this one. Sage and Maelíosa woohooo are mated and wow does the chemistry flare with these two. What started off at helping Sage and Carina has turned into a hell of a hotness more. And Sage? Didn't expect to feel so much for Maelíosa and wondering why she agreed to do it. But these two are so meant to be and both he and Carina are where they are meant to be.

All happy? Every enjoying life? Yes. Well until Nathan decides he isn't finished with then and takes his hate one step further.

Omg can this get addictive. I absolutely love how cute and hot Sage and Maelíosa are. But then Nathan goes and ruins the happiness Ahhhh horrid little man. Well the next book should be interesting and I can't wait to see if Nathan gets what's coming to him in the next one. And those stupid Only Human people.

I voluntarily reviewed an Advanced Reader Copy of this book.

#### True Colours

The action and betrayals in this episode had me shaking my head and asking why alot, the cliffhanger at the end left me eager to get to the next episode just to find out what is going to happen to these characters next

"I was gifted this eBook by the author and this is my honest review"

#### Ride:Only Human

Wow,now the story is getting down to the nitty gritty cause Cyn was taken.Fallon is beside himself.I can't wait to read the next part to see what happens.All is not well in the realm but it will be.

## **Susan says**

SAGE AND MAELIOSA PLUS CYN GETS AN OPPORTUNITY. 3.5 stars. Please note that each of the episodes are short quick reads. Definitely for 18+ due to sexual situations. Very hot and steamy. Not be read as a standalone as it ends in a cliffhanger. Read each individual episode in order.

The characters and setting are well described in the blurb for the episode and I'm not going to recap all of that in my review. Please read the blurb for more info on Sage and Maeliosa and the Isle of Inis Mor. Does Sage find a mate?

Nathan appeared in both Season One and Two. Because he was upset with both Felicity and Cyn "leaving him" when they found shifter mates, he wrote a tell all book exposing the puca to the rest of the world. Not everyone was happy to learn that shifters were out there. What happens when they threaten the clan?

In this book of The Puca Mate series Maeliosa and the Navy Seal Sage and his daughter have come to the realm to live because he and Meliosa have decided to marry he has cancer and she is sure that the doctor will help him when they get there they get married and right after the celebration Cyn and Fallon have special news and she goes back to London to meet her agent she gets a call from Nathan who claims that he sorry for what he has done by exposing to Puca to the world and and wants to meet her at their favorite restaurant she agrees and before she gets there she is kidnapped and they call Fallon and he is to come alone if he wants to see his wife again. This is a suspense romance. I received a copy of this book for an honest review I have provided.

## **Norma Mills says**

This book was great! I would have given it five stars, but I felt it was a bit too rushed and the characters were not completely fleshed out (no pun intended). The action and the drama are more in this book and I love the idea of suspenseful action and betrayal. All of these are good for a book. I love the turn around, but I feel Maeliosa converted from anti-marriage to jump into marriage a bit too fast and that needed a bit more time to see the two characters get to know each other.

There is a lot of "Whoa!" and "AWE!" and "DAMN".. Which I like. It just moves really fast and if you like a detailed plot, this may not be the best book for you.

## **Donna Hokanson says**

The Good, Bad and Ugly

Maeliosa considers helping Sage out by mating him, speeding him through the process that otherwise could take over a year. But Sage doesn't have a year before the cancer will kill him.

Cyn goes to London for a meeting with her agent. After her meeting, she is supposed to meet with Nathan so he can apologize to her. But that's not what ends up happening.

Nathan has joined up with OH (Only Human), and they have their own agenda that doesn't care what Nathan

wants.  
Action and adventure in this well written segment.

### **Anna says**

I thought this episode would be more centered around Sage and Maeliosa however it seems by now the entire clan is involved in the series. This doesn't mean Sage and Maeliosa aren't more the focus than the other and I think this season the both of them will come out heroes.

### **Patti says**

While things are looking better for Sage, Cyn runs into trouble. This episode truly keeps you in suspense! After a short reprieve, this write wasted no time keeping your heart racing! Get ready for feeling quite angry towards Cyn's attacker! Of course another cliffhanger but this storyline will keep you faithful. This voluntary review is based against an advance copy.

### **Kim says**

Maeliosa makes her leap of faith for Sage. It was good to see Maeliosa happy and not cynical anymore. She really had made a turn around. Sage is so much more for her. He has a lot to be revealed. I loved him as a match for Maeliosa. They are quick to establish their bond. At the same time Cyn finds out the danger she is in from Nathan and his new friends. The suspense and danger is heightened as we have to wait with Fallon and feel his anger and fear. Cyn is strong but she's only human. The emotions were quite worked up in this story.

### **Melanie says**

I enjoyed reading this book, it has a great storyline. Can't wait for more from this author. I received a FREE ARC copy to read voluntarily.

### **Laura Furuta says**

The story of the puca shape shifter clan continues I really love the characters and the storyline. The shifters

---

just want to live their lives and there are forces that want to take their happiness away. Family is a large part of this series and they all would do anything for each other. This story just show the wonderful writing and imagination that goes into this series. I received a copy of this book and I voluntarily reviewed it.

## **Cherri-Anne says**

It was nice to feel desired, 5 GOLD MATES

especially by Sage. He was a real ride, all right. her mare was pawing to the surface, eager for him to ride her in the most undignified way possible. HOLY SHITE! "Only Human" indeed! More like "Only Human Brainless Eejits"!! What a PUCALICIOUSLY frustrating, nail-biting non-ending!! But how about the MATERRIFIC part with Maelíosa & Sage! If only they had more thyme! And rosemary! Okay, okay, lame joke, but trust me! There is nothing – ABSO- BLOODY-LUTELY NOTHING - lame about this story! In fact, I found myself grinning ear to ear with Maelíosa, as if I was the one who just had her mating ceremony & just shagged her mate, consummating it & MARE-ING their hearts & lives together forever & ever! I actually even cried I was so happy! Who'd a thunk I would be THAT into Maelíosa & her story!?! But Sage is such an amazing guy I couldn't have asked for anyone more perfect! Ummmmm... I mean Sage is the perfect guy for Maeliososa! Although with A.C.'s PHENOMENEIGH talent, it is hard to separate myself from it all, to tell where I leave off and the characters begin and vice versa! The well-developed characters, lush storylines, rich details, all interweave seamlessly together, adding even more depth to the story, drawing you in, ensuring you see, feel, experience, LIVE the story to its fullest from the beginning all the way through to the Happily Ever After Furry Tail conclusion! And for the record, even though I am not a fan of these serials - okay, I detest them! A.C. James knows exactly what to do to not only ensure the story is worth the wait, but that I will love every single second of it! Pardon me, but I need to finish filling out my application and get it back to The Stables ASAP!
