Mordecai

Michael G. Manning

Mordecai Michael G. Manning

Years have passed since the last of the Dark Gods was defeated, and Lothion has entered an age of peace and prosperity. Mordecai's oldest children have already begun to make a place for themselves, and his youngest are on the cusp of adulthood. By every outward measure, his life has been a success; he has earned his reward. However, Tyrion, the first wizard and brutal liberator of mankind, has returned with an agenda of his own, and dark things continue to stir at the edges of civilization, threatening to undo Mordecai's accomplishments.

He must meet the expectations of his queen, his family, and his people, all while finding a way to protect them from the ancient enemy of the She'Har, but his greatest challenge may be dealing with the lingering darkness that is growing within his own heart.

David says

One of the best books of the series surrounding the Illenial's. Mordecai is a seriously broken man, with unworldly powers, balancing and managing (albeit barely) to keep everything around him in motion and in check throughout the prior books. In this book, he loses his balance as well as other things and people around him. The book manages to keep you off your feet for the 2nd half, and surprises in many ways. I have to admit the ending through me off guard, and managed to get my emotions into play, which can be a good thing, or a loathsome thing while enjoying a book that so mesmerized me for 4 straight hours. I loved it and am anxiously awaiting the next book in the series. Thank you Mr. Manning.

Joseph Vanucchi says

Hard to put down

If you've followed this author's numerous great books, A LOT has happened. I've enjoyed it all. One of the most underrated authors I think. Also, with some authors u expect brutality, or the opposite- like someone is about to have something horrendous happen to them, but you just KNOW someone will arrive to save the day, or the other way around. Michael g Manning is one of the few where you really don't know which way things are going to go. Here's to the sociopathic authors of the world! lol

Lori Salsbury says

As usual with his work, this book was spectacular. His ability to make us laugh and want to hunt him down and punish him for his story lines at the same time is an art. I'm not sure where he got it from, but I hope he never loses it.

This book, while set 'currently' in his timeline entails bits and pieces of every previous series before it. The characters are all there, the goal is full on in place, and the cleverness of the Illeniel family unfolds tri-fold. However, the heartbreak that Embers of Illeniel was completely composed of spilled over a bit too much into this book. It took a bit to get over some. But typical of his stories, I have reason to keep hoping. And I better not be let down.

Prentis C Brooks says

Thank you, Michael

I have not been moved as much by a work of fiction o n in quite some time. I am looking forward to seeing where your story takes us.

Thank you for a few hours of living in another world.

Prentis

Cheryl A. Strahm says

Amazing as always

Manning continues to impress, providing a narrative that's thoughtful, engaging, and always heartfelt. No author I've found has displayed the ability to breathe pure life into their characters like Manning. I blitzed through the whole book in under a day.

Kristine says

4.5 stars

Michael G. Manning is truly a great fantasy writer. This series has been so amazing. I was thinking about how he manages to create such feeling for his characters. All the way back to the beginning with Tyrion - I remember at the time feeling for him, both feeling sorry for him and feeling appalled by him, and now we see such a different persona. Somehow he is able to create such intense feelings in the exact opposite direction...I feel no sympathy for him in the slightest, in fact the feelings I have for him are quite awful. Mordecai, on the other hand, is an amazing character. Sometimes his behavior makes you want to pull your hair out, but then you just end up feeling sorry for him every time he screws up....which happens quite a bit. What a truly amazing story....I just wish things would work out for Mordecai...just once....

Miles says

4.25? shot got real.

Carole Zarayko says

Michael Manning at his best .

As an avid reader of all of Michael's books, he never disappoints. His writings cover intrigue, conflict, suspense, surprise, anger, humor love, and the list goes on and on. His imagination goes even beyond Hubble's reach. From his first book, a reader will be reaching for the next and next, trust me I am guilty as I now await his next. Monies and time spent to follow Michael and Saga of Mordecia will be well worth it.

MR J JACKSON says

Another Great series

Once again Michael has made another start to a great series and can't wait to see where it takes us.

Edward Shumpert jr. says

Brutal but amazing like always

I won't give away the ending but like all of his books once it grabs hold of you it doesn't let go until you're wrung out emotionally spent at the end.

Tamara Tipton says

A new saga with an old friend.

For those of us who have been following the story of the Illeniel family, this book is like a warm welcome home after a long and fascinating trip to strange lands. We are back to our roots, back with the people we love, home again. And it is all you expect it to be, filled with all the characters you have come to love and that particular brand of humor that is distinctly Mort. But soon enough we are forced to remember one important thing, life around Mordecai is rarely peaceful.

By the end of this story you will be in tears. You will be angry and heart sick. And if you are anything at all like me, you will be impatient for the next book in this series to find out how things will be put right. If that is even possible.

Benjamin Cross says

Excellent. His best yet

After a slight downturn with his last book or two, Michael return to his roots and writes an amazing tale. Warning, this is another emotion grabber and will capture your heart and suck you in. Excellent work, and a bright future for this new series.

Simon Blunsdon says

Manning's Done it Again.

Yet another page turner, lost sleep on this one. Needed to finish it, to know what happens next. Turns, twists, major battles and surprises, not all of the good :(.
Brilliant story telling, magical at best.
Thank you Mr Manning.

Kevin Cyr says

Fantastic!

Manning has done it again. Fantastic story, beautiful character development, love and heartbreak... What more can you ask for? If you are new to Mr. Manning's books, start with *The Blacksmith's Son*. This one is book one of a continuation series so a lot of backstory would be missed if this is his first book you read.

Harley Wilson says

Another great book

It's good to get back to Mort and see things from his perspective. Can't wait to see what happens next
