## **An Accidental Affair** Holly Blackstone

Two souls meet at a dark railroad crossing... there's no hint this night will be the beginning - and end - of everything.

Lily doesn't exist any more - old Lily, anyway. That night made her different, rewrote her life, tore up everything she thought she knew and understood.

How do you go back to normal after you've met someone who has turned your life upside down? When you fear the passionate connexion but don't want to live for anything else? When those few moments were the most intense and intimate of your life and it was the barest taste of what you could have together?

How do you find the strength to not run away from something that has the power to shatter your heart?

Note: This book contains explicit sexual content, graphic language and situations that some readers may find objectionable (including spanking and bondage). Content intended for adults only. Length: 75,000 + words

This book lays the foundation for the story that unfolds in the remaining four books. It has sweet interludes, moments of intense seduction, and some suspense and intrigue. It is meant to introduce you to the world and characters, with the tale picking up in subsequent installments. Thank you! - Holly

This is the first of five books; the series is complete.

"An Accidental Affair"

"Step Across the Rubicon"

"The Air I Breathe"

"Banish the Darkness"

"Step In To the Light"

## From Reader Review An Accidental Affair for online ebook

### Sandy says

What a delicious read! Very hot, and Loved Liliana & Stuart. Booking forward to reading the next in the series!

---

### Laura says

I read the Series more than 2 months ago and I just can say that I never thought after so many different books I read ,there is anything really surprising left in this genre.

But then, there was a man who just came around to destroy these prejudices, called Stuart about whom I was really exited to meet.

At first(I know other readers alo mentioned it before), it was a little bit more difficult to get into the story but during the course of action it was even better to read a book written like this one(which doesn't mean that it was kind of exotic-it was just a little bit different).

Something a friend told me about Lily is that she really likes the strong and different way how she tries to resist . After reading, I need to underline her statement with a big red ! .

I could mention lots of more different aspects, but I am sure the people who have read this books(and in addition still like them)know what I'm talking about. And I am also sure that al lot of people who haven't read them yet will find it out when they are (hopefully) going to read it.

---

### Ella Rose Brunton says

I really enjoyed this book. I loved how Lily played the part of the hero. I also enjoyed the build up in the story, the author got it just right.

---

### BooksandBeyondFiftyShades says

Liliana Batchelor is a smart, independent woman. She's admiring a really expensive car when the unimagable happens. She pushes all of her fears aside and saves a man's life. She is suddenly in the spotlight and doesn't like one bit of the attention. The man summons her to his hospital bed to meet her and properly thank her but he loves what he sees. He pursues her but she remains closed off to him. He lays out his intentions but she is fearful. Liliana goes to Scotland for a conference and a vacation. She comes to find out that he is there too and things progress from there.

Liliana and Stuart have an explosive relationship. She is strong and independent. He is the president of a huge corporation and extremely wealthy. He is also a major alpha male and wants complete control and a submissive woman. Liliana fights that. Their relationship grows and their need for each grows as well. They spend a lot of time together and learn about each other, the good and the bad.

This book sucks you in from page one. It is a sweet yet a very hot read. Liliana and Stuart have an

unmeasurable amount of lust for each other. They want so much from each other but neither one is willing to give it. These characters are intense and the author makes sure you are completely enthralled in the story. A great read. I would recommend this book!

### **Cristy Kropa says**

#### **Amazing book!!!**

I could not put this book down!!! Very excited to see what happens next!

A must read if you loved 50 shades of grey.

---

### **Kerry Richardson says**

This is my second time of reading this first book in the Liliana Batchelor series. Now that the fifth and final has been released I decided to start from the beginning to refresh my memory. I love the characters of Lily and Stuart, you can feel the attraction between them coming off the pages, especially Stuart, he's very alpha and very intense. I am looking forward to reading the other 3 books again before finally getting to read the finale!

---

### **Michelle Jeston says**

Love this series have been following holly from the start her books are amazing if you want a brilliant read just download her books now you won't regret it

---

### **Amy Walker says**

#### **A Pleasant surprise**

I wasn't quite sure what to expect from this book as I read the synopsis. But it turned out to be an excellent story. It is a Cinderella story with passion and true emotion. Don't let the mention of bondage and dominance steer you away. It isn't about that and it is how Lily learns to trust and Stuart gains trust. I was a bit worried because I have never read a book with this warning. But there is no need for the warning. The story has a leading man who wants to give everything to a woman he loves. And a woman who is afraid to open up and be loved.

---

### **Julia says**

Oh dear, he was so alpha male it was ridiculous and in the end the sex scenes became boring as it was pretty much the same thing over and over again. And why was she such a simpering miss?

---

### **Vonnie67 says**

It took forever to find a book last night on my kindle. To find that perfect Alpha male character. Stuart is the one. I love how the characters meet and it is a slow and gradual coming together! I am so glad I stumbled on this gem and can't wait to read the rest of the series!

---

### **? Jeri's Book Attic ? I like says**

### **tabby says**

**Loved this book liliana and Stuart are made for each other best book i have read in along time i loved how romantic stuart was and how u showed the chemistry they had. I cant wait to read more of hollys books hope they are just as great**

I loved the chemistry between Liliana and Stuart can't wait to read the next installment absolutely romantic and breathtaking amazing

---

### **Chan says**

I finished this book feeling

The beginning was

Holly Blackstone did a great job with the introduction. She knows how to grab her reader's attention.

But that other stuff

This became a total smut fest. There's nothing here, but written porn. It became overwhelming.

It was sex scene after sex scene. I have no idea what the story was about...other than sex. I couldn't engage or connect with the characters. I was bored, even the sex scenes became boring

Guess what...this is a 5 part series. I'm going to dropkick my OCD if it even attempts to continue with this

series

---

### **100sweet says**

The H was so amazingly possessive, jealous, and protective. The H and h were great together. My only gripe was that the description of the H's beard (van dyke) was really unattractive. I had a hard time focusing on his hotness during the sex scenes with that hideous beard in my mind. Plus, the descriptions of the food was gross. I don't remember which country they were in. Anyway, this was a hot story with an alpha male H who is determined to have the h.

---

### **Denisha Applewhaite says**

#### **Amaaazinngggly hotttt**

Loved it from beginning to end. Sweet enough that you wanted label the book as raunchy but the scenes were HOT! Whew. Sorry it wasn't 1 novel but will definitely be searching for the other titles to purchase

---

### **Liz Lawson says**

Oh I so loved this book Stuart is so intense and the seduction in the book is electric. The slow intense seduction made my skin crawl in anticipation. In fact, I was exhausted by the time the deed was done. Things are all peachy at the moment but will the relationship between Liiana and Stuart stand the test of time?

---

### **Megan Leprich says**

I received a copy of this book from the author in exchange for my honest opinion.

First off I want to say thank you for the card. It added a nice personal touch that you don't see nowadays :).

As for the book, I LOVED it. This was a great fast read that I pretty much plowed through. It was like an adult romantic fairy tale. I mean c'mon, who wouldn't want a love story like this? I loved the characters personalities and how Lily was the shy reserved one and Stuart was the domineering confident guy. This book was definitely not like other romances I've read as in it wasn't boring and cliché the way they meant. I loved how they met because she saved his life and had no idea who he was.

Great great book that I will dor sure pass onto my girlfriends. I know they'll love it as much as I did. Thank you for the opportunity to read your book and I can't wait to read more!

---

### **Salima says**

After so many people seem to love this short read, it's a shame that I didn't. Unfortunately, I barely remember anything about the story as the plot is very simple and revolves around the romance between Liliana and Stuart, who must have incredibly high sex drives. I didn't think that the two of them had any chemistry, and I

found myself skimming throughout the second half of the story as the content was focused more on their relationship, as opposed to any internal or external conflict. The scenes were repetitive, and after finishing the story I can barely remember anything that actually happened.

I'm glad so many other readers liked it, but unfortunately this one wasn't for me.

---

## **Linda Cooper-Smith says**

### **Trash**

I'm no prude but this is absolute smut. It's beginning was exciting and I enjoyed it for a short time, but when it moved into bondage and went downhill from there....

If you enjoy that I'm not judging you. I need an actual plot to read a book. So you be the judge of what you want in a book.

---

## **??Charlotte?? says**

4.5 sensual Stars!

I loved this one too!

A freak life and death event bring  
these two together,  
Do you believe in fate! I do...

Lilliana & Stuart

An instant connection, a chance intervention, a love affair, developed, and nurtured...captivating you,  
drawing you in, it almost feels like your traveling  
with them...

Lilliana's sensual awakening with Stuart while she is on holiday and traveling the Scottish countryside, toe  
curling sex scenes, heat inducing, panty melting!

Romance, intrigue, erotic and oh so hot Sex scenes...

Yup...ticked all my box's! ;)

I will continue with this series..

M/F
