Spirit's Release Téa Trelawny

An Ellora's Cave *Naughty Nooner* story.

Sex generates enough energy for ghosts to manifest. That's Dera's theory, and the sultry ghost hunter wants to test it with her sexy ex-boss.

Alec repressed his hunger for Dera when she worked for him, but three years later she wants to use his body for paranormal research...and use it hard. If raw sex can save his new business from the ghost that threatens it, it's all in the name of science, right? The fact that his partner will be delicious Dera only makes the experiment more enticing. But will the ghost cooperate...or get in the way?

Funny in an unintentional way.

Nook, Kindle Edition.

Warning: This is an erotic novel. Blah. I am not a fan of boss and employee sex stories. I think that is what turned me off. You know it's a quick, paranormal, escape read. I didn't care for it but that's not to say you won't.

i really loved this i really did

Karagan says

I was more captivated by the ghost itself than the sex in this book. I'm not sure but that might not be such a good thing for an erotic story.

Linda says

HOT, short read! Just about 21 pages.

Caro says

A sweet, short, fun, simmering freebie. I liked the characters and the playfulness feel of the story. I wouldn't mind reading this one again. It's got emotions, some steaminess, some 'visitors', and a good HEA. A great book to read for relaxing, cuddling up, or just for fun. Pretty good find and worth the time to read (which isn't very long). Enjoy
