## **Kiss Me, Creep** Marian Woodruff

Can a boy like Richie creep into Joy's heart...

Every girl at Cabrillo High has a crush on Richie Brennan-- every girl, that is, except Joy Wilder. Joy can't stand Richie's smug, conceited attitude or his stupid jokes, most of which are aimed directly at her.

The worst jokes are the romantic ones; Richie always kids Joy about being madly in love with her. But one day she discovers that he's more serious than she thought. Is Richie really a creep-- or is he someone Joy can love?

## From Reader Review Kiss Me, Creep for online ebook

### Ays says

One of the more memorable books in the series!

---

### Laura Guevermont says

One of my favorite books as a kid.

---

### Miss Ruark says

This was my favorite book in the late 80's. It's story was nothing special.....two people who always gave each other a hard time secretly liked the other, but oh how I loved it!

I lost this book years ago and found it again through a discontinued book seller. I was so pleased. This book will always hold a special place in my heart!

---

### Reading with Cats says

Joy was TSTL. And a bit of a bitch. Did not like.

---

### Bianca Mori says

Someone posted this on my other GR account and I had a sudden memory jog. Everyone has their favorite Sweet Dreams book; this was mine. There was a copy Home Economics classroom and I remember always sneaking off to read this when I was done cross-stitching or cooking or whatever our lesson was for double period that day. But while I remember loving this book, I don't remember the story anymore! Halp! Can anyone help me track this book down?

---

### Sarai says

From back cover:

Every girl at Cabrillo High has a crush on Richie Brennan - every girl, that is, except Joy Wilder. Joy can't stand Richie's smug, conceited attitude or his stupid jokes, most of which are aimed directly at her. The worst jokes are the romantic ones; Richie always kids Joy about being madly in love with her. But one day she discovers that he's more serious than she thought. Is Richie really a creep - or is he someone Joy can love?

This is one of the books I have kept for many years in my collection. I liked the humor in it, and the realistic

way in which Joy found Richie annoying. :)

---

### **Marts (Thinker) says**

Read most of this series whilst in secondary school... enjoyed it back then...

---

### **Andrea says**

As much as I loved the "Sweet Dreams" romance series, I don't remember liking this one as much as some of the others. As with the other "Sweet Dreams" series that I have reviewed, I can't go into much detail as I haven't read these in almost 30 years. But this book centered around a girl and a boy who don't really get along and somewhere along the way fall in love. All of the books in this series are really good and I would recommend any of them.

---

### **Elizabeth says**

Of course I did read this back when I was in Junior High, so I don't know if I would like it quite as much anymore. I remember thinking it was really funny in parts.

---

### **Bethany says**

Liked this as a kid - it did not stand the test of time for me. I just reread it on a bus and I appear to have outgrown its ability to entertain me.

---

### **Kevin says**

My wife received this book as a white elephant gift at an holiday office gift swap. I ended up getting my own copy because it is a guilty pleasure and a fun read. I guess the high drama and silly dialogue helped prepare me for Twilight.

I have to add that I love the fact that the compiled stock photos on the cover look nothing like the kids described in the book. Brill.

---

### **Velvet says**

Rating based on my preteen memories of this book.

---

## **Glenda says**

Sweet Dreams

---

## **J.J says**

Read this about 10 years ago when i was in middle school.... its definitely one of the most memorable books iv read!

---

## **Jam says**

AWWWW! I read this when I was probably in the 6th grade??? And awwwww! Is this the story where they get stuck in an island somewhere??? This is where chick flicks are made from, and from all those years ago since i last read this, it still makes me gush! Love it!
