Priest, Volume 4

Min-Woo Hyung

Priest, Volume 4 Min-Woo Hyung

Before Ivan Isaacs became the undead pilgrim who battles Temozarela's forces, he was just a mortal man, with all of humanities failings. Orphaned at an early age, Ivan was adopted by Jacob Isaacs, a wealthy frontiersman who wanted his only daughter, Jenna, to have a companion.

Ash says

The book talks about Ivan's history and the beginning of the bad events. Enjoyable ride.

Robert Beveridge says

Min-woo Hyung, **Priest, vol. 4: Harbinger's Song** (Tokyopop, 2003)

At the end of vol. 3, a contemporary researcher found the diary of Ivan Isaacs, and here we have the first part of it. We learn about Ivan's home life as a child and the beginnings of his time in the priesthood, as well as his researches into the crusader who would eventually become his arch-nemesis, Temozarela. It's all backstory, but it's good backstory; not much action but a lot of solid character development in this storyline.

*** 1/2

sucker4synth says

I'm in love with this series. This extended flashback has made me forget whatever is happening in the initial story. I'm okay with that. Excellent art and engaging story.

Nicolo Yu says

I once had high hopes for this book but the superior manga offerings of rival Viz displaced this from my reading list.

This was a title that was ready to take off. It was a Western, a vampire story and it had a movie starring Paul Bettany coming to theatres. I wonder where it all fell apart for me.

Reviewing my reads from years past, I felt that I've outgrown this title. Thus, it is among the first to join my first ever Culling, in the hopes to free up valuable shelf space for more important and worthwhile books.

Leila Anani says

This is a real flashback volume. We learn how Ivan is adopted by Mr. Isaacs as a companion for his motherless daughter. When the pair fall in love Ivan is sent to the priesthood for even thinking about his 'sister' in that way. 9 years later he returns, but instead of finally marrying the girl he loves he is drafted into a secret organization of the church, investigating a mysterious coffin...

This is a real plot instalment. Disappointingly doesn't have the freaky weird horror of standard of artwork of the previous volume but I was hooked all the same. We learn about Priest's background and suspect that he is actually responsible for the vampire threat. Also begin to see the origin of Temozarela which will continue

next volume. Love the flashes to the Crusades and the copies of medieval illustrations like Dante's circles of hell - this is definitely turning into an epic series.

Aisha Mahmoud says

I cannot wait to get my hands on volume 5! This is a better volume - things are being made more clear. Explanations are being made. But I want to know more and I can only know more if I read the next volume.

Adelaide Metzger says

Really good, but the mystery has just begun...
