Cowboy Seduction Lynn Hagen

[Siren Publishing: The Lynn Hagen ManLove Collection: Erotic Alternative Paranormal Cowboy Romance, M/M, shape-shifters, HEA]

Taylor fled Nebraska with his best friend, running from a monster that trapped Taylor into a life he wouldn't wish on his worst enemy. After settling down in Bear County, Taylor meets a man who is charming, his sense of humor something Taylor has never experienced before. When Sam invites Taylor over to watch a movie, Taylor isn't sure he's ready to get back into the dating pool.

Sam spots a sexy little goth angel in the grocery store. He's taken with Taylor at once. The more time they spend together, the more Sam knows that Taylor is his mate. But winning Taylor's heart isn't easy. Not when the man has been obviously hurt.

When Sam has to go off on an assignment, Taylor goes missing. Can he help save Taylor from his worst nightmare? Can Sam help Taylor heal his wounded soul and bring the man back into the light, or has Taylor's experiences broken the man beyond repair?

Janie says

Another sweet read. I like that Sam took care of and fell for Taylor.

Ericka Walden says

3.5***

cause it's Bear shifters. .. and Sam... and, well. ... yeah.

~RMG says

2.5 stars - Story was decent even despite the coincidences in the plot, but what made it stand out most was the fact that actual contraceptives were used in order to prevent pregnancy. Gasp! Finally, after what seems like a gazillion of these books, birth control is finally introduced as a viable solution to pregnancy post mating. Good Lord...lol.

Hc says

This could end up being one of the better ones of the series for the simple fact that just because you CAN have kids it doesn't HAVE to be.. at least right away. I think their relationship will be stronger because they are not relying on pregnancy to guarantee they are in fact mates. They FEEL it.

CrazyMoo says

3.5

Thank you to the author for this book.

Ula'ndi Hart says

This was by far my fave in this series.

Susan says

3.5 stars

The best one of this series. And finally, no pregnant men!

What bugged me most about this series is not the fact that men can get pregnant, but that every couple NEEDS to get pregnant in every book. What about taking it slow? Why not wait 'til you at least get to know each other better.

This book was way way better than the rest. Because the whole pregnancy thing was left out, we finally got some more time for character development. Not a lot, but still, more than in the other books.

Taylor used to be in a bad BDSM relationship with a bear shifter. When he meets Sam he is drawn to him, but also very hesitant to love again.

These two have to overcome some issues, like when Taylor finds out Sam is a bear shifter. But because these books are happy sappy, everything is resolved rather quickly. These books take the meaning low angst to a whole different level.

I don't think you can read this as a stand-alone. I would at least read the first in the series.

Laura says

2.5 stars.

Victoria love books says

4.4 Goth Angel stars

You know how this is NOT the best series I have ever read, but what is so nice and what gets you to read the next, and the next, and the next is it gets better and better after each book. Two books back I thought I have found my best so far but hells bells this one was just as good - oh hell I don't know anymore!!!! There's something in each book you wants to hold dear but I IT JUST TO SHORT.

Taylor:

Sam:

V says

Not my favorite series form this author, but this is my guilty pleasure.

Christy says

Another good addition to the series. Sam is such a gentle giant, and Taylor made my heart hurt with all he's suffered. I would've loved to see a pregnancy, but I think it's cool that they're waiting until they've been together for awhile, and feel stronger, as individuals, and as a couple.
A fun, brain candy, series!

Candice says

Sam and Taylor. Liked them well enough. I think something was missing though from them, but I am not exactly sure what. I think I thought that Taylor was just with Sam because of convenience? He was the first guy to capture his attention in a long time so he gave it a go? I don't know, I think my problem was with Taylor.

Simone says

3.75 stars

Jenni Lea says

After the last book I was seriously doubting my love for Ms. Hagen's books and considering quitting this series.

I'm glad I didn't. If I had I would've missed this little gem. The best book of the series by far.
